Governor Scott Walker has designated the Wisconsin Housing & Economic Development Authority (WHEDA) to be the administrator of the National Housing Trust Fund (HTF) program in Wisconsin.

The HTF was created by the Housing & Economic Recovery Act of 2008, and was designed to provide additional resources to construct and rehabilitate housing for Extremely Low-Income (ELI) families across the nation – specifically, households at or below 30% of county median income.

For 2017, Wisconsin has received an HTF allocation of $3,481,414. Below is the HTF Allocation Plan for the 2017 funding cycle. WHEDA reserves the right to make modifications to this proposal as new guidance is provided by the U.S Department of Housing and Urban Development (HUD). Additionally, should HUD change the allocation of HTF funds to Wisconsin, the State reserves the right to proportionately modify the plan.

A. HTF Funding Priorities*

   a) Will the State distribute HTF funds through grants to subgrantees?
      i) WHEDA does not intend to distribute HTF funds to subgrantees

   b) Will the State distribute funds by selecting applications submitted by eligible recipients?
      i) WHEDA intends to distribute funds by selecting applications submitted by eligible recipients, including:
         (a) Nonprofit or for-profit entities
         (b) Housing Authorities
         (c) Tribal Housing Authorities

      Threshold criteria for eligible recipients – if the following requirements are not met, the HTF application will be denied:

      Applicant’s ability to obligate HTF funds. Applicants must have demonstrated experience and capacity to conduct an eligible HTF activity as evidenced by its ability to own, construct or rehabilitate and manage and operate an affordable multifamily rental housing development. The history shall include:

      1. Evidence of development and ownership of two or more rental properties in the state of Wisconsin.
      2. Ownership history for the properties identified in (1) above for a minimum of four years.
3. Average physical occupancy in the properties during the past three years of no less than 92%.
4. Evidence that members of the applicant’s staff have experience in the development, ownership or management of rental housing. Include resumes and professional training that have been obtained by the staff.

Applicant’s ability to undertake eligible activities in a timely manner

- Applicants must submit a timeline/schedule demonstrating the ability to undertake and complete new construction or rehab within 24 months of the award date.
- Applicants will be required to submit a certification indicating that the housing assisted with HTF funds will comply with all HTF requirements and must include a description of the eligible activities to be accomplished with the HTF funds in accordance with 24 CFR 93.200.
- Applicants must demonstrate the ability and financial capacity to undertake, manage, complete, and meet all compliance requirements of the eligible activity.
- Applicants must only submit projects for funding that include the creation or preservation of permanent rental housing.
- Applicants must meet at least one of the State’s Consolidated Plan housing priorities.

ii) Criteria that will be used to select applications and the relative importance of these criteria

(a) Geographic Diversity (5 points). Five points will be awarded for properties in the following areas:
   (i) Properties located in the Transform Milwaukee Area
   (ii) Properties located in a High Need Area as defined in the WHEDA Qualified Allocation Plan for the Low Income Housing Tax Credit program which can be found at https://www.wheda.com/LIHTC/Allocating/.
   (iii) Properties located in an area meeting the Rural Set-Aside definition for the Low Income Housing Tax Credit program: “a development must be in a location that is rural in character. The following criteria will be used by WHEDA in determining whether a site is rural in character or not: a) Population (20,000 or less, b) Location relative to other communities and the population of those communities, c) Commuting patterns and distances, d) Community economic base, and d) Community land use patterns.”

(b) For rental housing, the extent to which the project has Federal, State or local project-based rental assistance so rents are affordable to extremely low income families (25 points)
   (i) One point for each one percent of units that have a commitment for Section 8 or Section 515 project-based assistance, project-based vouchers, 811 vouchers,
NAHASDA funding for rental assistance, or similar project-based rental assistance or operating subsidy.

(c) For rental housing, the duration of the units' affordability period (0 points)
   (i) All properties will be required to have a 30 year affordability period

(d) The merits of the application in meeting the state's priority housing needs (20 points)
   (i) 20 points will be awarded to properties designed to serve the homeless and/or veterans requiring supportive services

(e) The extent to which the application makes use of non-federal funding sources (25 points)
   (i) One point for each 2% of the total development budget to be paid by non-federal funding sources

(f) Other selection criteria
   (i) Properties utilizing the 4% LIHTC program to rehabilitate existing HUD Section 8 or Rural Development Section 515 properties will receive 10 points
   (ii) Requested HTF resources of less than:
        1. $25,000 to 30,000 per unit (5 points) *
        2. $15,000 to $24,999 per unit (15 points) *
        3. Less than $15,000 per unit (25 points) *

c) Application Process
   a. Applicants will be required to score a minimum of 50 points in the categories noted above to be eligible for HTF resources
   b. WHEDA intends to make an application packet available for the HTF program. The application will include the scoring criteria, as described but not limited to items on the previous pages, application evaluation process, timeline for commitment and expenditure of funds, etc. It is expected that the WHEDA will not allow recipients of 9% Low Income Tax Credit awards to request HTF resources until it has been determined that an insufficient number of non-9% LIHTC properties have applied for the available HTF resources.
   c. As many applications may utilize 4% LIHTCs, the RFP response requirements may be constructed as an addendum to the 4% LIHTC application for those developments
   d. WHEDA will require evidence that the HTF resources are required for financial feasibility
   e. HTF awards are expected to be structured as subordinate loans to be re-paid from available cash flow. Interest rates on the loans will be at a below-market rate approximating the Applicable Federal Rate for the LIHTC program
   f. All application materials, policy documents, implementation materials will be found online at https://www.wheda.com/Developers/National-Housing-Trust-Fund/

B. Recipient Application Requirements
WHEDA will require that all applications include:
   (b) A description of the eligible activities to be conducted with the HTF funds as required in 24 CFR 93.200
(c) A certification that the housing assisted with HTF funds will comply with all HTF requirements

C. Performance Goals and Benchmarks
In the 2017 cycle, WHEDA intends to provide HTF resources to create or rehabilitate 100 rental units for households at or below 30% of County Median Income. The income determination may be updated at a later date upon further HUD guidance.

WHEDA will perform monitoring or require regular reporting to ensure program compliance

D. Maximum per-unit subsidy limit for housing assisted with HTF
WHEDA will utilize the HOME program per-unit subsidy limits for the HTF program. The current HOME per-unit subsidy limits can be found below.

<table>

When establishing the per-unit subsidy limit, WHEDA reviewed construction data for LIHTC properties receiving an LIHTC allocation from 2011 through 2015. WHEDA chose to look at new construction projects – as new construction properties can be found throughout the state, and rehab properties can have wide variations in development budgets based on the amount of rehab that is required at any individual property. The data showed that the 2011-2015 average per-unit development cost in the highest-cost metropolitan region of the state was only 14% above the statewide per-unit average. WHEDA’s review of statewide development costs does not support consistently higher development costs in certain geographic areas over others. As utilization of the existing HOME subsidy limit is permitted under the HTF program, and statewide data does not demonstrate a significant statewide variation, we have opted to select the HOME per-unit subsidy limit for the HTF.

E. Rehabilitation Standards
For those properties using HTF resources for rehabilitation of existing housing, applicants must submit a Capital Needs Assessment (CNA) to document that the proposed rehab meets HUD’s Uniform Physical Condition Standards (UPCS), and to bring all systems up to a reasonable useful life. All items identified as Level 3 or Health & Safety deficiencies on the “UPCS Condition Standards – Comprehensive Listing” (attached to this plan) will be required to be completed as part of the rehabilitation of the property. If Level 2 items are not included in the rehabilitation budget, deposits to a replacement reserve must be sufficient to complete the repairs at the estimated time identified in the Capital Needs Assessment. A detailed description of UPCS deficiencies can be found at https://www.hud.gov/offices/rea/pc/pdf/pass_dict2.3.pdf.
All HTF properties will also be required to comply with Appendix A – Wisconsin HTF Rehabilitation Standards - which is included at the end of this document.

The request for HTF resources will include a Scope of Work describing all rehabilitation to be completed. If the rehabilitation Scope of Work does not result in a useful life that is commensurate with the project’s affordability period, the operating budget must show appropriate replacement reserve deposits for their future replacement when needed.

The CNA must address imminent health and safety issues that must be corrected immediately, the condition of major systems (such as structural support, roofing, and plumbing), and the presence of lead-based paint. WHEDA’s Capital Needs Assessment Policy is updated periodically, and include required formats for the assessment, along with the proposed scope or work. The Capital Needs Assessment policy can be found on https://www.wheda.com/LIHTC/Allocating/.

HTF recipients will be required to comply with, but not limited to:
   a) Americans with Disabilities Act
   b) Section 504 of the Rehabilitation Act
      (1) For newly constructed housing, a minimum of five percent (5%) of the total dwelling units or at least one unit in a multi-family housing project, whichever is greater, shall be made accessible for persons with mobility impairments. An additional two percent (2%) of the units (but not less than one unit) in such a project shall be accessible for persons with hearing or vision impairments.
      (2) For rehabilitation of existing housing:
         (a) If alterations are undertaken to a housing facility that has 15 or more units and the cost of the alterations is 75% or more of the replacement cost of the completed facility, then five percent of the total dwelling units or at least one unit, whichever is greater, shall be made accessible for persons with mobility impairments. An additional two percent of the units (but not less than one unit) shall be accessible for persons with hearing or vision impairments.
         (b) Alterations to dwelling units in a multi-family housing project (including public housing) shall, to the maximum extent feasible, be made to be readily accessible to and usable by individuals with handicaps. If alterations of single elements or spaces of a dwelling unit, when considered together, amount to an alteration of a dwelling unit, the entire dwelling unit shall be made accessible.
   c) Lead-Based paint provisions noted in 24 CFR part 35
      (1) For properties originally constructed before 1978:
         (a) HTF recipients will be required to complete an inspection for the existence of lead-based paint.
(b) If lead-based paint is discovered, the rehabilitation plan must include the removal of the lead-based paint, or a detailed description of how the proposed renovation will comply with the EPA’s Renovation, Repair and Painting Program.

(c) All rehabilitation must comply with HUD’s Lead Safe Housing Rule (LSHR)

   d) Design and Construction requirements noted in 24 CFR 100.205
   e) Fair Housing Act
   f) Environmental review

In addition to federal requirements noted above, properties receiving HTF resources must comply with the State’s Environmental Barriers Act, the Wisconsin Accessibility Code, state statues, local zoning requirements, and all state and local building codes, including the standards for multifamily dwellings established in Administrative Code sections SPS 361-365.

Newly-constructed properties must contain the following features:

- Lever-style handles on all interior doors
- Bath/kitchen faucets being replaced or initially installed must be single-lever type
- Non-skid tub/shower pattern covering 75% of tub/shower floor
- All walls within 36” of toilet and in tub/shower area shall have 3/4” plywood behind drywall to provide sufficient support for grab bars or other assist devices
- Bathtub/shower stalls with offset controls
- Low-profile thresholds – 1/4” maximum vertical height or 1/2” maximum beveled at 1:2 are required between ALL interior common areas and in all dwelling unit openings when floor transition height differs

WHEDA will not permit the permanent displacement of residents in properties receiving HTF resources. Temporary relocation of existing residents must comply with the Uniform Relocation Act.

WHEDA will not permit HTF resources to be used in buildings that are located within a 100-year flood plain. Portions of the site may be located in the 100-year flood plain, but may not include parking areas or the footprint of the residential units or accessory buildings. All properties receiving HTF resources must comply with the State of Wisconsin Hazard Mitigation Plan, the 2009 edition of the International Building Code® and the International Existing Building Code®. The Hazard Mitigation plan can be found at http://emergencymanagement.wi.gov/mitigation/state_plan.asp.

F. Resale and Recapture Guidelines for First-Time Homebuyers
   WHEDA does not intend to use 2017 funding cycle resources for homebuyer activities

G. HTF Affordable Homeownership Limits
   WHEDA does not intend to use 2017 funding cycle resources for homebuyer activities

H. State Limited Beneficiaries and Preferences
   WHEDA has created a scoring priority for properties designed to serve the homeless and/or veterans requiring supportive services
I. Requirements and Conditions Under Which Existing Debt May Be Refinanced

WHEDA does not intend to use 2017 funding cycle resources for refinancing

WHEDA and the State reserve the right to suspend all HTF applications and awards until HUD approves the Substantial Amendment and the HTF allocation plan.

*Any process as listed above is subject to change based upon subsequent guidance as identified and provided by HUD.*
