* The final bill disaggregates spending for the public housing capital and operating accounts. Funding for the public housing operating fund is set at \$4.839 billion, and an additional \$25 million is made available based on need. The bill provides the capital account with \$2.765 billion, with an additional \$75 million for emergency capital needs, \$25 million for lead-based hazards, \$35 million for a Healthy Homes Initiative, \$15 million for troubled properties, resources to support financial and physical assessment activities (\$23 million), and for radon testing (\$4 million).

** The president's budget allocates \$100 million for RAD conversions, splitting funding evenly between PBRA (\$50 million) and TBRA (\$50 million) conversions. The administration does not propose lifting the cap on number of units that can be converted under RAD.

[^] The budget request provides \$800 million for a new climate initiative to help communities reduce carbon pollution and increase resilience to the impact of climate change. This funding includes a \$100 million set-aside for targeted investments in Native American housing.
