Most extremely low-income renters reside in unaffordable housing that would otherwise be affordable and available for higher-income households.

Number of extremely low-income households by rental affordability level (in millions):

- Affordable at or below poverty guideline or 30% of AMI (ELI): 3.3
- Affordable to ELI to 50% of AMI: 2.6
- Affordable to 51% to 80% of AMI: 3.5
- Affordable to 81% to 100% of AMI: 0.8
- Affordable to over 100% of AMI: 0.5
