\* The final bill disaggregates spending for the public housing capital and operating accounts. Funding for the public housing operating fund is set at \$4.839 billion, and an additional \$25 million is made available based on need. The bill provides the capital account with \$2.765 billion, with an additional \$75 million for emergency capital needs, \$25 million for lead-based hazards, \$35 million for a Healthy Homes Initiative, \$15 million for troubled properties, resources to support financial and physical assessment activities (\$23 million), and for radon testing (\$4 million).

\*\* The President's Budget Blueprint states this funding will be dedicated specifically to the construction of 2,000 new affordable units for the 811 and 202 Programs; however, it does not specify a total dollar amount that is inclusive of operating costs.

^ The blueprint does not specify how funds are distributed among NAHADA formula and competitive programs.

^^The blueprint provides \$800 billion for rehabilitation and modernization of HUD housing, but does not specific which programs will receive this funding.
