Rental Assistance Demonstration (RAD): What Residents & Advocates Need to Know Now

NLIHC Public Housing Resident Webinar
September 18, 2012
今天我们将会进行以下主题的讨论和介绍：
- 为什么进行租赁援助示范计划（RAD）？
- 居民在开发RAD中的作用
- RAD的主要特性
- 居民对RAD的考虑

今天的演讲者包括：
- Patrick Costigan，美国住房和城市发展部（HUD）秘书办公室
- Ron Ashford，HUD公共住房支持性服务
- Ed Gramlich，国家低收入住房联盟
WHY RAD?

- HUD provides rental assistance to over 4.6M households
  - 1.1M PH households
  - 3.5M households in MF or Section 8 like units
  - Plus 1.8M LIHTC units—through Treasury

- Insufficient federal funding for public housing has left $25.6B, or $23,365/unit, in capital needs across the nation
  - Losing 10,000-15,000 hard units each year

- Federal government alone cannot meet the capital repair and replacement needs of Public Housing
  - Current rules prohibit PHAs from accessing the same resources Section 8 or low income housing tax credit (LIHTC) properties can
ROLE OF RESIDENTS IN DEVELOPING RAD

• Resident input a key driver in the evolution of TRA ➔ PETRA ➔ RAD
  – Partnered with National Housing Law Project (NHLP) to conduct nationwide resident outreach for TRA
  – Formed Resident Engagement Group (REG)
  – Held historic resident convenings at HUD
  – Met with Secretary Donovan and senior HUD staff
  – Continued meetings with residents and advocates during RAD development

• RAD is not TRA or PETRA
  – Reflects input from residents and advocates that were part of the process from the start
RAD KEY GOALS

RAD allows selected Public Housing, and at-risk assisted Multifamily “legacy” programs to convert their form of assistance to long-term Section 8 Housing Assistance Payment (HAP) contracts

Key RAD Goals

• Build on the proven Section 8 platform
• Leverage private capital to make needed repairs and preserve affordable housing units
• Offer residents greater choice and mobility
RAD CONVERSION ELIGIBILITY

1st Component: Competitive, 60,000 Units

PBRA

PBV

2nd Component: Non-Competitive, No-Cap (subject to availability of TPVs)

PBV

Long-Term Project-Based Section 8 Rental Assistance Contracts
RAD Conversion Process

- RAD is voluntary – PHAs choose to apply
  - Starting September 24

- Up to 60,000 Public Housing units can convert assistance

- Assistance converts to long-term, property-based Section 8 contracts, either
  - Project Based Voucher (PBV) Contracts, administered by HUD’s Office Public and Indian Housing (PIH)
  - Project Based Rental Assistance (PBRA) Contracts, administered by HUD’s Office Multifamily Programs (OMFP)
PHAs must maintain the same # of deeply affordable units
- One-for-one replacement of units with a “de-minimus” or minor exception

“De-minimus” allows PHAs to reduce the # of assisted units by up to 5% or 5 units, whichever is greater, without HUD approval

PHAs can also reduce units that have been
- Vacant for 2 or more years
- Reconfigured, such as an efficiency made into a 1-bedroom unit
- Converted to use for social services

No permanent involuntary displacement of residents can occur as a result of conversion
Conversion will not require a change in ownership

- Public or non-profit ownership or control

- Two exceptions
  - For-profit ownership to facilitate low-income tax credits (LIHTCs)
  - If foreclosure, bankruptcy, or termination for cause – dispose first to capable public entity, then other capable entities as determined by Secretary
LONG-TERM AFFORDABILITY

• Initial Contract Term
  – PBRA: 20 years
  – PBV: 15 years (or 20 years with PHA approval)

• Secretary must renew contract and PHA must accept

• Long-term use agreement extended with each contract renewal
Resident Choice-Mobility

**PBV—adheres to current program rules**
- Minimum residency: 1 year
- Waitlist priority if tenant-based assistance is not immediately available

**PBRA—different rules**
- Minimum residency: 2 years
- PHA may limit Choice-Mobility vouchers to 1/3 of turnover vouchers, or moves to 15% of the project’s assisted units
  - If limited, resident wait-list policy for HCVs to exercise choice-mobility option
- HUD may exempt up to 10% of converted units under RAD from this requirement where no vouchers are available
**PHAs must notify and consult with residents in advance of, and throughout, the conversion of assistance**

- **Prior to Conversion**
  - Conduct at least two meetings with residents of projects proposed for initial application
  - Provide opportunity for residents of proposed projects to comment
  - Address resident comments in writing

- **Upon approval of initial application (Commitment to Enter into HAP, or CHAP), conduct at least one more resident meeting**

- **Upon Issuance of RAD Conversion Commitment**
  - Notify each affected household of conversion approval
  - Inform households of specific conversion plans/impacts

- **Affected households that do not want to transition to new program can be offered transfer to other Public Housing as available**
HUD considers RAD conversions to be a “Significant Amendment” to a PHA Plan

- Discussions with resident organizations and other residents can begin at any time
  - Ideally before the two required meetings with residents of projects proposed for conversion, and prior to the initial application

- HUD requires that the Significant Amendment be made after preliminary approval is granted (CHAP)
  - Can be 2 months after a conversion application is submitted
  - Well before final conversion is approved (HAP)

- RAB involvement, PHA-wide notice, broad public outreach & public hearing required as part of Significant Amendment
Residents will continue to pay 30% adjusted income
- If monthly rent increases by more than greater of 10% or $25 purely as a result of conversion (only likely in “flat rent” scenarios), rent increases will be phased in over 3 years (or 5 years if PHA elects)

No rescreening of residents upon conversion—will not affect continued residency

Residents will have the first right to return if rehab or construction requires temporary relocation

Permanent involuntary displacement of residents may not occur as a result of the project’s conversion of assistance
RAD RESIDENT PROVISIONS

• Family Self-Sufficiency (FSS) & Resident Opportunities and Self-Sufficiency (ROSS-SC)
  – FSS & ROSS-SC participants may continue in programs

• Resident Participation & Funding
  – Residents can establish & operate legitimate resident organizations
  – PHAs must recognize legitimate resident organizations
  – PHAs must provide $25 per occupied unit annually for resident participation per current PH program rules

• Resident Procedural Rights
  – PHAs must abide by additional (to PBV & PBRA) grievance and termination provisions to be consistent with rights afforded by Section 6 of the Housing Act
• Resident Participation—instead of Section 964 provisions for Public Housing
  – If convert to PBRA, then Multifamily Section 245 participation provisions apply
  – If convert to PBV, then provisions similar to Section 245 apply

• Section 245-like rights include
  – Right to establish and operate a “legitimate resident organization,” including
    • Leafletting, surveys, site meetings
    • Respond to PHA requests to increase rents, changes in utilities, make major capital repairs, prepay loans
Key RAD Dates

Public Housing (& Mod Rehab)

- Initial Application Window Opens: 9/24/2012
- Initial Application Window Closes: 10/24/2012
- Ongoing Application Window Opens: 10/25/2012
- Preliminary Awards: 11/2012
- Final Awards: 6-12 months later
Some Good Questions to Ask

• Which developments are being considered for conversion?
• Does the PHA intend to apply for PBV or PBRA, and why?
• When is the PHA discussing conversion plans with residents?
• How do I submit my feedback on the plans?
• When will the PHA share their responses to feedback?
• How can I be involved moving forward?
RAD Notice, application materials, and additional resources can be found at

www.hud.gov/rad

Email questions to rad@hud.gov
**PROJECT-BASED VOUCHERS**

**PBVs Now (via PHAs)**
- Project base up to 20% of voucher inventory
- 25% cap for projects unless units qualify for exceptions
  - Elderly
  - Disabled
  - Families receiving supportive services
- Use “turnover vouchers” to support mobility component

**PBVs under RAD**
- Lifts the 20% voucher inventory cap
- Raises per-project cap to 50%
  - Exceptions still apply, however if family declines supportive services, “grandfathered” in
  - Once initial family vacates, supportive service requirement applies
- Long-term contracts/affordability controls/PHA must renew
- Improved resident provisions through additional grievance procedures and termination notice requirements
PBRA Now

- No current authority for PH to convert to PBRA
- No current “choice-mobility” provisions

PBRA under RAD

- Long-term renewable contract and use restriction
- Choice-mobility requirement introduced
- Improved resident provisions through additional grievance procedures and termination notice requirements
3-Year Authority (to September 30, 2015) for Public Housing & Mod Rehab

Public Housing conversions
- Impact on preservation and improvement of covered projects
- Impact of conversions on residents
- Amount of private capital leveraged for rehab as a result of conversion

Mod Rehab, Rent Supp, & RAP conversions
- FY 2006-2014 Authority
- Comptroller General of US to conduct study of long-term impact on ratio of tenant-based vouchers to project-based vouchers
