July 29, 2021

The Honorable Chuck Schumer  
Majority Leader  
U.S. Senate  
Washington, D.C.

The Honorable Nancy Pelosi  
Speaker  
U.S. House of Representatives  
Washington, D.C.

The Honorable Mitch McConnell  
Minority Leader  
U.S. Senate  
Washington, D.C.

The Honorable Kevin McCarthy  
Speaker  
U.S. House of Representatives  
Washington, D.C.

To Majority Leader Schumer, Minority Leader McConnell, Speaker Pelosi, and Minority Leader McCarthy:

We the undersigned organizations write to urge you to take immediate action to extend the federal eviction moratorium issued by Center for Disease Control and Prevention (CDC) to prevent evictions and the spread and deaths from COVID-19. For the 6.5 million renter households currently behind on rent, the CDC eviction moratorium has been a lifeline that has kept them housed and safe from COVID-19. On July 31, this eviction moratorium will expire-right as the Delta COVID variant is surging across the country. Recent research estimates that up to 80% of households behind on rent and at risk of eviction live in communities with over 100% COVID-19 case growth rates in July.

At the same time, only $3 billion of the $46 billion in Emergency Rental Assistance provided by Congress to help keep tenants housed has been distributed through June 2021. Despite these appropriations by the Biden administration and Congress, more than 6.5 million renter households remain behind on their rent. Black households report being behind on rent at higher rates than any other group. These multiple crises exacerbate the health impacts on people of color and undermine efforts to bridge the racial wealth gap.

The emergence of the Delta variant necessitates a further extension of the CDC eviction moratorium to contain the spread of the deadly disease. As stated by CDC Director, Dr. Rochelle Walensky on July 22, 2021, “the Delta variant is more aggressive and much more transmissible than previously circulating strains. It is one of the most infectious respiratory viruses we know of, and that I have seen in my 20-year career.”

Congress must take every possible action to prevent evictions, including enacting an extension of the federal eviction moratorium. Tenants need more time. We are ready to support in resolving the challenges that remain, but at this moment, there is one clear solution - more time. Without immediate action, millions of these households will be at risk of losing their homes and their ability to keep themselves and their families safe and healthy. The newly surging Delta variant, low vaccination rates in communities with high eviction filings, and the slow rate of distributing ERA make the necessity of an extension abundantly clear.
The federal eviction moratorium is a public health necessity, and we urge Congress and the Biden administration to take immediate action to extend, improve, and enforce it, as well as take other needed actions to expedite the disbursal of ERA. We stand ready to assist and support you in developing protections for tenants in the midst of this unprecedented crisis.

Sincerely,
