2021 MINNESOTA HOUSING PROFILE

Across Minnesota, there is a shortage of rental homes affordable and available to extremely low income households (ELI), whose incomes are at or below the poverty guideline or 30% of their area median income (AMI). Many of these households are severely cost burdened, spending more than half of their income on housing. Severely cost burdened poor households are more likely than other renters to sacrifice other necessities like healthy food and healthcare to pay the rent, and to experience unstable housing situations like evictions.

SENATORS: Amy Klobuchar and Tina Smith

164,080 OR 26%
Renter Households that are extremely low income

$27,940
Maximum income of 4-person extremely low income households (state level)

-94,390
Shortage of rental homes affordable and available for extremely low income renters

$42,705
Annual household income needed to afford a two-bedroom rental home at HUD’s Fair Market Rent.
