Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

The 2018 South Carolina State Consolidated Plan encompasses five programs funded by the US Department of Housing and Urban Development (HUD): the Community Development Block Grant Program (CDBG), the HOME Investment Partnerships Program (HOME), the National Housing Trust Fund Program (NHTF), the Emergency Solutions Grants Program (ESG), and the Housing Opportunities for Persons with AIDS Program (HOPWA). For the 2018 Plan year, April 1, 2018 through March 31, 2019, South Carolina will receive $34.4 million. This Plan identifies which of HUD’s eligible activities have been prioritized as best able to serve the needs of South Carolina, using HUD funds available during the 2018 Plan year.

The South Carolina Department of Commerce (DOC) administers the CDBG Program; the State Housing Finance and Development Authority (SHFDA) administers the HOME Program and the NHTF Program; the South Carolina Office of Economic Opportunity (OEO) administers the ESG Program; and the South Carolina Department of Health and Environmental Control (DHEC) administers the HOPWA Program. All four State agencies collaborated to complete this Plan, along with extensive input from other state agencies, stakeholders, advocates, and community members. The State Department of Commerce is the lead agency for the Plan’s development.

The Plan format is dictated by the federal online HUD IDIS system, through which all states and direct local government recipients of HUD Con Plan funds must create Consolidated Plans and annual Action Plans, create projects and activities to be funded under the plan, submit requests for funding to disperse funds to recipients, report on accomplishments, and create a Consolidated Annual Performance and Evaluation Report (CAPER) each year. The entire process must be created in the federal IDIS system, using prescribed formats and including HUD-provided and state added content. The Plan is downloaded from IDIS and the contents reflect IDIS requirements. This current 2018 Annual Plan consists of this Executive Summary as well as two other sections: the Process Section, which describes the public input process for the 2018 program year, and the Annual Action Plan, which contains each Program’s method of distribution for the year, anticipated goals and funding availability, as well as narrative addressing housing, special needs and homelessness.

Other resources available are coordinated with the Consolidated Plan programs but may be prioritized for different activities eligible under program guidelines and regulations. CDBG-DR Disaster assistance, for example, is managed by the SC Department of Commerce's Disaster Recovery Office. Activities undertaken with CDBG-DR funding are limited to housing rehabilitation and replacement required as a result of the October 2015 Storm and Hurricane Matthew. A separate Annual Action Plan and separate...

2. **Summarize the objectives and outcomes identified in the Plan**

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

HUD allows a broad range of activities for CDBG, HOME, NHTF, ESG, and HOPWA. CDBG provides resources for community development, which may include construction of public infrastructure, public facilities and public improvements; public services; activities relating to energy conservation and renewable energy resources; and assistance to local governments to help locate new or expand existing business and industry and create or retain jobs. HOME is used for single-family and multifamily housing activities, which may include homeownership down payment and closing cost assistance; development of affordable rental housing; or tenant-based rental assistance for low-income households. NHTF is to be used in large part for rental housing for households at or below 30% of AMI or the federal poverty level, whichever is greater; no more than 10% of a state's annual allocation may be used for homeownership activities. ESG funds projects which may include supportive services to homeless individuals and families, outreach to unsheltered homeless, emergency shelter/transitional housing, homelessness prevention and re-housing assistance to those who have become homeless. HOPWA is dedicated to the housing and supportive service needs of people living with HIV/AIDS and their families, which may include operational support for community-based housing facilities operations; tenant based rental assistance; short-term payments for rent, mortgage and utilities; and supportive services such as case management, substance abuse and mental health treatment, job training and placement assistance, and assistance with daily living.

Annual objectives and outcomes undertaken annually may include any of the following:

- New Affordable Rental Housing
- Operating Funds for Facility-Based Housing Units
- Homeownership & Rental Assistance
- Tenant-based Rental Assistance
- Short-Term Rent, Mortgage & Utility Assistance
- Homeless Prevention & Rapid Re-Housing
- Preserve Existing Affordable Housing
- New or Upgraded Public Infrastructure & Facilities
- Homeless Shelter, Services & Outreach
3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

The State is currently implementing the Annual Plan for Program Year 2017, which is the second year of the 2016-2020 Consolidated Plan period. Actual accomplishments for 2017 will be reported in June 2018, but past accomplishments are available for prior plan years. For 2016, the CDBG, HOME, ESG and HOPWA programs made a total of $27.3 million available to recipients, and amended the plan to include the $3 million 2016 National Housing Trust Fund allocation. These funds could be used, in addition to other available resources, to address the state’s priority needs and objectives. Distribution of funds was in accordance with each program’s Annual Action Plan. The state’s success in achieving its goals and objectives using the funds available for program year 2016 is described in the state’s Consolidated Annual Performance and Evaluation Report (CAPER), which is available online at http://www.cdbgSC.com. Significant accomplishments were achieved by each program - below are highlights of 2016 performance and accomplishments.

- 25,371 people benefited from community economic development activities aimed at improving or upgrading public facilities, infrastructure or services in commercial and downtown areas of predominantly LMI communities
- 1,375 people benefited from neighborhood revitalization projects in LMI communities that will comprehensively address community livability and sustainability through new or improved public facilities, infrastructure or services
- 13,972 persons benefited from community infrastructure projects that will address the availability or quality of public water/sewer and other infrastructure to ensure a suitable living environment for predominantly LMI communities
- 400 new jobs will be created for primarily low to moderate income residents of one community, as a result of assistance that benefited 1 business
- 305 households received direct financial assistance to homebuyers
- 3,442 households received tenant-based rental assistance and/or rapid re-housing assistance
- 734 persons benefited from homelessness prevention activities
- 6,761 homeless persons were assisted with overnight shelter
- 68 housing units for persons with HIV/AIDs were provided with operating funds
• 1,346 HOPWA-eligible households were assisted with short-term rent, mortgage and utility assistance
• 5,656 HOPWA-eligible people will receive supportive services
• 800 HOPWA-eligible households will receive tenant-based rental assistance

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

The State certifies that it has adopted and is following a recently revised Citizen Participation (CP) Plan. Additions to the State’s Citizen Participation Plan were required in order to comply with the Affirmatively Furthering Fair Housing Final Rule at 24 CFR Parts 5, 91, 92, et al. The CP Plan sets forth the State’s policies and procedures for citizen participation and provides for and encourages citizens participation in the development of the Consolidated Plan, each Annual Action Plan, the State’s Assessment of Fair Housing (when required by HUD for states), substantial amendments made to either the Consolidated Plan, and each year's Consolidated Annual Performance Report.

Specific emphasis is placed on the participation of low and moderate income persons, including minorities, non-English speaking persons, persons with Limited English Language Proficiency (LEP), and persons with disabilities, and particularly on those living in slum and blighted areas and in areas where CDBG funds are proposed to be used, and by residents of predominantly low and moderate income neighborhoods.

The State is required to keep appropriate records, such as newspaper notices of hearings, minutes of those public hearings, and responses to inquiries, to demonstrate that the CP Plan is being followed. Specifically:

Requirement: Prior to the publication of the Action Plan, the State will provide for local government and citizen participation by holding a public hearing and by making the proposed plan available for public review. At the public hearing, the State will furnish citizens, local governments, public agencies, and other interested parties information on the following: amount of assistance the State expects to receive; the range of activities which may be undertaken, including the estimated amount that will benefit low and moderate income persons; and the plans to minimize displacement of persons and to assist any persons displaced.

• The State complied with its CP requirement by holding its 2018 public hearing on January 25, 2018, at which the amount of anticipated assistance, activities to be undertaken, the amount to benefit LMI and minimization of displacement were all discussed. The State also made the draft Action Plan document available for public review from January 8 through February 6, 2018.
Requirement: The State will notify citizens about the dates of the Action Plan public comment period in at least one newspaper of general circulation in the state and utilize additional means of notification, as appropriate and using technology that may be available, including fax or email notifications and internet/web posting of notices. The advertised public notice and any other notices will identify the means by which copies can be downloaded or otherwise obtained and for review, and email and physical addresses for submitting comments.

- **The State provided public notice using three of the state's newspapers of general circulation (The State, the Greenville News and the Charleston Post & Courier), by posting copies of the notices online and by sending notifications via email and newsletters.** Notices provided citizens with information regarding the availability of the Plan and each Program’s documents, the date and location of the public hearing, and the timing of the 30-day public comment period. The notice also made citizens aware that they could download copies of the Plan from Program websites or review them at COG regional offices or one of the Program offices. Finally, the notice indicated where to send written comments and the deadline for doing so.

5. **Summary of public comments**

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

During the public comment period, which ran from January 8, 2018 to February 6, 2018, the State made the draft plan available to the public for review. The State also held a public hearing on January 25, 2018. Notice of the availability of the draft plan and the public hearing was published in The State, the Charleston Post & Courier and the Greenville News on January 7, 2018, in addition to being posted on www.cdbgSC.com and www.schousing.com. The notice provided instructions on how to provide comments regarding the Plan, and this was also discussed during the public hearing. The public hearing provided an opportunity for citizens in attendance to make comments for the record. No comments were received by the Lead Agency either in writing or during the Public Hearing. The Housing Authority did receive comments on the HOME and NHTF portions of the 2018 Action Plan and these are summarized below.

6. **Summary of comments or views not accepted and the reasons for not accepting them**

All comments received and responses given are summarized below and continue in "add text."

Public comments received on the Draft 2018 Small Rental Development Program (SRDP) which includes HOME and NHTF, and SC Housing’s responses to the comments:

- **Comment:** There should be no limit on how much SRDP funding is allowed per county.
  - **SC Housing Response:** SC HTF is one of the SRDP funding resources. Pursuant to the South Carolina Housing Trust Fund Act § 31-13-445, no more than 20% of trust fund monies expended...
in a fiscal year may be for projects in any one county. To ensure the Authority does not break SC State Law, the determination was made that no county, in any given year, can receive more than 20% of available SRDP funds. In addition, the Authority must consider the affordable housing needs of the entire state therefore, the limitation of funding helps ensure that funding is available for proposals throughout the entire State.

- **Comment:** The application deadline date of April 6, 2018 is too early.
  - **SC Housing Response:** SC Housing will change the application deadline to April 27, 2018. This change will also push back the SRDP Workshop to Wednesday, March 14, 2018. More information will be forthcoming.

- **Comment:** Developing two separate projects proposed for the same target population (family, elderly, etc.) adjacent to one another during the same funding year and within the same market area should be allowed.
  - **SC Housing Response:** The Authority believes developing a proposal and reaching sustained minimum occupancy levels should occur prior to the construction of a second phase of the same type of proposal. Developing projects for the same population on adjacent sites during the same funding year appears to be an attempt to circumvent maximum unit totals, funding caps, as well as other established minimum and maximum criteria.

- **Comment:** The requirement that all sites must be contiguous should be eliminated as it will prevent development of single family scattered sites; especially those sites that nonprofits bought, demolished and cleared using the Authority’s Neighborhood Initiative Program (NIP) funds.
  - **SC Housing Response:** SC Housing will allow scattered site projects as long as all of the sites are within a 1000 foot diameter.

- **Comment:** The total development cost per unit of $160,000 cannot be achieved in the South Carolina markets.
  - **SC Housing Response:** SC Housing will allow the maximum TDC to be $175,000 per unit with all costs subject to a third party review.

- **Comment:** Eight (8) as a minimum number of units is too many.
  - **SC Housing Response:** The Authority has designed this program to assist in attracting development to parts of the state that are rural and do not have access to federal funds through entitlement areas and/or local Participating Jurisdictions (PJs). Requiring a minimum of eight (8) affordable units up to 24 units appears appropriate for such an outcome.

**Comments/Responses Continued**

- **Comment:** There needs to be more flexibility in the number of units that are income and rent restricted at the 80% and 30% AMI levels.
  - **SC Housing Response:** The number of units restricted to specific income and rent levels at 80%, 60%, 50%, or 30% are specified by the state and federal regulations which govern the three funding sources.
• Comment: The minimums set for liquid assets and net worth are too high.
  o SC Housing Response: As the responsible entity and administrator for the entirety of funding for each and every project, the Authority must take steps to ensure Applicants are financially solvent and have the financial wherewithal to overcome any development set-back. The financial criteria threshold amounts specified in the draft SRDP Manual dated 12-15-2017 have been reduced once already.

• Comment: If all funds are not depleted, consider funding more than one (1) project per applicant instead of having a Round 2.
  o SC Housing Response: SC Housing will include this suggestion in the SRDP Manual. All criteria will be followed including no one (1) county receiving more than 20% of all SRDP funds.

• Comment: If an applicant has developed affordable housing utilizing Low-Income Housing Tax Credits (LIHTC), will that previous development experience satisfy the criteria that the experience must be obtained through the successful completion of affordable housing utilizing at least one (1) governmental funding source?
  o SC Housing Response: Yes.

• Comment: Would SC Housing allow an applicant to use a general contractor with which they have an identity of interest, so long as the proper identity of interest disclosure paperwork is completed and proper procurement processes are followed?
  o SC Housing Response: Award recipients also wishing to act as their own general contractor may request an exception to be made by the Authority to allow an identity of interest. The Authority will make exceptions on a case-by-case basis. Such determinations will take into consideration the capacity of the general contractor, in addition to past performance of the identity of interest entities.

• Comment: Would construction of a small on-site office be considered eligible construction costs under SRDP?
  o SC Housing Response: It is allowable for projects containing 24 units to construct a small, approximately 500 sq. ft., on-site office under SRDP and such costs will be considered acceptable. TDC must still remain at or below $175,000 per unit.

1. Introduction

This Annual Plan is part of the larger five-year Consolidated Plan for 2016-2020. The Consolidated Plan required and reflects the coordinated efforts of various state agencies, citizens and other organizations. The Plan is a comprehensive report, spanning multiple cross-jurisdictional areas of need, involving multiple agencies, programs and funding sources, and beyond the ability of a single entity or person to effectively develop. Instead, the cooperation and expertise of other agencies was necessary to develop a comprehensive plan based on accurate and pertinent data, effectively identifying goals, needs and strategies, and which could serve as an umbrella under which the state can undertake HUD-funded housing and community development in South Carolina. As such the Consolidated Plan describes the consultation and coordination efforts undertaken by the state and which served to inform the plan that governs this current 2018 Annual Plan.

Provide a concise summary of the state’s activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies

SC Department of Health and Environmental Control staff responsible for administering the HOPWA Program also administer the Ryan White Care Act for the State, and Ryan White Care Act providers represent the entire spectrum of special needs housing, case management, health and mental health and other supportive services providers for people living with HIV/AIDs. Having the same entities manage programs and services funded by both HOPWA and Ryan White ensures a coordinated and seamless approach to service delivery.

SC Housing continues its joint venture with the Department of Mental Health to assist with affordable housing for their low-income target population. This includes an ongoing Tenant Based Rental Assistance program. Currently there are 46 tenants which receive rental assistance on a continuing basis.

SC Housing participates with other state and federal agencies through the use of memorandums of understanding documents (MOU) which provide a process to easily communicate and share information. Such MOUs speed up production of and decrease costs of affordable housing. Agencies SC Housing has entered into MOUs with include the U.S. Department of Agriculture Rural Housing Service, the S.C. Department of Archives and History State Historic Office of Preservation, and S. C. Department of Mental Health.

In addition to the Consolidated Plan partner agencies identified in PR-05, numerous other state agencies, non-profit organizations, public housing authorities, and continuums of care contributed to the development of the Consolidated Plan. These are described in detail in the 2016-2020 Consolidated Plan.
Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

SC Office of Economic Opportunity staff responsible for the State Emergency Solutions Program meet regularly with the State Continuums of Care to discuss homeless needs and strategies, as well as upcoming Annual Plans when appropriate, funding allocations between homeless services including outreach, shelter and transitional housing facilities and operations, homeless prevention and re-housing, and HMIS, as well as to align objectives and policies to achieve a more coordinated approach to addressing homeless needs in South Carolina.

Describe consultation with the Continuum(s) of Care that serves the State in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS.

SC Office of Economic Opportunity staff responsible for the State Emergency Solutions Program meet regularly with the State Continuums of Care to discuss homeless needs and strategies, as well as upcoming Annual Plans when appropriate, funding allocations between homeless services including outreach, shelter operations, homeless prevention and re-housing, and HMIS, as well as to align objectives and policies to achieve a more coordinated approach to addressing homeless needs in South Carolina. ESG also requires potential subgrantees to receive an endorsement letter from the CofC in their area for the annual ESG competition (yearly awards). Furthermore, ESG attends the Homeless Coalition Meetings bi-monthly with all CofC's. We also meet with each HMIS lead agency, attend policy meetings and also volunteer for different committees.

Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?
The state's 2016-2020 Consolidated Plan, AP-10 Consultation, Section 2 identifies fifty-six different organizations and the consultation the state had with them during the development of the Plan. Annually, State CDBG consults with the ten regional Councils of Government (COGs) at meetings held periodically during the year and has an ongoing dialogue throughout the year with the COGs and local governments in South Carolina. Application and Implementation Workshops held each year provide additional opportunities to discuss local and regional needs and issues with existing and potential CDBG grant recipients, interested local government officials and COG directors and community development staff.

Identify any Agency Types not consulted and provide rationale for not consulting

Please refer to the AP-10 Consultation Section in the state's 2016-2020 Consolidated Plan.

Many additional organizations, representing additional agency types, were consulted during the development of the 2016-2020 Consolidated Plan, but IDIS limits the number of organizations that can be input into this section. As a result, not all are reflected in Section 2 of AP-10 of the Consolidated Plan.
However, during the development of the Consolidated Plan, HOPWA consulted with Ryan White Care Act providers, via a public meeting focused on special needs housing. HOME also created an online survey to better identify affordable housing needs and assess how to best allocate available resources. An invitation to participate in the survey was emailed to over 1,500 affordable housing advocates.

Summarize citizen participation process and how it impacted goal-setting

Per the State of South Carolina’s Citizen Participation plan, input from the public and stakeholders was solicited by each of the five Consolidated Plan programs during the development of the 2016 - 2020 Consolidated Plan, which governs the current Action Plan. This is described fully in the Participation section of the state's 2016 - 2020 Consolidated Plan.

In preparation for the 2018 Annual Action Plan, the state continued to consult as it does throughout the plan period with its program constituents and interested parties, via meetings with program constituents, workshops, etc. Input received was considered during the development of the 2018 Plan and prior to finalizing and submitting the final document to HUD. The Plan was made available in draft form for public review for the 30 day period extending from January 8, 2018 through February 6, 2018. A public hearing was also held on January 25, 2018 to discuss the 2018 Plan.

**Table 5 - Expected Resources – Priority Table**

*Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied*

A number of other resources, including other federal, private, non-profit, local and state programs, can be used to address housing, community development and special needs. Much of the funding for housing and community development programs in particular originates from federal sources. Programs including HOME, NHTF, CDBG, Low Income Housing Tax Credits (LIHTCs), Section 8 rental assistance programs and Low Income Home Energy Assistance (LIHEAP), are allocated to states based on formulas. Other federal programs are available on a demonstration basis or through a competitive process on a national or regional level, and as such are more difficult to obtain and less secure as a long-term funding source. A complete list of federal resources for housing and community development is provided in the 2016-2020 Consolidated Plan.

State resources for housing include the various programs and the State Housing Trust Fund administered by the State Housing Finance and Development Authority, which are described below. In addition, HUD requires the State to provide matching funds for the CDBG, HOME, and ESG Program allocations, as described below. The HOPWA nor NHTF programs do not require a match from the State of South Carolina for their allocation.

**CDBG-DR**

CDBG-DR funds have been prioritized for housing rehab and housing replacement for eligible individuals affected by the October 2015 flooding. One hundred percent of funds available will be allocated to this activity. The State’s approved Action Plan can be found on the CDBG-DR Office website at http://www.scstormrecovery.com/wp-content/uploads/2017/02/scdroactionplan.pdf. Progress is posted on the CDBG-DR Office website at this link: http://www.scstormrecovery.com/program-progress/. More information can be found on the SC Disaster Recovery Office website:

https://www.scdr.sc.gov/#programs

*Annual Action Plan 2018*
HOME

The HOME program requires a 25 percent (25%) match. HOME program matching funds are provided by SC Housing through the State Housing Trust Fund. The SC HTF is a state-funded program created in 1992 to assist low-income households in all 46 counties. The fund receives a small portion of all documentary stamp taxes collected.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

The State does not own any land or property that may be used to address the needs identified in the plan.

AP-25 Allocation Priorities – 91.320(d)

Introduction:

Each Program has identified various programs or activities that will be funded during 2018, and that will directly contribute toward achieving the goals defined in this plan. Funding for each of these programs or activities are described in program-specific sections of AP-30, Method of Distribution. Each program's Method of Distribution section also describes other, allowable set-asides for program administration and other activities related to program delivery, and demonstrates compliance with the program caps for these activities. Such activities include program administration, technical assistance (CDBG), CHDOs (HOME), sponsor administration (HOPWA), and HMIS (ESG).

The percentages below reflect the relative share of 2018 funding planned for each program or activity to be funded in 2018. Note that these percentages are calculated after allowable set-asides have been deducted from the total allocation. These total 100%, indicating that, after allowable set-aside, all 2018 funding will be awarded to help achieve one of the program goals identified in this Annual Action Plan.

The set-aside activities are not included in the table below, which is automatically generated by IDIS and which cannot be modified by the State. These activities are, however, described in AP-30, Method of Distribution. All comply with pertinent program regulations and caps, as described in AP-30.

Table 7 – Funding Allocation Priorities
Reason for Allocation Priorities

The CDBG, HOME and NHTF, and ESG programs for 2018 are designed to address the three priority needs, Decent Housing, Suitable Living Environment, and Economic Opportunity. Allocation priorities are based on expected funding and program evaluation of relative need amongst the related objectives identified in the Plan.

CDBG-DR

CDBG-DR funds have been prioritized for housing rehab and housing replacement for eligible individuals affected by October 2015 flooding. One hundred percent of funds available will be allocated to this activity. The State's approved Action Plan can be found on the CDBG-DR Office website at http://www.scstormrecovery.com/wp-content/uploads/2017/02/scdroactionplan.pdf. Progress is posted on the CDBG-DR Office website at this link: http://www.scstormrecovery.com/program-progress/. More information can be found on the SC Disaster Recovery Office website: https://www.scdr.sc.gov/#programs

HOPWA

DHEC allocates funding for TBRA, Facility based Supportive Housing, STMRU, PHP, and Supportive Housing. Each of these are successful in preventing homelessness of persons with HIV.

How will the proposed distribution of funds will address the priority needs and specific objectives described in the Consolidated Plan?

CDBG

Each year, the State establishes programs under which CDBG funds for the year will be distributed, generally through a competitive funding process. The programs, and the project types and activities eligible under each program, are those that reflect eligible uses of CDBG funding and that will help address priority needs and specific objectives described in the Consolidated Plan. However, as required by the State’s method of distribution, CDBG funds are actually distributed to local governments through competitive funding rounds for most programs, and these local governments, if successful in receiving funding, then actually carry out the activities identified in the Consolidated Plan, in accordance with applicable program requirements. In this way, the State makes CDBG funds available for priority
activities identified in the Consolidated Plan that will directly impact priority needs and help accomplish goals and objectives.

Specific activities to be undertaken, however, are determined by the application process and the specific projects and activities proposed by the highest scoring applicants for CDBG funding. Applications received and projects awarded funding each year are described in the Consolidated Annual Performance and Accomplishment Report or CAPER. For more detailed information on the types of eligible activities, as well as the method of distribution for each program, refer to the program documents on the CDBG website at www.cdbgSC.com.

**HOME and NHTF**

SC Housing develops annual applications in support of providers who conduct activities to address the priority needs and specific objectives as described in this plan. HOME and NHTF funds are distributed to local governments, nonprofit organizations and other entities to carry out the activities identified in the Consolidated Plan, in accordance with applicable program requirements. Funds are made available for priority activities identified in the Strategic Plan that will directly impact priority needs and help accomplish goals and objectives.

Activities to be undertaken by HOME and/or NHTF recipients of funds are subject to the specific applications received and program funding awards. For more detailed information on the types of eligible activities, as well as the method of distribution for each program, refer to the program documents on the SC Housing website at www.schousing.com.

**ESG**

ESG Grant funds will be allocated to each category as follows: The Emergency Solutions Grant Program plans to distribute its funds, after program admin and HMIS, as follows: Shelter/Street Outreach 60% Homeless Prevention/Rapid Rehousing 40%. Program admin is 7.5% of the total and HMIS is 10%. Actual amounts may differ once all applications are received and scored, but shelter will not exceed 60%.

**HOPWA**

DHEC serves all areas of the state except the two areas that are HOPWA entitlement communities (Columbia and Charleston) and the counties that fall in North Carolina and Georgia HOPWA entitlement communities. DHEC distributes the funds to regional Ryan White Care Providers and/or eligible non-profit organizations that assist persons living with HIV/AIDS. Housing assistance through STRMU, PHP, and TBRA increases client's housing stability. Increasing use of supportive services in order to assist individuals in maintaining housing stability are critical and include case management and transportation.
Method of distribution refers to the means by which the state will distribute funds expected to be received by the five formula grant programs, CDBG, HOME, NHTF, ESG and HOPWA, each year.

Each program distributes funds to local governments, nonprofit organizations and other entities to carry out the activities identified in the Consolidated Plan, in accordance with applicable program requirements. Funds are made available as described below, for priority activities identified in the Strategic Plan that will directly impact priority needs and help accomplish goals and objectives described in this Annual Plan. Program regulations also allow for a specified amount, typically a percentage of the total allocation, to be set aside for state or local recipient administration and other eligible activities, such as ESG HMIS administration, that do not directly contribute to accomplishments that will be reported in the performance report, but rather facilitate program delivery and accomplishment of goals. Compliance with applicable program caps and regulations is also addressed in the sections below.

- CDBG, HOME, and NHTF have established programs for 2018 designed to address the three priority needs, Decent Housing, Suitable Living Environment and Economic Opportunity, and related objectives identified in this Annual Plan. Programs and funding levels are provided under the Federal Resources section of this plan. Strategies, or specific activities and project types that potential funding recipients may propose, are described in each program’s annual plan, along with scoring criteria as applicable to the competitive programs and any other criteria used to select projects for funding.

- ESG makes funds available through one competitive funding round each year and will do so again this year to distribute the 2018 allocation. Eligible nonprofits in the state may operate homeless shelters, transitional housing, homeless services programs, street outreach programs, or homeless prevention and re-housing programs and may request funds for any eligible activity defined in the program annual plan. These activities correspond to priority activities identified in this Annual Plan, and to the requirements and regulations governing the new Emergency Solutions Program. Funding decisions are based on eligibility, selection and scoring criteria described in the annual plan.

- DHEC allocates HOPWA funding for TBRA, Facility Based Supportive Housing, STRMU, PHP, and Supportive Services. Each of these are successful in preventing homelessness of persons with HIV, as described in the program’s annual plan.

Activities to be undertaken by recipients of funds are subject to the specific applications received and program funding awards. For more detailed information on the types of eligible activities, as well as the method of distribution for each program, refer to the program documents on each Program’s website.

The CDBG program has been funded through the State since 1982 by the U.S. Department of Housing and Urban Development (HUD) under the Housing and Community Development Act of 1974, as amended (Title I). The CDBG program is governed by Title I of the Housing and Community Development Act of 1974, as amended, and its implementing regulations for the State Program at 24 CFR Part 570, Subpart I. All CDBG activities must be carried out in accordance with the requirements of Title I, Subpart I, the State Consolidated Plan and this Program Description. Some criteria are scored independently based on scoring criteria outlined in the CDBG Program Description, and others are ranked and scored accordingly in logical increments. The Selection Criteria will be rated and assigned a score from 1 to 3 where 3 = the best response, 2 = average, and 1 = less than satisfactory. Zero points may be awarded to a criterion if minimum program requirements are not addressed. The point assignment will be multiplied by the weight of each criterion to obtain a score. There is a maximum score of 300 points. ### If only summary criteria were described, how can potential applicants access application manuals or other state publications describing the application criteria? (CDBG only)

Each year, the SC Department of Commerce Grants Administration Division updates its annual plan or CDBG Program Description and applicant guidance documents and posts them on the www.cdbgSC.com website. These include the CDBG Program Description, CDBG Application Guidelines and CDBG Implementation Manual, as well as other information helpful to potential applicants. Application requests forms can also be found on the website. Note that both the CDBG Program Description and Application Guidelines define and describe all scoring criteria and provider a more in-depth discussion of how each type of CDBG application will be reviewed.

  - Community Enrichment - $3,000,000  
  - Neighborhood Revitalization - $914,708

  - State Technical Assistance - $504,690  
  (Note that for the Allocation Priorities percentage calculations, Special Projects and Ready to Go have been included with Community Infrastructure.)

The amount for Technical Assistance is also equal to the allowable amount, or 1% of the annual allocation.) |
**State Program Name:**

**Community Development Block Grant Program**

CDBG grant maximums and minimums have been established for each Program, as follows:

- Community Infrastructure - $750,000 maximum, $50,000 minimum
- Community Enrichment, Neighborhood Revitalization & Ready to Go - $500,000 maximum, $50,000 minimum
- Special Projects - $150,000 maximum and $50,000 minimum
- Economic Development - $10,000 per job maximum and $50,000 minimum
- Regional Planning - $50,000

* Waivers of the grant maximum up to $1,000,000 will be considered based on whether the project addresses an urgent and compelling need, regional solution, or system-wide improvements (i.e., treatment plant), as well as the extent of leveraging and a reasonable CDBG cost of $10,000 per household or less. A written waiver request explaining the rationale must be submitted for consideration with the application.

For Community Development Programs, a unit of local government, filing individually or as a lead applicant, may submit only one application per Community Development Program category. A Community Development Program project may consist of one primary activity and associated activities as appropriate and necessary to implement the primary activity in one or more eligible target areas, or a project may consist of multiple activities which address priority needs in one defined LMI neighborhood or target area.

The grant award limits for each category may be waived at the discretion of Grants Administration in order to provide the level of assistance required where other resources are not reasonably available to the unit of local government to address the need in a timely manner or where Grants Administration determines the amount is necessary and appropriate to achieve the State’s CDBG Program objectives.

The CDBG Program also has established threshold factors that apply. As a performance-based incentive, a unit of local government can apply for an additional Community Development grant if it has no more than two open CDBG grants (excluding Business Development or Regional Planning grants). However, the open grants must not have exceeded a 30 month grant period.

There are additional program category threshold limits that apply:

- No more than one Neighborhood Revitalization/Village Renaissance or streetscape project.
- No more than one Ready to Go project.
### Community Development Block Grant Program

- No more than one project for the same general target area/neighborhood open at the same time, unless the current project is under construction.

For threshold purposes, a grant is considered open if it is not programmatically closed at the time of application submission. The applicant must submit a request for waiver prior to or with the application request. At the discretion of Grants Administration, a performance threshold waiver may be considered only for the following reasons:

- There is an urgent or compelling need for immediate assistance, such as an imminent health threat to the public, or
- It is determined that lack of performance on an open grant is due to unavoidable circumstances or conditions beyond the control of the local government. If problems are determined to be administrative, the local government may be allowed to apply if a different grant administrator is responsible for the new application/project.

A unit of local government may not apply for Community Development funds if it has any open grant which has not been programmatically closed due to the local government's lack of compliance with significant programmatic or financial requirements of the program. A grant may not be awarded to a local government which has a serious, outstanding audit or monitoring finding involving the potential for significant monetary restitution or non-responsiveness on any previously funded CDBG grant.

### Emergency Solutions Grant Program

- All projects are required to propose a level of benefit and performance outcomes they expect the project will achieve as a result of the use of CDBG funds. Projects are evaluated on this basis, along with all other scoring criteria, and projects must demonstrate that they have achieved performance goals once all project funds have been expended, as part of the grant closeout process. Accomplishments are reported annually in the State's Consolidated Performance and Evaluation Report, or CAPER.

**Describe all of the criteria that will be used to select applications and the relative importance of these criteria.**

The Emergency Solutions Grant uses many different criteria in selecting applications. But some of the ones that weigh heaviest are past performance, additional funding, and area of need.

Up to 18 points can be awarded based on collaboration with COC's and endorsement letter. An additional 8 points can be awarded based on our question, "Does this project duplicate services in area?" This question helps rural areas. 45 points are based on submittal of financial information. The rest of the points are made up by need of program, experience in similar program, experience in ESG if applicable.

**If only summary criteria were described, how can potential applicants access application manuals or other state publications describing the application criteria? (CDBG only)**

Not applicable to ESG.

**Describe the process for awarding funds to state recipients and how the state will make its allocation available to units of general local government, and non-profit organizations, including community and faith-based organizations. (ESG only)**

The State of South Carolina has opted to ONLY award funds to non-profit organizations and not to units of general local government. Each year we invite past recipients and new agencies throughout the year that have inquired about the grant to a RFP meeting. This meeting covers the basics of ESG and how to apply. Applications are then due in April where we review, score, and rank the applicants. We then invite all award recipients to a post award meeting to discuss further details of the ESG program.

All 501(c)3 registered in the state of South Carolina are eligible to apply for the ESG. We hold a pre award workshop to discuss the ins and outs of the program. In April the RFA are due and a panel of 3 OEO employees scored applicants on a scale of 0-105. We then average the scores and set a limit. Starting in 2018 agencies will be compared with other agencies in it's continuum and not the state as a whole.

**Describe how resources will be allocated among funding categories.**

The Authority anticipates a total of $13,688,276 for distribution made up of $6,988,276 in 2018 allocated funds and $4,200,000 in accrued program income from 2017 as well as funds deobligated/rescinded/remaining from 2016 and 2017. It will be allocated in funding categories as follows:

- Allowable set aside of ten percent (10%) for the administration of the program. Administrative funds of $698,827 will be used for the planning, administration, allocation of indirect costs and monitoring of the program. Funds will also be used to conduct workshops to assist participants in applying for and implementing HOME funded projects.
- The required CHDO set-aside allocation is fifteen percent (15%) which is estimated to be $1,048,242 of the Authority’s total HOME allocation. CHDOs wanting to receive funds must comply with the established procedures contained in the 2018 Small Rental Development Program Manual for funding. This amount is included in the total amount of the set-aside for the rental competition.
- Set aside of $11,000,000 to be used in conjunction with the Low Income Housing Tax Credit (LIHTC) Program, National Housing Trust Fund Program as well as the SC Housing Trust Fund to finance rental developments in an effort to maximize the state’s available resources.
- Set aside of $1,539,449 to be used in conjunction with the Authority’s Single Family Mortgage Revenue Bond (MRB) Program. The funds will provide assistance with down payment and closing costs to potential homebuyers.
- Set aside of $350,000 to be used in a partnership with the SC Dept of Mental Health to fund a TBRA program.
- Set aside of $100,000 to be used for other rental assistance.

**Identify the method of selecting project sponsors (including providing full access to grassroots faith-based and other community-based organizations). (HOPWA only)**

Through a competitive grants request for applications (RFGA) process, the RFGAs are advertised on the DHEC website and in the South Carolina Business Opportunities (SCBO) newsletter in the fall preceding the March 31st end of the contract period.

All providers known by DHEC to be serving people living with HIV/AIDS are contacted regarding the release of the RFGA. Grass-roots faith based organizations and other community–based organizations are eligible to apply.

HOPWA RFGA Award Notification is posted on the DHEC website. Emails with the link to the Award Notification are sent to all applicants. After the dispute period, grant agreements are made with the awarded entity. These contracts typically run for 3 years.

DHEC distributes the funds to regional Ryan White Part B Service Providers, eligible non-profit organizations and/or local health departments that assist persons with HIV/AIDS.

**Describe how resources will be allocated among funding categories.**

TBRA allocation is made by DHEC based on current utilization of the program and availability of funding.

Facility Based Supportive Housing operating costs are established by DHEC based on the reasonable needs of the program and historical costs to operate the facility.

Remaining funds are allocated through a formula based on HIV prevalence rates by county, to Project Sponsors that provide STRMU, PHP, and Supportive Services. The allocation for each service is determined by the Project Sponsor based on local needs.

The Program Year 2018 allocation will be distributed as follows:

- Sponsor Admin - $118,091
- State Program Admin - $54,738

Note that carry forward funds of $93,000 are also included in Total Expected Funds on AP-15. These funds will be allocated to TBRA.

### Describe threshold factors and grant size limits.

TBRA Project Sponsor maximum annual award is $600,000.

The maximum annual award for Facility Based Supportive Services Operating costs is $190,000.

Project Sponsor awards are dependent upon the HOPWA award amount, but range from $5,000 to $156,000. The award is based on the prevalence of HIV/AIDS in the Project Sponsor service area.

### What are the outcome measures expected as a result of the method of distribution?

The primary objective of DHEC’s statewide HOPWA program is to keep People Living with HIV/AIDS (PLWHA) from becoming homeless and promote stable housing. HOPWA enables eligible persons with HIV/AIDS and their families to secure and sustain decent, safe and sanitary housing.

During FY 2016-2017, the goal of 120 clients served with TBRA was exceeded as 129 households were served with TBRA. Fifty-four households were provided with permanent housing placement exceeding the goal of 40. 1,551 households received supportive services such as case management, employment assistance, transportation, and alcohol and drug abuse services exceeding the goal of 850 supportive services. Seventeen households resided in units supported with HOPWA operating funds, in which the goal was 10. 151 households received STRMU assistance just missing the goal of 200.

Of those in TBRA, 85% remained stable at the end of FY17. In the same time period, of those receiving STRMU, 8% were stable and 86% were temporarily stable with reduced risk of homelessness. Of those receiving supportive services, 99% received support for stable housing, 95% had access to support, 94% had access to health care, and 92% had a source of income.

These are the target outcome measures going forward.

What are the outcome measures expected as a result of the method of distribution?

All projects are subject to HOME/NHTF/SC HTF compliance monitoring requirements. At a minimum, the owners of projects are responsible for conducting the following annually:

1. Maximum rent and utility allowances must be reviewed and recalculated annually upon the anniversary of the lease renewal date. Updated HOME/NHTF rents are published annually by HUD and are provided on the Authority’s website. Updated SC HTF rent allowances are updated annually by SC Housing.

2. The HOME Final Rule and the NHTF Interim Rule requires approval of all rents on an annual basis for developments with such units. The approval process will be handled by the Compliance Monitoring Department. Annual Rent Approval Form M-66 will be submitted to Compliance Monitoring staff to begin the approval process.

3. HUD Utility Schedule Model. All utility allowance calculations on the Excel Spreadsheets as part of the HUD Utility Schedule Model must be provided. The Authority reserves the right to review all backup data used for calculations. HUD link: http://www.huduser.org/portal/resources/utilmodel.html.

4. The annual income for all tenants must be reviewed and verified each year. Updated HOME/NHTF incomes are published annually by HUD and are provided on the Authority’s website. Updated SC HTF income limits are updated annually by SC Housing, and also provided on the website. The annual income definition found at 24 CFR Part 5: income is the gross amount of income of all adult household members that is anticipated to be received during the coming 12 month period.

5. On-site inspections for compliance with the Uniform Physical Conditions Standards (UPCS) should be conducted by the owners:

   i. The Authority conducts periodic on-site compliance reviews throughout the...
affordability period to ensure compliance with HOME/NHTF/SC HTF rental program requirements. These reviews include, but are not limited to, occupancy requirements and property standards. Refer to the SRDP Compliance Manual located on the Authority’s website for further compliance monitoring requirements.

ii. Rental projects with 10 or more HOME units will be required to submit financial statements annually to determine the financial health of the project. Specifics will be determined upon release of guidance from HUD.

The five HUD programs included in this Consolidated Plan do not allocate funding availability by region. Instead, CDBG, HOME, and NHTF allocate funding availability by program, with each year’s programs designed to address the various objectives and priority needs described in this plan. ESG makes funding available through one competition, with no regional targeting of funds. HOPWA assistance is directed to all counties in the state, determined based on HIV prevalence rates, except those counties awarded through a direct HOPWA award to the City, such as the City of Greenville, City of Charleston, and the City of Columbia. HOME and NHTF funding will give preference to those counties in the state that have not received assistance in the last two funding cycles.

Introduction:

The State Housing Finance and Development Authority (SFHDA), which serves as the Local Housing Authority in the administration and delivery of rental assistance under HUD's Section 8 programs, does not operate, own, or manage any public housing units. Instead, community based Public Housing Authorities (PHAs) located in the states larger suburban and metropolitan areas own and manage public housing developments. SHFDA supports the local PHAs with financing and/or technical assistance and thereby helps the PHAs achieve the federal program objectives of encouraging homeownership, self-sufficiency, and youth development, but the state does not undertake public housing resident management or ownership initiatives.

During the development of the Consolidated Plan, the State reviewed the plans of public housing authorities in South Carolina. These plans indicate a general trend toward concepts of family self-sufficiency, individual development accounts, and homeownership programs.

To the State's knowledge, there are no outstanding court orders, consent decrees, or HUD sanctions that would either prevent or negatively impact the delivery of affordable housing to low income persons and families or impede implementation of the Consolidated Plan.

Discussion:
AP-65 Homeless and Other Special Needs Activities – 91.320(h)

Introduction

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The Emergency Solutions Grant Program has increased its Street Outreach component over the last several years and expects this to grow. With the street outreach component agency employees go to places in the public with known homeless and engage them. Many times this could be as small as giving them a hygiene kit. But it begins to build trust. As we have seen many homeless are uneasy giving you any information about themselves. But our street outreach workers do talk with these people to identify specific needs and point them in a direction that can help them.

Addressing the emergency shelter and transitional housing needs of homeless persons

The Emergency Solutions Grant Program allocates up to 60% of our total funding for the Emergency Shelter component. Because of a HUD ruling transitional housing is no longer an eligible cost.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

All agencies that work with Homeless Prevention and Rapid Rehousing have intense case management to address all the above needs to set them up for success in the future.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

The Emergency Solutions Grant Program has a prohibition against discharge planning that prevents us from being involved with facilitating the discharge from these institutions. If the person discharged from
these institutions come to us we are able to provide all the services as anyone else would get at an agency.

Introduction:

Affordable housing development can be impeded by a variety of factors including zoning and land use policy, administrative and processing procedures involved in review, permitting and approval of housing development, property taxes, exactions and fees, local building codes, transportation, development and infrastructure costs and neighborhood opposition to local affordable housing development, or an attitude known as NIMBY, or “Not In My Backyard.”

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

• SC Housing will continue to host its annual Palmetto Affordable Housing Forum: a conference which encompasses topics, education and skills necessary to implement strategies and overcome barriers such as the need to change zoning restrictions, change state and local fees, and change local building codes that impede the production of affordable housing. The Annual Palmetto Affordable Housing Forum will be held April 2018.
• In 2018, SHFDA will continue the SC Mortgage Tax Credit Program to help homebuyers make their mortgages more affordable. It is a Mortgage Credit Certificate Program administered by SHFDA which provides a federal income tax credit to qualified homebuyers for every year they occupy the home as their primary residence. This program was begun in 2012.
• SC Housing’s Palmetto Heroes Program will continue to assist local “heroes” to become homeowners. Eligible homebuyer “heroes” include law enforcement officers, teachers, veterans, fire fighters, nurses, correctional workers and EMS personnel. The program provides a reduced mortgage interest rate and down payment assistance.
• SC Housing will hold Lender Partner and SC State Housing Authority Certified Real Estate Professional training classes at locations throughout the state. The Lender Partner training covers program requirements such as home price limits, income limits, and the SC Housing loan process. Certified Real Estate Professional training covers SC Housing programs availability and eligibility and requirements for SC Housing loans. Legal and Real Estate continuing education sessions were also included in the Palmetto Affordable Housing Forum. The overall purpose is to increase awareness of housing programs and resources to expand the supply of affordable housing and increase homeownership opportunities in the state.
• SC Housing will maintain its expanded social media presence as a means of communicating information to housing partners, homeowners and renters and others interested in housing in the state. The agency has continued its use of Twitter and Facebook. SC Housing’s use of these innovative electronic tools and technologies has allowed it to operate more efficiently and communicate in a more dynamic and timely way. In November of 2017, SC Housing launched a
new website designed to, hopefully, make finding information easier for South Carolinians as well as create less "clicks."

- SC Housing will award grant funds for construction or to facilitate construction of new affordable rental housing units. HOME, NHTF, and SHFDA funds in these projects directly lower the cost of the unit and thereby make rental units more affordable. SHFDA will also provide HOME and other funds for down payment and closing cost assistance and below market interest rate financing to make homeownership more affordable and financing simpler and more available.

- Authority staff will spend time meeting with Senators and Representatives on an ongoing basis to educate them on the various affordable housing programs the Authority administers as well as to review several annual reports with them: Accountability Report, Affordably Housing Statewide Impact Report, Investment Report, and HTF Annual Report. This interaction enables the Senators and Representatives to understand the need for, as well as the impact of, affordable housing in their areas, and this in turn helps them discuss the positives of affordable housing when their constituents call with NIMBY issues and concerns.

Discussion:
AP-85 Other Actions – 91.320(j)

Introduction:

The Consolidated Plan regulations require the State to address other actions to meet specific initiatives identified by HUD. These actions are summarized below.

Actions planned to address obstacles to meeting underserved needs

The primary obstacle to meeting underserved housing and community development needs of the state is funding; and existing resources continue to shrink. Demand for assistance, on the other hand, is growing as a result of recent economic conditions and typically exceeds the supply of available resources. The number of lower income individuals, families, and neighborhoods in need, coupled with the complexity of issues they face is steadily increasing in both scale and cost. The combination of these factors places substantial new burdens on an already strained housing and community development delivery system.

Capacity and resource coordination are also significant obstacles. Infrastructure deficiencies are persistent impediments to the State’s ability to address long-standing community needs. Insufficient expertise, funding, and planning plague a disproportionate number of South Carolina’s rural areas. Capacity limitations as well as inadequate resource coordination are barriers to undertaking crucial quality of life improvements. Consequently, much needed new development or upgrades in housing, infrastructure, and community facilities are not made. Prolonged periods of disinvestment and decline have resulted in some economic and social decline in many communities across the state.

The State’s strategy to overcome existing deficiencies in its housing and community development efforts is based on collaboration, education, outreach, and comprehensive planning. Consumers, providers, funders, policy makers, advocates and communities can benefit from increased communication, training and technical assistance to establish meaningful solutions to the housing and community development needs and improved quality of life among lower income populations.

A greater emphasis is being placed on collaboration among partners as the most effective means to reach community and economic development goals. South Carolina is poised to turn a corner in its economic structure, and utilizing our resources along with others will be the only way to make positive change. CDBG is making specific efforts to help make communities more economically competitive.

The CDBG program recognizes obstacles concerning funding and underserved needs. To address limited funding, the CDBG program requires that recipients generally provide a match for most types of projects and encourages leveraging of financial and other resources. This financial vested interest on the part of
the recipient encourages the timely and successful completion of projects as well as the careful selection of projects that best meet the needs of the community.

Actions planned to foster and maintain affordable housing

The primary resources for addressing affordable housing in South Carolina are administered by the State Housing Finance and Development Authority (SHFDA). SHFDA administers the HOME and NHTF Programs, along with the programs described below:

- **South Carolina Housing Trust Fund** - established in 1992 using funding from a dedicated portion of the deed stamp tax. Funding is available to eligible non-profit housing development sponsors in all 46 counties, are awarded on a quarterly basis and can be used to finance the development of affordable group homes for the disabled, emergency housing for battered women and their children, single room occupancy units for working homeless and disabled veterans, multifamily rental units low-income, individuals, families, the elderly, and etc., and owner-occupied rehabilitation for any homeowner that is at 50% or below the area median income for the county in which they live.

- **Multifamily Tax Exempt Bond Program** - provides permanent real estate financing for property being developed for multifamily rental use through the sale of tax-exempt revenue bonds. Financing is available to non-profit and for-profit sponsors, or developers, who agree to set aside: a) at least 20% of the units for households with annual gross incomes at or below 50% of the area median income, or b) 40% or more of the units for households whose annual gross income is at or below 60% of the area median.

- **Low Income Housing Tax Credit Program** - a federal program that provides an incentive to owners developing affordable multifamily rental housing. Allocations of credits are used to leverage public, private and other funds in order to keep rents affordable. Developments that may qualify for credits include new construction, acquisition with rehabilitation, and rehabilitation and adaptive re-use. Developers who are awarded tax credits must agree to keep apartments affordable and available to lower income tenants for at least 30 years. Annually, SHFDA establishes priorities and needs in its QAP, or Qualified Tax Credit Allocation Plan. Ten percent of the State’s annual LIHTC allocation is reserved for the exclusive use of joint venture projects that involve the substantive participation of qualified non-profit organizations.

- **Section 8** - State-administered and includes Housing Choice Vouchers, Moderate Rehabilitation, and Homeownership Vouchers. The Voucher Program provides rental assistance in the private rental market to very low income individuals and families in Clarendon, Colleton, Dorchester, Fairfield, Kershaw, Lee, and Lexington Counties.

- **Neighborhood Stabilization Program (NSP)** – although this program is in its final stages, NSP’s purpose since 2008 has been to acquire and redevelop foreclosed properties that might otherwise become sources of abandonment and blight within their communities. NSP provides grants to purchase foreclosed or abandoned properties and to rehabilitate, resell, or redevelop.
these properties in order to stabilize neighborhoods and stem the decline of house values of neighboring homes.

Continued in "Discussion" below.

**Actions planned to reduce lead-based paint hazards**

The following are strategies and possible resources available to the State to combat the danger that lead based paint hazards present to children. Typically, Federal programs are limited in scope and are targeted to only certain population or housing sectors. Moreover, they often do not fully address testing children for elevated blood levels or abating lead from all housing, schools or childcare facilities. Attention should be focused first on units posing the greatest hazard and on strategies designed to meet the special needs of those populations feared most at risk. South Carolina’s resources to reduce the lead-based paint (LBP) hazard include:

- Lead hazard abatement is an eligible activity under the HOME, Neighborhood Stabilization Program (NSP), Neighborhood Initiative Program (NIP), NHTF and CDBG programs for projects involving repair, rehabilitation, or demolition of housing. All programs provide guidance regarding required steps to evaluate, address and/or abate lead, safe work practices, and notification procedures.
- Lead hazard requirements/guidelines consist of written notification via brochure notifying tenants and potential homebuyers of dangers of lead-based paint poisoning. All beneficiaries must read and sign the documentation prior to occupying the unit.
- SHFDA’s Low Income Housing Tax Credit, Homeownership, Mortgage Assistance and Housing Trust Fund Programs require compliance, disclosure and/or testing in accordance with federal requirements.
- Recipients of HOME, NHTF and CDBG funds are encouraged to identify additional sources of funding to assist with lead hazard activities related to projects where rehabilitation is not funded. Examples include HUD Lead Safe Homes and other grant programs and private sector resources that may be available.

The SC Department of Health and Environmental participates in the Environmental Health Public Tracking System (EHPT) of the US Centers for Disease Control and Prevention. To facilitate its participation, DHEC had to streamline its own lead database so that it could provide required EHPT data and incorporate data from the Adult Blood Lead Epidemiology and Surveillance Program. EHPT data for 2010 is now available.

Note that South Carolina law requires physicians to report conditions, including suspected lead poisoning, on the DHEC List of Reportable Conditions to their local public health department, and laboratories are required to report all blood lead values in children less than six years of age. As a result,
DHEC now provides several data resources for the number and percent of children tested for lead by age group and children tested for lead with Elevated Blood Lead Levels (EBLL).

The state will also continue to take the following actions in addressing lead-based paint hazards in pre-1978 housing:

- Provide information and guidance related to lead-based paint hazard reduction to recipients of CDBG, HOME, NSP, NIP and NHTF, including training as necessary.
- Continue to require notification of residents and owners of all houses receiving CDBG, HOME, NSP, NIP and NHTF assistance regarding the hazards of lead-based paint.
- Incorporate lead hazard reduction strategies, in accordance with HUD requirements, in all HUD assisted housing rehabilitation and provide technical assistance on an as needed basis to ensure compliance with program policies and procedures and HUD notification requirements.

**Actions planned to reduce the number of poverty-level families**

Poverty in South Carolina persists despite continuous efforts to combat it. According to the US Census Bureau, data from the 2015 ACS 5-Year Estimates indicates that statewide 17.9% of South Carolinians are below the poverty level, compared with 16.9% for the US South and 15.5% for the nation as a whole. This is an improvement in recent years, however, most of the improvement has been in the state’s more urban areas where income and employment growth are stronger. 33 of the state’s 46 counties still have poverty rates above the state average, including 26 of the state’s most rural counties where 20% or more of the population is below poverty.

Addressing this issue falls within the purview of numerous state agencies, including the Department of Social Services, the Department of Employment and Workforce, the Department of Health and Human Services, the Department of Education, the Commission on Minority Affairs and the Department of Commerce. Each of these agencies has a mission and undertakes planning activities (such as TANF plans) which encompass one or more of the factors shown to cause poverty: insufficient education, lack of economic opportunity, health and social problems and lack of self-sufficiency. The key means with which a state can combat poverty in the short-term is to create economic opportunity and provide opportunities for working age adults to improve skill levels and successfully compete for new and better paying jobs as these opportunities become available. Over the longer term, K-12 education and programs to combat health and social problems and address disparities in access to services and support are also important. The latter, however, are beyond the scope of the agencies involved in this Consolidated Plan.

What is within the scope of the Consolidated Plan is the expansion of economic opportunity, primarily using CDBG funds to address issues which are obstacles to economic opportunity, such as low workforce skills, absence or inadequacy of basic public infrastructure and services needed to support economic growth, and downtown and commercial centers that lack vitality and are not conducive to small local business growth, residential growth or a large and thriving employer base. For those areas which can
support business and industrial growth, CDBG funds can also be used, where appropriate and feasible, to help facilitate job creation by new or existing expanding businesses. The CDBG Program Description describes programs of CDBG funding that can assist with expanding economic opportunity and business development or job creation/retention for the 2018 Program Year.

**Actions planned to develop institutional structure**

The State's strategy to enhance its housing and community development institutional structure centers around improved education, outreach, comprehensive planning and coordination. Consumers, providers, financiers, policy makers, advocates and communities benefit from increased cross-sector communication (dialogue) and education in understanding that economic factors are inextricably linked with meaningful solutions to housing needs and improved quality of life among lower income populations.

Both public and private sector agencies, organizations and institutions contribute to the State's delivery infrastructure for affordable housing and community development. These agencies and organizations are important development partners in South Carolina. Some have established histories as partners with the State; many more are new and emerging collaborators. All are tremendously vital resources in South Carolina's continuing challenge to address the affordable housing and improved community and economic development needs of lower income households.

In terms of housing development in particular, coordination is facilitated by combining the administration of HOME and most other federal and state programs for housing in one agency: the State Housing Finance and Development Authority. Community and economic development is the mission of the SC Department of Commerce, which manages CDBG as well as other state resources that can be used for these two purposes, notably including Appalachian Regional Commission funding and the State Rural Infrastructure Fund. The Secretary of the SC Department of Commerce also heads the board of the State Rural Infrastructure Authority. Finally, the SC Department of Commerce and Rural Infrastructure Authority routinely meet with other sources of infrastructure funding, such as the SC Department of Health and Environmental Control and USDA, to discuss projects, needs and priorities in an effort to better coordinate the delivery system.

Together, agencies and organizations in the state contribute significant financial and technical resources to benefit low and moderate income individuals and families of the State. These contributions help capitalize outreach, education and development initiatives. Private and local funds are leveraged with Federal and State funds in order to implement affordable housing and community development initiatives Statewide. Each entity, public or private, pass-through or direct provider, offers services to
low income persons and is considered a critical component of South Carolina's housing and community development delivery system.

**Actions planned to enhance coordination between public and private housing and social service agencies**

The SC State Finance and Development Authority does not own or operate any public housing. However, private developers that receive Authority funds are encouraged to communicate with other housing providers within a project's community as part of the project development process.

**Discussion:**

- **Neighborhood Initiative Program (NIP)** - Also in its final stages, the goal of NIP was to stabilize property values through the removal of blighted properties in strategically targeted areas, in an effort to prevent future foreclosures for existing property owners. NIP will assist communities by stemming the decline of home values and acting as a catalyst to initiate redevelopment and revitalization in areas suffering from blight and decline. Demolition of blighted properties will have a positive effect on preserving existing neighborhoods. NIP is a joint venture of the South Carolina State Housing Finance and Development Authority and the SC Housing Corp., a not-for-profit corporation. NIP is made possible by the U.S. Department of the Treasury.

- **SFHDA also administers SC Help** aimed at maintaining homeownership and making it more affordable and sustainable by providing direct assistance to homeowners potentially facing foreclosure. This program is also winding down.

- **Mortgage Revenue Bond Program** - the State's primary tool for expanding homeownership opportunities for low and moderate income families in South Carolina. The sale of tax exempt bonds to investors provides the bulk of the funding available to qualified, first-time homebuyers. Banks and mortgage companies originate mortgage loans on the agency’s behalf and offer them at reduced interest rates. This below market rate financing provides the edge needed to make homeownership affordable for many of the State’s lower income residents. Maximum purchase price and borrower income limits apply and typically vary by county.

HOME Investment Partnership Program (HOME)
Reference 24 CFR 91.320(k)(2)

1. A description of other forms of investment being used beyond those identified in Section 92.205 is as follows:

   No other forms of investment are anticipated being used.

2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:

   In conjunction with the Authority’s Single Family Mortgage Revenue Bond Program, HOME funds are made available directly to eligible beneficiaries for down payment and closing costs assistance. The assistance will not exceed $6,000 per unit and will be offered in the form of a deferred forgivable loan.

   All HOME-assisted homebuyer housing will meet the specific requirements of 24 CFR Part 92.254 in order to qualify as affordable housing. The homebuyer will have an initial purchase price that does not exceed 95 percent of the median purchase price for the area. The deferred forgivable loan documents and written agreement will enforce the provisions requiring the unit be the principal residence of an owner whose family qualifies as low-income at the time of purchase, the established affordability period based on the direct HOME subsidy and the recapture rather than the resale provision.

3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:

   The homebuyer must occupy the purchased property for a period of ten years before the HOME assistance will be fully forgiven. If the purchased property is sold before the ten year affordability period has expired, all HOME funds must be repaid. The amount recaptured by the Authority will not exceed the amount available from net proceeds.

4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:

   There are no plans to refinance debt.
Emergency Solutions Grant (ESG)
Reference 91.320(k)(3)

1. Include written standards for providing ESG assistance (may include as attachment)

   In order to receive ESG assistance, an individual or family must fit one of the HUD definitions of homeless, chronically homeless or at risk of homelessness. These definitions are included at the bottom of this section.

2. If the Continuum of Care has established centralized or coordinated assessment system that meets HUD requirements, describe that centralized or coordinated assessment system.

   All four CoC's have established a basic CES system. Right now the State as well as a HUD representative are on policy and procedures standards committee. As on right now, highest ranking of VI-SPADAT + location will get you served first in CES.

3. Identify the process for making sub-awards and describe how the ESG allocation available to private nonprofit organizations (including community and faith-based organizations).

   Awards will be made through an application and scoring process. Agencies will be compared to other agencies in it's own continuum as opposed to the State. This is new for 2018. We also will consult with each continuum to help identify specific needs in each continuum.

4. If the jurisdiction is unable to meet the homeless participation requirement in 24 CFR 576.405(a), the jurisdiction must specify its plan for reaching out to and consulting with homeless or formerly homeless individuals in considering policies and funding decisions regarding facilities and services funded under ESG.

   Homeless participation is a requirement of the application. If you don't have it your application is incomplete and therefore not eligible.

5. Describe performance standards for evaluating ESG.

   Subrepecieants are evaluated based on planned expenditures vs actual expenditures. While this is the most important aspect we will also look at planned number of people served vs actual people served. We also take into account accurate and timely submission of all requested reports and information.
Housing Trust Fund (HTF)
Reference 24 CFR 91.320(k)(5)

1. How will the grantee distribute its HTF funds? Select all that apply:

☒ Applications submitted by eligible recipients

2. If distributing HTF funds through grants to subgrantees, describe the method for distributing HTF funds through grants to subgrantees and how those funds will be made available to state agencies and/or units of general local government. N/A

3. If distributing HTF funds by selecting applications submitted by eligible recipients,

a. Describe the eligibility requirements for recipients of HTF funds (as defined in 24 CFR § 93.2). If not distributing funds by selecting applications submitted by eligible recipients, enter “N/A”.

Eligible Recipient: An organization, agency, or other entity (including a public housing agency, a for-profit or a nonprofit entity) that receives assistance as an owner or developer to carry out an affordable housing project. An eligible recipient must:

OMB Control No: 2506-0117 (exp. 06/30/2018)
Financial Criteria: Each Applicant must meet a minimum financial capacity standard based on the total number of rental units to be developed:

1. 8 - 13 total units – Applicant must have a minimum net worth of $1 million and a minimum of $150,000 in unrestricted liquid assets.
2. 14 - 19 total units – Applicant must have a minimum net worth of $1.5 million and a minimum of $200,000 in unrestricted liquid assets.
3. 20 - 24 total units – Applicant must have a minimum net worth of $2 million and a minimum of $250,000 in unrestricted liquid assets.

All potential recipients must provide audited financial statements. If individuals are required as financial guarantors compiled financial statements will be accepted for those individuals. The Authority reserves the right to perform an independent verification of assets. A form will be provided by the Authority at a later date. Financial statements must include a balance sheet dated on or after September 30, 2016.

1. The Authority defines liquid assets as cash, cash equivalents, and investments held in the name of the entities and/or persons, including cash in bank accounts, money market funds, U.S. Treasury bills, and equities traded on the New York Stock Exchange or NASDAQ. Certain cash and investments will not be considered liquid assets, including, but not limited to: 1) stock held in the applicant’s own company or any closely held entity, 2) investments in retirement accounts, 3) cash or investments pledged as collateral for any liability, and 4) cash in property accounts including reserves.
2. All liquid assets must be identified in the submitted financial statement.
3. If no individual member of an applicant group meets the minimum financial requirements, then members may combine assets to meet the requirements by including a combining schedule in addition to their individual statements.
4. The Authority reserves the right to verify information in the financial statements and all financial capacity statements made by applicants, lenders, accountants, and others. If false statements are found to have been made at any point in time, all entities and/or persons associated with the application will be debarred from all Authority programs for three (3) years.

c. Describe the selection criteria that the grantee will use to select applications submitted by eligible recipients. If not distributing funds by selecting applications submitted by eligible recipients, enter “N/A”.

Applicants must be in good standing with all Authority and SC Housing Corporation administered programs. A SRDP Eligibility Certification (M-47), signed by the Authority’s Development Awards Manager prior to application submission, must be submitted with ALL applications. ANY participating organization, developer(s), general partner(s), or managing member(s) will be automatically disqualified...
if any of the following issues of noncompliance are demonstrated. Issues of noncompliance may include, but is not listed to:

a. Open investigation(s) involving federal and/or state officials alleging fraud, misuse, waste, or abuse of funding;

b. Uncorrected non-compliance violations with the Authority or SC Housing Corporation administered programs, or uncorrected breaches of agreements in conjunction with Authority or SC Housing Corporation administered programs;

c. Not in good standing with other Authority and SC Housing Corporation administered programs (including delinquent loan payments owed to the Authority, compliance monitoring fees, etc.);

d. Debarred from participation in other federal programs (i.e. HUD, RHS, CDBG, HOPWA, ESG, FHLB, etc.) or any Authority administered programs (i.e. HOME, LIHTC, HTF, NHTF, NIP, NSP, etc.); and/or

e. The Applicant’s audited financial statements contain findings that have not been cleared that are relative to administering or managing housing assistance programs.

The Authority has sole discretion in the determination of non-compliance and it is not subject to interpretation, appeal or final resolution.

d. Describe the grantee’s required priority for funding based on geographic diversity (as defined by the grantee in the consolidated plan). If not distributing funds by selecting applications submitted by eligible recipients, enter “N/A”.

According to the 2016-2020 South Carolina State Consolidated Plan for Housing and Community Development, there are no specified geographic priorities or regional targeting of funds as it pertains to HUD programs, with the exception of the HOPWA program. As such, NHTF will be available statewide to the highest ranked applications until all NHTF funds are exhausted. There will be a preference given to those counties in which SC Housing has not awarded HOME or NHTF funds in the last two years.

e. Describe the grantee’s required priority for funding based on the applicant’s ability to obligate HTF funds and undertake eligible activities in a timely manner. If not distributing funds by selecting applications submitted by eligible recipients, enter “N/A”.

Eligible Applicant’s must have experience and demonstrate their experience in developing rental housing projects similar to the one(s) proposed. Previous development experience of Rental properties using at least one (1) governmental funding source: Owners (which include individual(s), corporation(s), nonprofit(s), profit(s), Public Housing Authorities or units of local government) will receive points for the previous development of successful rental projects utilizing at least one governmental funding source. Previous development experience must be obtained through the successful completion of affordable housing utilizing CDBG, HOME, NHTF, SC HTF, FHLB, LIHTC, NSP Rental, etc. Experience
gained as an owner of another entity may be included but not as an employee of another entity. Experience in successful rental projects means coordinating the development team from the planning, financing and construction of a project through receipt of Certificates of Occupancy (COs) and reaching stabilized occupancy. Applicant must have a current ownership interest in the previous projects. Applicants must complete the Applicant Experience Certification (Form M-34).

Previous development experience of Rental properties: Owners (which include individual(s), corporation(s), nonprofit(s), for-profit(s), Public Housing Authorities or units of local government) for the previous development of successful rental projects. Experience gained as an owner of another firm may be included but not as an employee of another firm. Experience in rental projects means coordinating the development team from the planning, financing and construction of a project through receipt of Certificates of Occupancy and reaching stabilized occupancy. Applicants must have ownership interest in the previous projects.

f. Describe the grantee’s required priority for funding based on the extent to which the rental project has Federal, State, or local project-based rental assistance so that rents are affordable to extremely low-income families. If not distributing funds by selecting applications submitted by eligible recipients, enter “N/A”.

This year, SC Housing is not including a preference for PBRA in those applications requesting NHTF, but is utilizing the SC HTF to assist in developing NHTF-assisted units so that there is no debt burden and projects can operate efficiency with sufficient cash flow and therefore, ensuring rents are affordable to extremely low-income families.

g. Describe the grantee’s required priority for funding based on the financial feasibility of the project beyond the required 30-year period. If not distributing funds by selecting applications submitted by eligible recipients, enter “N/A”.

This year, SC Housing is not asking Applicants to voluntarily take on a longer affordability period than the required 30-year period. SC Housing is actually trying to assist by ensuring all awarded applications are able to cash flow for the entire 30-year period which is a difficult task.

h. Describe the grantee’s required priority for funding based on the merits of the application in meeting the priority housing needs of the grantee (such as housing that is accessible to transit or employment centers, housing that includes green building and sustainable development
features, or housing that serves special needs populations). If not distributing funds by selecting applications submitted by eligible recipients, enter “N/A”.

South Carolina's priority housing needs listed in the State's Consolidated plan are:
a. Improve affordable housing opportunities statewide, particularly rental housing.
b. Support of transitional and supportive housing facilities for people with disabilities, HIV/AIDS, and other special needs.
c. Preservation of affordable housing.
d. Identify additional sources for rental assistance.
e. Homeless prevention and rapid re-housing.

Each application must address at least one of the above priority housing needs. As designed, South Carolina's NHTF program will be available to new construction affordable rental housing units only. As such, all applications will meet the first listed priority; a. Improve affordable housing opportunities statewide, particularly rental housing. Depending on the variety of applications submitted, additional priority housing needs may also be addressed with the exception of item c. Preservation of affordable housing. It is anticipated that rehabilitation of affordable housing will be available through South Carolina's NHTF program next year and subsequent years.

i. Describe the grantees’s required priority for funding based on the extent to which the application makes use of non-federal funding sources. If not distributing funds by selecting applications submitted by eligible recipients, enter “N/A”.

All applications for NHTF will also receive SC HTF, which is a non-federal funding source administered by SC Housing. Using non-federal funding sources is such a priority that it has been made mandatory for 2018.

4. Does the grantees’s application require the applicant to include a description of the eligible activities to be conducted with HTF funds? If not distributing funds by selecting applications submitted by eligible recipients, select “N/A”.

Yes

5. Does the grantees’s application require that each eligible recipient certify that housing units assisted with HTF funds will comply with HTF requirements? If not distributing funds by selecting applications submitted by eligible recipients, select “N/A”.

Yes
6. **Performance Goals and Benchmarks.** The grantee has met the requirement to provide for performance goals and benchmarks against which the grantee will measure its progress, consistent with the grantee’s goals established under 24 CFR 91.315(b)(2), by including HTF in its housing goals in the housing table on the SP-45 Goals and AP-20 Annual Goals and Objectives screens.

Yes

7. **Maximum Per-unit Development Subsidy Amount for Housing Assisted with HTF Funds.** Enter or attach the grantee’s maximum per-unit development subsidy limits for housing assisted with HTF funds.

The limits must be adjusted for the number of bedrooms and the geographic location of the project. The limits must also be reasonable and based on actual costs of developing non-luxury housing in the area.

If the grantee will use existing limits developed for other federal programs such as the Low Income Housing Tax Credit (LIHTC) per unit cost limits, HOME’s maximum per-unit subsidy amounts, and/or Public Housing Development Cost Limits (TDCs), it must include a description of how the HTF maximum per-unit development subsidy limits were established or a description of how existing limits developed for another program and being adopted for HTF meet the HTF requirements specified above.

The maximum per unit subsidy limits are limited to the lesser of the average estimated Total Development Cost per unit for HOME units in years 2015 and 2016 or the High Cost Percentage (HCP) of 244% for the Base City Columbia, SC. The effective date of the HCP for Base City Columbia, SC is November 18, 2015.

The single limits are appropriate for the entire state as a result of consistent construction costs throughout the state.

meet upon project completion. The grantee’s description of its standards must be in sufficient
detail to determine the required rehabilitation work including methods and materials. The
standards may refer to applicable codes or they may establish requirements that exceed the
minimum requirements of the codes. The grantee must attach its rehabilitation standards
below.

In addition, the rehabilitation standards must address each of the following: health and safety;
major systems; lead-based paint; accessibility; disaster mitigation (where relevant); state and
local codes, ordinances, and zoning requirements; Uniform Physical Condition Standards; and
Capital Needs Assessments (if applicable).

N/A - New Construction Only

9. **Resale or Recapture Guidelines.** Below, the grantee must enter (or attach) a description of
the guidelines that will be used for resale or recapture of HTF funds when used to assist first-
time homebuyers. If the grantee will not use HTF funds to assist first-time homebuyers, enter
“N/A”.

N/A

10. **HTF Affordable Homeownership Limits.** If the grantee intends to use HTF funds for
homebuyer assistance and does not use the HTF affordable homeownership limits for the area
provided by HUD, it must determine 95 percent of the median area purchase price and set forth
the information in accordance with §93.305. If the grantee will not use HTF funds to assist first-
time homebuyers, enter “N/A”.

Any limitation or preference must not violate nondiscrimination requirements in § 93.350, and
the grantee must not limit or give preferences to students. The grantee may permit rental
housing owners to limit tenants or give a preference in accordance with § 93.303(d)(3) only if
such limitation or preference is described in the action plan.

N/A

12. **Refinancing of Existing Debt.** Enter or attach the grantee’s refinancing guidelines below.
The guidelines describe the conditions under which the grantee will refinance existing debt.
The grantee’s refinancing guidelines must, at minimum, demonstrate that rehabilitation is the primary eligible activity and ensure that this requirement is met by establishing a minimum level of rehabilitation per unit or a required ratio between rehabilitation and refinancing. If the grantee will not refinance existing debt, enter “N/A.”

STATE CERTIFICATIONS

In accordance with the applicable statutes and the regulations governing the consolidated plan regulations, the State certifies that:

**Anti-displacement and Relocation Plan** — It will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, and implementing regulations at 49 CFR 24; and it has in effect and is following a residential anti-displacement and relocation assistance plan required under section 104(d) of the Housing and Community Development Act of 1974, as amended, in connection with any activity assisted with funding under the CDBG or HOME programs.

**Anti-Lobbying** — To the best of the State's knowledge and belief:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; and

3. It will require that the language of paragraphs 1 and 2 of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts

The State certifies that:

Citizen Participation -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR §91.115 and each unit of general local government that receives assistance from the State is or will be following a detailed citizen participation plan that satisfies the requirements of 24 CFR §570.486.

Consultation with Local Governments -- It has or will comply with the following:

1. It has consulted with affected units of local government in the nonentitlement area of the State in determining the method of distribution of funding;

2. It engages in or will engage in planning for community development activities;

3. It provides or will provide technical assistance to units of local government in connection with community development programs; and

4. It will not refuse to distribute funds to any unit of general local government on the basis of the particular eligible activity selected by the unit of general local government to meet its community development needs, except that a State is not prevented from establishing priorities in distributing funding on the basis of the activities selected.

Local Needs Identification -- It will require each unit of general local government to be funded to identify its community development and housing needs, including the needs of low-income and moderate-income families, and the activities to be undertaken to meet these needs.

Community Development Plan -- Its consolidated housing and community development plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that have been developed in accordance with the primary objectives of Title I of the Housing and Community Development Act of 1974, as amended. (See 24 CFR 370.2 and 24 CFR part 570)

Use of Funds -- It has complied with the following criteria:

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it certifies that it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low and moderate income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include activities which the grantee certifies are designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available;

2. Overall Benefit. The aggregate use of CDBG funds including section 108 guaranteed loans during program year(s) 2017, 2018 and 2019 (a period specified by the grantee consisting of one, two or three specific consecutive program years), shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period;
3. **Special Assessments**. The state will require units of general local government that receive CDBG funds to certify to the following:

It will not attempt to recover any capital costs of public improvements assisted with CDBG funds including Section 108 loan guaranteed funds by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

It will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108, unless CDBG funds are used to pay the proportion of fee or assessment attributable to the capital costs of public improvements financed from other revenue sources. In this case, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds. Also, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

**Excessive Force** -- It will require units of general local government that receive CDBG funds to certify that they have adopted and are enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and

2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction;

**Compliance With Anti-discrimination laws** -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 USC 2000d), the Fair Housing Act (42 USC 3601-3619), and implementing regulations.

**Compliance with Laws** -- It will comply with applicable laws.
