Re: Please oppose Amdt. Budd #1243 on Minibus #1, which represents an attack on the updates on access to voting

Dear Senator,

On behalf of our millions of members and supporters the undersigned groups make the following vote recommendation to oppose amendment Budd #1243 to S. Amdt 1092 (Transportation, Housing and Urban Development and Related Agencies; Agriculture, Rural Development, Food and Drug Administration, and Related Agencies; and Military Construction, Veterans Affairs, and Related Agencies) to H.R. 4366, the Military Construction, Veterans Affairs and Related Agencies, Fiscal Year 2024 appropriations bill.

While not all undersigned organizations work directly on voting rights issues, we appreciate your consideration of this position.

VOTE NO

Amendment Budd #1243. This amendment seeks ‘to prohibit the use of funds to implement or enforce Executive Order 14019’, which represents an attack on updates on access to voting. [President Biden's Executive Order on Access to Voting](#) is a critical effort to increase nonpartisan voter registration and participation among eligible Americans. This amendment would not only thwart common-sense, good government efforts to better serve voters of all stripes, but also frustrate the goals of the decades-old, bipartisan National Voter Registration Act (NVRA). Congress itself found that it is the duty of federal, state, and local governments to promote the exercise of the fundamental right to vote when it passed the NVRA 30 years ago. The amendment would undermine access to voting. It would prevent eligible voters from registering to vote when accessing services at federal agencies that serve millions of eligible persons, contrary to the goals of the bi-partisan NVRA. It would further limit access to language assistance, continue the barriers people with disabilities face to vote and maintain the challenges members of the military and other citizens living abroad to exercise their right to vote. It would do nothing to protect our election system and the integrity of the vote.

Again, we urge you to **REJECT Budd #1243** in Minibus #1 and thank you for your consideration,
