

NLIHC State Coalition Partners

NLIHC's state coalition project seeks to improve and expand the capacity of state housing and homeless coalitions to advocate for change and promote effective solutions that will end the shortage of affordable and available rental homes in America. NLIHC convenes state partners at twice-yearly meetings in DC and monthly conferences where statewide advocates share new ideas, campaigns, and strategies with one another and stay current on information about efforts at the federal level.

NLIHC's 63 state coalition partners in 43 states and the District of Columbia are an integral part of the work we do. Our state partners are housing and homeless advocacy organizations serving statewide or regional areas and are the organizations with which we work most closely. Please become a member or an active advocate with the partner organizations where you live, as well as NLIHC, in order to strengthen state and national advocacy for more affordable housing.
