**Gap Financing Available for
Tax-Exempt Bond Transactions**

INTRODUCTION

A core function of Kentucky Housing Corporation (KHC) is to invest in quality, safe, and affordable rental housing throughout Kentucky. As demand grows for capital for the preservation and creation of affordable multifamily housing, KHC has sought ways to expand available funding and equity. One way to do this is by increasing the use of conduit tax-exempt private activity bonds (Tax-Exempt Bonds) which allow projects to access 4% Low-Income Housing Tax Credits. Four percent tax credits are not limited by Kentucky's annual credit allocation and may be accessed when at least 50% of eligible development costs are financed by tax-exempt bond proceeds.

To increase the use of Tax-Exempt Bonds, private investment, and the overall production or rehabilitation of affordable rental housing, KHC is making available a combined total of \$14.2 million of KHC's Equity Bridge Loan (EBL), HOME Investment Partnerships (HOME), Affordable Housing Trust Fund (AHTF), and National Housing Trust Fund (NHTF) funds (collectively, the "funds") to be exclusively utilized as described within this Notice of Funding Availability (NOFA). These KHC funds will be made available with applications due on or before August 30, 2018. **KHC reserves the right to fund any project, or no projects, at its sole discretion.**

Purpose of this NOFA: This notice serves as a streamlined, initial announcement of funds available. Respondents will submit applications through KHC's Universal Funding Application (UFA) system using the "2019 TEB NOFA" Application.

Project versus property: In this NOFA, "project" refers to the property or properties included in the NOFA response. "Property" refers to an individual multifamily property. Therefore, a "project" may include two or more "properties" bundled into a portfolio for an overall NOFA application.

Funding sources and regulations: KHC reserves the right to fund no responses or to fund any response submitted under this NOFA with any of the sources of funding being made available. Accordingly, respondents should note that developments receiving federal funding will be required to comply with the applicable federal regulations. HOME and/or NHTF funds may trigger Uniform Relocation Act requirements, and income restrictions may render current tenants ineligible for Tax Credit, HOME, and/or NHTF-assisted units.

Income averaging: Tax-Exempt Bond projects may elect the income averaging option for the purposes of the 4% credit allocation; however, they must still meet a 20/50 or 40/60 minimum set-aside. Therefore, a bond project with 4% credits can elect an income averaging set-aside for purposes of tax credit compliance, as long as the unit mix selected would also meet either a 20/50 or 40/60 minimum set-aside test for purposes of bond compliance.

Fees: Refer to KHC's [Multifamily Guidelines](#) for the applicable fee structure.

Point of contact: Questions should be directed to Tracy Thurston, KHC's Managing Director of Multifamily Programs, toll-free at 800-633-8896 or 502-564-7630, extension 218 or email tthurston@kyhousing.org.

NOFA ATTACHMENT A
KHC EQUITY BRIDGE LOAN PROGRAM – TERM SHEET

The Equity Bridge Loan (EBL) program can provide a short-term loan to extend the schedule of the Low-Income Housing Tax Credit (LIHTC) investor’s equity payments to an affordable housing project (a Property). By deferring the investor’s equity installments, the LIHTC investor’s anticipated return on investment increases. As a result, investors are willing to pay a higher price for each LIHTC generated by a Property, thereby generating increased private sector capital available to fund construction and/or rehabilitation and allow certain projects to be financially feasible.

The intent of the EBL is to assist KHC in deploying its resources in an efficient and practical way and to meet the following objectives:

- 1) To increase KHC’s ability to support the construction or preservation of safe, decent, affordable housing within the Commonwealth of Kentucky;
- 2) To help increase the availability of Tax-Exempt Bonds, LIHTC and private equity within the Commonwealth;
- 3) To maximize the impact of private sector capital in rural properties;
- 4) To complement and augment existing government loan programs;
- 5) To maintain the affordable rents for tenants; and
- 6) To provide for secure repayment of the loan to KHC and to permit KHC to quickly redeploy repaid loan proceeds to preserve additional properties.

I. Proposed Loan Terms

<i>Loan Amount</i>	\$1 million - \$5 million per project, based upon demand.
<i>Term</i>	Maximum term of 11 years including a 12-month interest-only period and a 10-year amortization period. The interest-only period and the loan term are optional and may be extended for an additional six (6) months due to construction delays at KHC’s discretion.
<i>Amortization</i>	For the initial twelve (12) month period following loan closing, no payments will be due on the loan other than interest payments. KHC may, at its discretion, defer such interest payments until the placed-in-service date. Following the deferral period, principal on the loan will amortize with level annual payments over the remaining term. The EBL will fully amortize over the term of the loan with no balloon payments due at maturity.
<i>Interest Rate</i>	3.00% - 3.50%. The interest rate will be determined by KHC based on a Property’s needs and the ability to repay the loan with interest.

II. Loan Funding

The full amount of the EBL will be available for disbursement to the project owner to pay for eligible project costs at closing. To the extent that the full amount of the EBL is not funded at closing, the project owner may make subsequent draws on a monthly basis until the full amount of EBL is funded. Monthly interest will accrue on the funded loan balance.

III. Loan Repayment

Interest and principal for the EBL will be repaid from the LIHTC investor's equity payments contributed to the project. KHC will require collateral and a pledge of the investor's interest and equity payments, as described in Section IV, Security and Collateral.

The amortization of the EBL will commence on the first anniversary date of the loan closing and will consist of equal monthly payments of principal and interest over the term of the loan. Annual payments for the full amount due in each year will be due on January 1 of each year following closing and will be calculated using a 30/360 accrual method. An alternate payment schedule may be approved by KHC. At closing, capitalized interest for the first twelve (12) months will be funded into a capitalized interest reserve.

IV. Security and Collateral

The EBL will be secured with a subordinate mortgage on the Property to secure the debt. In addition, the borrower shall provide additional security to KHC, which may take the form of any one of the following to be determined by KHC in its sole discretion:

- During construction, the borrower will furnish either a payment and performance bond or an irrevocable letter of credit equal to KHC's funds, meeting the requirements of the KHC Multifamily Guidelines.
- The syndicator or investor may provide KHC with a collateral assignment of partnership interest in the Property.
- The equity investor will provide collateral to secure the full amount of the loan for both principal and interest for the entire term of the EBL in the form of one of the following:
 - 1) An unconditional promissory note from the investor or syndicator; or
 - 2) An unconditional payment guaranty from the corporate investor limited partner;
 - 3) Only if option 1 or 2 is not available, an irrevocable letter of credit from a bank equal to the unpaid principal balance of the EBL.
 - 4) Any other form of security as determined by KHC, in its sole discretion.

V. Associated Fees

Each successful applicant will be charged a commitment fee of one percent (3%) of the loan amount and a closing fee of \$7,500 per assisted property. The applicant is also responsible for closing costs, including recording fees, title insurance premium, all attorney fees, real estate transfer tax (if applicable), and other fees typically incurred in connection with the applicant's development.
