HoUSed Campaign for Long-term Affordable Housing

Together, we will advance anti-racist policies and achieve the large-scale, sustained investments and reforms necessary to ensure that renters with the lowest incomes have an affordable place to call home. More than ever, bold policies are needed to ensure that people with the lowest incomes and the most marginalized people have a stable, affordable home.

In 2021, NLIHC will focus on the immediate and urgent challenges facing low-income renters and people experiencing homelessness during the coronavirus pandemic.

TO ACHIEVE THIS, WE MUST:

• Bridge the gap between incomes and housing costs by expanding rental assistance to every eligible household. Today, only one in four households eligible for rental assistance receive it. Learn more about how we can ensure rental assistance is universally available.

• Expand and preserve the supply of rental homes affordable and accessible to people with the lowest incomes. There is no state or congressional district in America with enough supply of affordable housing for families with the lowest incomes. Learn more about ways to build and preserve affordable homes.

• Provide emergency rental assistance to households in crisis by creating a national housing stabilization fund. Millions of households are one financial shock away from economic hardship that could quickly spiral out of control. Learn more about how we can stabilize households during a crisis.

• Strengthen and enforce renter protections. The power imbalance between renters and landlords put renters at risk of housing instability and homelessness. Learn more about how we can build power for renters.
