ES-05 Executive Summary - 91.300(c), 91.320(b)

1. Introduction

The U.S. Department of Housing and Urban Development (HUD) provides funding for housing and community development through several formula grant programs. Alaska receives approximately \$9.27 million annually for four HUD programs: the HOME Investment Partnership Act (HOME), the Community Development Block Grant Program (CDBG), the National Housing Trust Fund (NHTF), and the Emergency Solutions Grant Program (ESG). In order to maintain eligibility for these, the State must engage in a consolidated planning process, which results in the development of this Annual Housing and Community Development Plan (HCD Plan) as well as several other documents.

In Alaska, two Participating Jurisdictions (PJs) receive formula funding for the CDBG, HOME, and ESG programs: the Municipality of Anchorage (MOA) and the State of Alaska. The Municipality of Anchorage is responsible for the preparation and maintenance of its own HCD Plan. The State of Alaska's HCD Plan covers all geographic areas of Alaska outside of the Municipality of Anchorage; often referred to as the "balance of state." Pursuant to 24 CFR 93.404(b), the State has executed a written agreement awarding funds to the MOA for NHTF Activities. The Alaska Housing Finance Corporation (AHFC) will not directly award the NHTF funds for projects within the MOA.

The State of Alaska's HCD Plan is a cooperative effort among AHFC, the Alaska Department of Commerce, Community and Economic Development (DCCED), the Alaska Department of Health and Social Services (DHSS), and the Alaska Mental Health Trust Authority (AMHTA). AHFC is the lead agency in the preparation and maintenance of the State's Consolidated Plan.

This Annual Action Plan (AAP) identifies housing and community development resources expected to be available and it provides the details for the use of HOME, CDBG, ESG, and NHTF funds during the year. The AAP includes a description of how funds will be allocated, the program activities to be undertaken, and the amount of funds to be distributed for each program activity. Also included in the AAP is an overview of homelessness needs and actions to be undertaken to address homelessness, special needs housing, lead based paint hazards, collaboration with the public housing agency, and non-housing community development concerns. The AAP will provide a basis for assessing effectiveness through completion of the Consolidated Annual Performance Evaluation Reports (CAPER).

As the Plan was developed, the following points were recognized:

- The seven Guiding Principles developed during the drafting of the Plan are the same as those found in the current HCD Plan based on public comment and with recognition of the increasing necessity to consider transportation when determining cost and location of housing development.
- The population of Alaska has grown from 710,231 in 2010 to an estimated 736,239 in 2018, approximately 3.7%.ⁱ This is a decrease from the 2017 population estimate of 737,847. During the same period, the population in the “balance of state” (all areas, but Anchorage) grew 5.4%, from 418,405 to an estimated 440,874. This is an increase from the 2017 Balance of State estimate of 440,096.
- The biggest housing related issues moving forward into the next five years are in-state migration from rural areas to urban areas; the growth in the senior population, lack of affordable safe and quality housing stock.
- There are increased risks of homelessness in environmentally threatened communities where homes are adversely effected by flooding, erosion, permafrost thaw, and other natural hazards compounds.
- Some people are aware of fair housing laws and who to contact if they have a complaint, but more work is needed to continue increasing awareness of the protection these laws provide.
- Homelessness remains an important concern, particularly as uncertainty exists with the national and State economy and with recidivism in the corrections system remaining high.
- The availability of housing accessible for persons with a disability remains a barrier for many households.
- The State has funded its first NHTF units, which are expected to be placed in service in SFY 2020.
- The Alaska Housing Finance Corporation (AHFC), on behalf of the State of Alaska, will administer the National Housing Trust Fund. Under NHTF regulations, the only jurisdiction other than the state of Alaska eligible to receive a sub-grant of NHTF is the Municipality of Anchorage (MOA). AHFC will be providing the MOA a NHTF funds of at least \$550,000.00 to administer NHTF Activities directly in Anchorage. Pursuant to 24 CFR 91.320(k)(5), the State’s HUD approved NHTF allocation plan addresses its intent to award NHTF funds to MOA.

ⁱ United States Census Bureau - [Census.gov/quickfacts](https://www.census.gov/quickfacts)

ⁱⁱ Alaska Department of Labor and Workforce Development - labor.alaska.gov

- The remaining NHTF will be administered for the area of Alaska outside of Anchorage consistent with the participating jurisdictional boundaries of the HOME program. The balance of state funds will be allocated through the Greater Opportunities for Affordable Living (GOAL) program. The Rating and Award Criteria Plan for the GOAL program will set the priorities for the allocation of NHTF. In this way it can be coordinated with the Low Income Housing Tax Credit (LIHTC), HOME Investment Partnership, and Senior Citizens Housing development Fund (SCHDF) programs, or any other funding that might become available during a special purpose GOAL round, within a single application process. Please visit the following URL for more information regarding the GOAL Program:
<https://www.ahfc.us/pros/grants/development-grants/goal/>
- A sub-grant of NHTF to the MOA will be subject to a number of conditions regarding liability for non-compliance and repayment of funds that indemnifies AHFC. HUD has informed AHFC that AHFC will retain liability for non-compliance and repayment of any sub-granted funds to the MOA. Pursuant to 24 CFR 93.404(b), the State will execute a written agreement awarding funds to the MOA for NHTF activities. The MOA NHTF allocation plan must address all required elements of the written agreement with the State. If certain terms of sub-grantee written agreement are not followed, the funds will be recaptured by AHFC and allocated through the GOAL program.

Overall, the housing and community development work in Alaska delivered results during the past five years. The work done during that period with HOME, CDBG, NHTF, and ESG funds, as well as other related state and federal monies, has had a positive effect. This HCD Plan provides the strategy by which that work can continue so that growth, improvement, and success will move forward during the next year.

2. Summary of the objectives and outcomes identified in the Plan Needs Assessment

The statutory goal of the HCD Plan is to:

Provide decent housing, create suitable living environments, and expand economic opportunities for Alaskans at or below 80% of median income.

Guiding Principles

A set of seven guiding principles direct the use of program resources covered by this Consolidated Plan. The wide range of housing and community development conditions across Alaska makes the use of guiding principles the most practical and effective means of targeting scarce HCD resources. The 2016-2020 guiding principles are:

- 1) **The use of federal housing and community development funds should emphasize benefit to low income Alaskans and increase sustainable housing and neighborhood options for Alaskans.** Rationale: The amount of federal funds is limited; greatest needs are among the lowest-income households. Low to moderate income Alaskans should not have their housing options limited to only lower-income neighborhoods.
- 2) **Use of community development funds should emphasize the creation of economic opportunity through development of infrastructure.** Rationale: Basic infrastructure is lacking in many of Alaska's communities and is a major barrier to economic self-sufficiency. Location-efficient facility decisions can reduce the operating and capital expenses associated with transportation.
- 3) **Preserve and upgrade existing housing supply through weatherization and rehabilitation.** Rationale: Because it is so expensive to develop new housing, every effort must be made to prolong the useful life and to lower operating costs of Alaska's existing housing.
- 4) **Use of federal homeless funds should emphasize activities that maintain and strengthen the service delivery system for Alaska's homeless, consistent with local strategies.** Rationale: Very little formula funding is available for services to help the homeless and near-homeless.
- 5) **Maximize the use of federal housing and community development funds by supporting projects that include significant leveraging resources.** Rationale: The amount of federal funds is limited; more can be accomplished if federal funds are combined with state and local resources.
- 6) **Expand the supply of affordable housing for Alaskans with special needs, incorporating universal design and appropriate supportive services.** Rationale: Existing housing supply is inadequate to meet current and projected need for this population, which has historically been underserved.
- 7) **Housing and community development projects should incorporate climate specific design and engineering, energy efficient community design and construction techniques and innovative technologies.** Rationale: Use of appropriate technologies insures long term viability of housing and community development projects. Communities designed in consideration of the link between transportation and housing costs, can minimize the consumption of energy used for mobility.

Outcome Performance Measures

The State uses the Outcome Performance Measurement System for Community Planning and Development Formula Grant Programs implemented in SFY 2007 (FFY 2006). For a more complete description of this program visit <https://www.gpo.gov/fdsys/pkg/FR-2006-03-07/pdf/06-2174.pdf>. In addition to comparing quantifiable achievements (i.e. units built) with projected goals to determine program success, performance evaluation includes a review of Priority Needs fulfillment. Each Goal is correlated with a Need or Priority, a measured outcome relevant to the activity type and purpose.

Outcome categories are:

- a. Reduction and Prevention of Homelessness – In general, this relates to activities that are designed to assist chronically homeless, families with children, veterans, unaccompanied youth and other homeless persons and those at-risk of homelessness.
- b. Decent Housing – Activities that are typically found under this outcome cover the wide range of housing possible under the HOME, CDBG, NHTF, or ESG programs. The objective is to focus on housing programs where the purpose of the program is to meet individual family or community needs; not programs where housing is an element of a larger effort, since such programs would be more appropriately reported under Suitable Living Environment.
- c. Creating Economic Opportunities – These are the types of activities related to economic development, commercial revitalization, or job creation.

3. Evaluation of past performance

The constant dilution of formula funds, due to inflation, that are allocated to Alaska makes the process of setting goals ever more challenging. Despite this increasing limitation, the State has managed to surpass the expected goals set by the previous Consolidated Plan.

During SFY16, the Alaska Housing Finance Corporation announced the suspension of the Home Energy Rebate Program waitlist with an effective date of March 25, 2016. The call center and online portal are no longer accepting new applicants. The suspension was in response to the budgetary challenges faced by the State. The Home Energy Rebate program has set aside funds to honor all those that are already in the program.

Please visit https://akrebate.ahfc.us/rebate_home_energy.aspx for more information.

Alaska Housing Finance Corporation will continue to support the Alaska Coalition on Housing and Homelessness in its efforts to develop a framework and a plan to significantly and measurably

reduce homelessness in Alaska. Although the movement to national or regional competitions has made Alaska less competitive for Section 202/811, the state was successful in receiving a five-year award of \$7.7 million in Section 811 rental assistance for persons with disabilities. Alaska Housing Finance Corporation completed a Special Purpose GOAL Round which combined NHTF, Special Needs Housing Grant (SNHG), and LIHTC to leverage Section 811 funding that has been awarded to our State. As a result, 56 new integrated rental housing units are to be built, which will include 14 Section 811 units.

The process to develop the SFY2019 CAPER will begin in early July 2019. A fifteen-day public comment period for the draft CAPER will be announced in late August or early September of 2019. The SFY2019 CAPER will be submitted to HUD by September 30, 2019. The SFY2018 Annual Performance Report is available at: <https://www.ahfc.us/pros/references/plans/>

4. Summary of Citizen Participation Process and consultation process

Two statewide teleconferenced public hearings were held on March 6, and March 20, 2019 to obtain public comment regarding housing and community development in preparation for drafting the SFY2020 Annual Action Plan. The draft AAP was made available for public review and comment on March 1, 2019 for a minimum of 30 days, which ended on April 3, 2019.

5. Summary of public comments

See Appendix E. Public Comments.

6. Summary of comments or views not accepted and the reasons for not accepting them

NA

THE PROCESS

PR-05 Lead & Responsible Agencies 24 CFR 91.300(b)

Agency/entity responsible for preparing the Consolidated Plan and those responsible for administration of each grant program and funding source.

Alaska's Consolidated Housing and Community Development Plan was created and maintained through a joint effort of several state agencies. An Interagency Steering Committee was created for this process. It includes representatives from AHFC, the Alaska Department of Commerce, Community and Economic Development (DCCED), the Alaska Department of Health and Social Services (DHSS), and the Alaska Mental Health Trust Authority. As the lead agency in HCD planning,

AHFC facilitates the process and provides a single point of contact for the public on matters relating to the HCD Plan. The Consolidated Plan reflects the collective priorities of many agencies, organizations and private citizenry within the State of Alaska. These groups and individuals represent a variety of housing and community development programs and concerns. Other entities giving input include state and local governments, non-profit organizations, regional housing authorities, and representatives of the private sector.

Private Citizens (particularly those with low incomes or residing in areas in which community development activities are likely to take place) are encouraged to participate in the development and review of the AAP. Pursuant to federal regulation (24 CFR 91.115) the State of Alaska has developed and adopted a Citizen Participation Plan encouraging public participation in the HCD Planning process.

Alaska's size and wide range of social, economic and physical environments present many challenges to any planning process. A variety of approaches were used to ensure the public had opportunities to participate in the SFY2019 AAP. The Interagency Steering Committee met on January 17, 2019 and provided ongoing input and review of the AAP. Two statewide teleconferenced public hearings were held on March 6, and March 20, 2019 to obtain public comment regarding housing and community development in preparation for drafting the SFY2020 Annual Action Plan.

The draft AAP was made available for public review and comment on March 1, 2019 for a minimum of 30 days which ended on April 3, 2019. Notification of the availability of the draft plan, and the public hearings were advertised in the Anchorage Daily News, the newspaper of statewide circulation, and in a number of email distribution lists. Notification of the availability of the draft plan, and the public hearings was published in the Anchorage Daily News and the AHFC List Serve with 3,090 recipients.

Announcements of the availability of the draft plan were sent to many individuals, organizations and local governmental entities via electronic list serve. The draft plan was made available on AHFC's website or in hard copy by contacting the HCD Plan Coordinator. Public comments on the draft Plan were received from March 1 through April 3, 2019 and considered. The AHFC's Board of Directors reviewed the plan at their May 29, 2019 meeting prior to the plan being submitted to HUD in June, 2019.

The following are the agencies/entities responsible for preparing the Consolidated Plan and those responsible for administration of each grant program and funding source.

Table 1 – Responsible Agencies

Agency Role	Name	Department/Agency
CDBG Administrator	State of ALASKA	Alaska Department of Commerce, Community and Economic Development
HOME Administrator	State of ALASKA	Alaska Housing Finance Corporation Planning and Program Development
NHTF Administrator	State of ALASKA	Alaska Housing Finance Corporation Planning and Program Development
ESG Administrator	State of ALASKA	Alaska Housing Finance Corporation Planning and Program Development

PR-10 Consultation - 91.110, 91.300(b); 91.315(l)

1. Introduction

Concise summary of the state’s activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l))

As the Housing Authority for the State of Alaska and the recipient of competitive funds for the Continuum of Care (CoC) and Housing Opportunities for Persons with AIDS (HOPWA), AHFC applies for planning funds whenever possible. The State distributes these funds in the form of grants to the two CoCs in the state for coordinated assessment of needs. AHFC staffs and chairs the Alaska Council on the Homeless, which has representation from other State agencies, the Alaska Mental Health Trust Authority, and service providers. Council meetings serve as a coordinating opportunity for these groups and other interested housing providers. Council meetings are often held in conjunction with the annual statewide housing conference, hosted by the Anchorage and Balance of State CoC organizations. The Statewide Homeless and Housing Office is located at AHFC and staffed by Planning and Program Development. The office serves as a one-stop shop for information about programs and funding opportunities to increase access to affordable housing in communities across the state.

Coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness

AHFC serves as both the designated homeless agency for the State of Alaska and a Collaborative Applicant for AK-501 Continuum of Care (CoC). Throughout the CoC application process, AHFC is intimately involved in assisting the CoC in establishing priorities and objectives to address the needs of Alaska’s homeless. In addition, AHFC works closely with the CoC throughout the year to identify areas of unmet need and determine funding priorities. This relationship helps inform AHFC’s funding priorities to address the needs of Alaska’s homeless, especially the chronically homeless, families with children, veterans, and unaccompanied youth.

Consultation with the Continuum(s) of Care that serves the state in determining how to allocate ESG funds, develop performance standards and evaluate outcomes, and develop funding, policies and procedures for the administration of Homeless Management Information Systems (HMIS)

As the designated housing agency and collaborative applicant for the AK-501 Continuum of Care (CoC), AHFC consults with the Alaska CoC on an ongoing basis.

Annually, AHFC reports on the current and upcoming ESG and state-funded Basic Homeless Assistance Program (BHAP) programs in conjunction with a meeting of the Alaska Coalition on Housing & Homelessness. The discussion includes how the relatively small amount of ESG funds awarded to Alaska will be allocated and performance standards. AHFC provides periodic reports to the CoC on the use of sponsor-based rental assistance funds by recipients as well as other state and federal programs targeting homeless services.

AHFC helps fund the HMIS system for the Balance of State and is an integral part of all CoC meetings and the AKHMIS Advisory Board, which direct the operation and administration of the system.

Agencies, groups, organizations and others who participated in the process and describe the jurisdictions consultations with housing, social service agencies and other entities

The State of Alaska’s HCD Plan covers all geographic areas of Alaska *outside of the Municipality of Anchorage*; often referred to as the “balance of state.”

The State of Alaska’s HCD Plan is a cooperative effort among the Alaska Housing Finance Corporation (AHFC), the Alaska Department of Commerce, Community and Economic Development (DCCED), the Alaska Department of Health and Social Services (DHSS), the Alaska Mental Health Trust Authority (AMHTA), and the Alaska Governor’s Council on Disabilities and Special Education

among others. AHFC is the lead agency in the preparation and maintenance of the State's Consolidated Plan.

During the year leading up to, and in preparation for, the drafting of the SFY2020 Annual Action Plan, AHFC representatives have also gathered information on housing needs with such groups and in such forums as:

- Alaska Association of Housing Authorities
- Alaska Coalition on Housing and Homelessness
- Alaska Community Development Corporation
- Alaska Department of Corrections
- Alaska Department of Commerce, Community, and Economic Development
- Alaska Department of Health and Social Services
- Alaska Department of Public Safety
- Alaska Mental Health Trust Authority
- Anchorage Coalition to End Homelessness
- Anchorage Economic Development Corporation
- Fairbanks Housing and Homeless Coalition
- Habitat for Humanity
- Juneau Coalition on Housing and Homelessness
- Juneau Housing Trust
- Kenai Peninsula Continuum of Care Coalition
- Kodiak Homeless Coalition
- Mat-Su Coalition on Housing and Homelessness
- Municipality of Anchorage
- NeighborWorks Alaska
- Seward Peninsula Housing Coalition
- Valley Charities, Inc. Wasilla, AK

Agency Types not consulted and provide rationale for not consulting

N/A

Cooperation and coordination among the State and any units of general local government, in the implementation of the Consolidated Plan (91.315(l))

A number of other sources of data and planning input in the area of housing and community development have been used in the preparation of this SFY2020 Plan. The Consolidated Planning process is designed to incorporate a broad scope of input and perspectives, and a wide range of resources targeted towards housing and community development. Examples of input from other planning and research efforts are included below:

Other local/regional/state/federal planning efforts considered when preparing the Plan

- “Moving to Work” National Conference – February 2015
- Alaska Continuum of Care for the Homeless—Homeless Strategy for All Areas Outside of Anchorage.
- AHFC—Moving to Work Plan SFY19
- AHFC — Housing Needs Assessment, 2018
- AHFC’s Annual Homeless Point in Time Survey Results
- Alaska Homeless Management Information System Data
- Alaska Council on the Homeless, Alaska’s Plan to End Long-term Homelessness
- Cold Climate Housing Research Center Publications
- NCSHA Federal Liaisons Monthly Telephone Round Table
- Alaska Department of Environmental Conservation—Village Safe Water
- Alaska Department of Health and Social Services—Comprehensive Integrated Mental Health Plan.
- Alaska Department of Transportation —Statewide Transportation Improvement Program
- Kenai Peninsula Borough—Quarterly Report of Key Economic Indicators
- 2014 Mat-Su Borough Housing Assessment and 2015 Housing Forum Report
- Alaska Tribally Designated Housing Entities— NAHASDA Indian Housing Plans
- SFY 2019 Alaska Housing Market Indicators:
 - Quarterly Survey of Alaska Lenders
 - Quarterly Survey of Alaska Permitting Activity,
 - Annual State of Alaska Rental Market Survey
- Alaska Prisoner Reentry Task Force, Five Year Prisoner Reentry Strategic Plan 2011-2016; February, 2011
- State of Alaska – 2016 recidivism Reduction Plan: Cost-Effective Solutions to Slow Prison Population Growth and Reduce Recidivism
- State Interagency Working Group – 2015 National Resiliency Disaster Competition – Division of Emergency Services and Homeland Security, Department of Environmental Conservation, Department of Commerce, Community and Economic Development
- Alaska Long-term Disaster Recovery Housing Task Force – Galena Recovery Project
- Alaska Supportive Housing Plan
- IAP Medicaid Innovation Accelerator Program

AP-12 Citizen Participation - 91.115, 91.300(c)

Summary of citizen participation process/Efforts made to broaden citizen participation and how it impacted goal-setting

The development of the HCD Plan is a result of input from a number of different sources. Those sources include; individuals, state agencies, local governments, non-profit organizations, regional housing authorities, and tribally designated housing entities, and the private sector. The HCD Plan also encourages the involvement of private citizens, particularly those with low incomes or residents of areas in which community development activities are likely to take place. Federal regulations

require the State adopt a Citizen Participation Plan, encouraging the public to participate in the development of the HCD Plan, and outlining the steps the State will take to solicit public input. Alaska's expansive geography and widely varying conditions offer challenges for the implementation of the State's Citizen Participation Plan. A number of different approaches may be used to maximize public input including:

- Interactive workshops
- Public hearings
- Teleconferences
- Working groups
- Focus Groups
- Linkages with other planning efforts
- Internet surveys
- Internet communications
- Social Media

The State uses teleconferencing and the internet to overcome the barriers of distance. Citizens in all areas of the State have the opportunity to participate in the HCD process. AHFC's web-site (www.ahfc.us) provides an overview of the HCD planning process, and offers an electronic means of providing HCD input. Other state, federal, and non-profit agency web-sites are linked to AHFC's web-site. Some of these links include the Alaska Mental Health Trust Authority; the Alaska Coalition on Housing and Homelessness; the Alaska Department of Commerce, Community and Economic Development; and the Alaska Department of Health and Social Services.

The public hearings held in conjunction with the development of the Plan were extensively advertised on the AHFC website, in newspapers, and via emails. An overview of the HCD planning process, anticipated timelines for completion and program performance were discussed at the events mentioned below; comments were encouraged. AHFC hosted public hearings on March 6 and March 20, 2019 at AHFC's Anchorage headquarters. Teleconference functionality was used to maximize citizen participation availability. Additionally, AHFC consulted with the following entities in drafting the HCD Plan:

- Governor's Council on Disabilities and Special Education
- Alaska Coalition on Housing and Homelessness
- Alaska Interagency Steering Committee
- Fairbanks Homeless Coalition
- Kenai Homeless Coalition
- Association of Alaska Housing Authorities
- Juneau Homeless Coalition

Affordable Housing Partnership
Anchorage Coalition to End Homeless
Matanuska Susitna Homeless Coalition
Anchorage Coalition General Meeting

The draft plan was released on March 1, 2019 with public comments accepted through April 3, 2019. AHFC's Board of Directors approved the SFY 2020 - HCD Plan on May 29, 2019 and directed AHFC staff to submit it to HUD. All public comments and the State's responses to the comments are in Appendix E.

AP-15 Expected Resources – 91.320(c)(1,2)

Introduction

Anticipated Resources for SFY 2020

Table 2 - Expected Resources – Priority Table

Program Name	Program Type	Anticipated Funding		
		Federal	State	Total
Beneficiary and Special Needs Housing	Housing for people with disabilities	\$ -	\$ 200,000	\$ 200,000
Capital Fund Program	Public Housing Improvements	\$ 2,500,000	\$ -	\$ 2,500,000
CDBG	HUD - Community Development Block Grant Program	\$ 3,017,702	\$ 60,000	\$ 3,077,702
Competitive Grants for Public Housing	Matching Funds Public Housing Resident Programs	\$ 750,000	\$ 350,000	\$ 1,100,000
Energy Programs	Weatherization Assistance and Home Energy Rebates	\$ -	\$ -	\$ -
ESG	HUD - Emergency Solutions Grant Program	\$ 250,712	\$ -	\$ 250,712
Federal and Other Competitive Grants	Matching Funds for Federal Grant Programs	\$ 3,000,000	\$ 1,500,000	\$ 4,500,000
HOME	Rehab, new const, rental and homebuyer assistance	\$ 3,005,732	\$ 750,000	\$ 3,755,732
Homeless Assistance Program	Funding For Homeless Programs and Prevention	\$ -	\$ 1,050,000	\$ 1,050,000
Housing Opportunities for Persons with AIDS	Rental Assistance - HOPWA	\$ 781,269	\$ 100,000	\$ 881,269
National Housing Trust Fund	Build affordable rental housing for Extremely low income	\$ 3,000,000	\$ -	\$ 3,000,000
Senior Citizen Housing Development Fund	Senior Housing Rehabilitation and Construction	\$ -	\$ 1,750,000	\$ 1,750,000
Supplemental Housing Development Program	Rural Housing Infrastructure Improvements and Rehab.	\$ -	\$ 3,000,000	\$ 3,000,000
Teacher, Health, and Public Safety Housing	Rental Housing for Teachers, Health Prof, Public Safety	\$ -	\$ -	\$ -
Cold Climate Housing Research Center		\$ -	\$ -	\$ -
Total Grants:		\$16,305,415	\$ 8,760,000	\$25,065,415

Federal funds will leverage additional resources (private, state and local funds) and a description of how matching requirements will be satisfied

Affordable Housing is a prevalent issue in Alaska. The Participating Jurisdiction (PJ) works with the Department of Health and Social Services, the Alaska Mental Health Trust Authority, and private foundations like the Rasmuson Foundation to most effectively leverage all available resources. This cooperation has driven the following actions: merging the HOME GOAL Rental Development funds, SCHDF, NHTF, and LIHTC programs in one pooled rental housing development fund. AHFC has also paired HOME grant opportunities to leverage USDA RD funds under the HDP and HOP programs helping low-income clients to become homeowners. AHFC may combine state Special Needs Housing Grant funds with HOME funds to fund projects targeted at people with special needs. To preserve project based rental assistance housing, AHFC has given a preference to GOAL Program applications who commit to doing these developments. Through this policy, nearly all USDA RD PBRA housing in the state has been upgraded and preserved.

- a. On an annual basis through the Greater Opportunities for Affordable Living (GOAL) program and/or the Special Needs Housing Grant (SNHG) program, AHFC announces the availability of HOME funds for rental development. The SNHG program allocates capital development funds to develop rental housing projects that will serve special needs, and low-income households. HOME rental development funds may be awarded through the SNHG award process and/or the GOAL Program. When awarded, the State of Alaska intends to make available the FFY2019 allocation of the National Housing Trust Fund to the GOAL program.
- b. The SFY2020 (FFY 2019) allocation of HOME funds carries a twenty-five percent (25%) matching requirement. The PJ anticipates meeting the match through a contribution of AHFC corporate dividend funds. This contribution effectively increases the total amount of HOME funds available to about \$3,757,165. Whenever feasible, recipients of HOME funds will be encouraged to make additional contributions to HOME projects that will qualify as match under the federal regulations. This will allow the PJ to maximize HOME funds to assist low-income Alaskans. If, for some reason, these strategies do not meet the twenty-five percent (25%) matching requirement, AHFC will utilize banked HOME match.
- c. HOME funding, where appropriate, will continue to be combined with other federal and state funds to achieve the goal of upgrading existing housing stock. Such funding sources include, but are not limited to AHFC/DOE Weatherization funds, Senior Citizen Housing Development Funds, DHSS Accessibility Brokerage Program funds, and USDA Housing Preservation funds.
- d. ESG: Recipients of ESG funds around the State vastly exceed the dollar per dollar match requirement by approximately 800%. This match is represented in the form of cash from other State or local grants or in-kind contributions from services provided by the sub recipients.
- e. CDBG: The State of Alaska Department of Commerce, Community, and Economic Development (DCCED) will encourage applicants to secure at least 25% matching funds in order to obtain the

highest score possible during the competitive application cycle. All matching funds needed to complete the project must be in place prior to award. Applicants frequently coordinate with other funding sources such as the United States Department of Agriculture Rural Development (USDA RD), the Economic Development Administration, the State of Alaska Designated Legislative Grant Program, the Administration for Native Americans, Native Corporations, tribes, and other appropriate federal, state, and private funding sources. CDBG also contributes 2% of the total award from the general fund for a total match contribution of \$60,000.

Publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan.

The State encourages the utilization and leverage of publicly-owned land that is available to be leased and to consider all opportunities to protect these public properties from being privately acquired. Potential publicly-owned property located in the Balance of State that could be available to help address the needs identified in the Plan includes land that AHFC owns, property owned by different cities across the State, properties owned by the Alaska Mental Health Trust Authority, and Alaska Native corporations and tribes.

Discussion:

AHFC continues to emphasize rehabilitation and preservation of existing affordable housing resources in the rating and award criteria for the LIHTC, HOME, and SCHDF programs. As a result, affordable housing rental units have been renovated and several federally subsidized rental projects remain in the affordable housing stock. Yet, throughout the state, there are still serious shortages of affordable, decent housing for low-income Alaskans.

Constraints of financial feasibility impede the development of affordable housing, in both rural and urban communities. Critical to the implementation of the strategies contained in this Plan is a dedicated source of funds, to leverage other funding sources, for the development of new affordable housing opportunities. Of the funds available under the CDBG program, the majority of project funds are targeted toward community development and planning activities which address health and safety needs, or support future economic development and community self-sufficiency.

Special emphasis will be placed on coordinating with other funding sources such as the USDA RD, the office of Native Americans Programs, HUD, private foundations, local governments, and other appropriate federal, state, and private funding sources. The State DCCED will encourage applicants to include or secure outside funding for design, engineering, and feasibility planning for projects as appropriate, prior to applying for CDBG funding for construction or project implementation.

AP-20 Annual Goals and Objectives – 91.320(c) (3)&(e)

Table 3 – Goals Summary

Goals	Category	Geographic Area	Addressed Need	Funding	
Provide Decent Housing	Affordable Housing	Balance of State	-Rental Assistance -Production of rental housing units -Production of New Homeownership Units -Acquisition of existing Homeownership units	HOME Investment Partnership Program allocation \$3,005,732 National Housing Trust Fund allocation \$3,000,000	
	Fiscal Year 2020 – July 1, 2019 to June 30, 2020				
	Description: Funds will be used to provide rental assistance and production or acquisition of decent and affordable housing for rental and homeownership.				
	Goal Outcome Indicator:		Unit of Measure:	Quantity:

AP-25 Allocation Priorities – 91.320(d)

Introduction:

Table 4 – Funding Allocation Priorities

Percentage of Federal Funds per Program					
	Rental Development	Reduce and Prevent Homeless	Home Ownership	Community Development	Total %
CDBG				100%	100%
HOME	50%	25%	25%		100%
NHTF	100%				100%
ESG		100%			100%

*AHFC will not allocate any SFY2020 HOME funds to the Owner-Occupied Rehabilitation Program (ORP).

Reason for Allocation Priorities

NHTF: AHFC has determined the most efficient use of the NHTF is to produce new housing units for extremely low-income families to be awarded in the Balance of State. A NHTF sub-grant of at least \$550,000.00 will be awarded to the Municipality of Anchorage. Their priorities include new construction and rehabilitation of rental housing.

The Alaska Housing Finance Corporation (AHFC), on behalf of the State of Alaska, will administer the National Housing Trust Fund. Under NHTF regulations, the only jurisdiction, other than the State of Alaska, eligible to receive a sub-grant of NHTF is the Municipality of Anchorage (MOA). The MOA is eligible to receive a sub-grant of NHTF to administer directly in Anchorage. Pursuant to 24 CFR 91.320(k)(5), the State must submit and HUD must approve a NHTF allocation plan that includes its intent to award NHTF funds to the MOA.

AHFC may provide the MOA with a NHTF sub-grant of at least \$550,000. The remaining NHTF will be administered for the area of Alaska outside of Anchorage consistent with the participating jurisdictional boundaries of the HOME program. The Balance of State funds will be allocated through the annual Greater Opportunities for Affordable Living (GOAL) program. The Rating and Award

Criteria Plan for the GOAL program will set the priorities for the allocation of NHTF. In this way, it will be coordinated with the LIHTC, HOME Investment Partnership, and SCHDF.

A sub-grant of NHTF to the MOA has been made subject to a number of conditions regarding liability for non-compliance and repayment of funds that protects AHFC from damage. HUD has informed AHFC that AHFC will retain liability for non-compliance and repayment of any sub-granted funds to the MOA. Pursuant to 24 CFR 93.404(b), the State has executed a written agreement awarding funds to the MOA for NHTF activities. The MOA NHTF allocation plan must address all required elements of the written agreement with the State.

HOME: Based on an assessment of projected growth in the need for rental housing and rental assistance for low-income and more vulnerable households, funding was eliminated in the ORP program in SFY2016.

AHFC has identified the need to provide Tenant Based Rental Assistance (TBRA) to eligible households that are at or below 60% of the median area income. Preference is given to special needs and at-risk populations as articulated in the Five Year (SFY2016 through 2020) Consolidated Housing and Community Development Plan. In SFY2020 (FFY2019), HOME funding for TBRA will be allocated in the amount of up to \$660,000.

ESG: In addition to administrative activities, ESG funds may be used for five program components: street outreach, emergency shelter, homeless prevention, rapid re-housing assistance and HMIS. All of the previously mentioned components pertain to the goal of Reduce and Prevent Homelessness.

CDBG: The State's CDBG program allocates funding towards the acquisition, construction, reconstruction, installation, and improvements of public facilities and public improvements and occasionally special economic development.

Ways in which the proposed distribution of funds address the priority needs and specific objectives described in the Consolidated Plan

Alaska's Continuum of Care for the Homeless. This portion of the Annual Action Plan describes the actions addressing the emergency shelter (including ESG) and transitional housing needs of homeless families and individuals, as well as those who meet the definition of "at-risk" of homelessness. Activities to assist homeless households will be discussed. The goal of Alaska's Continuum of Care is to help homeless persons make a rapid transition to permanent, affordable housing. For some individuals, appropriate supportive services will be a critical component of this strategy.

HOME: Provide Decent Housing: The new emphasis on HOME funds for rental assistance and rental development reflect the findings from Fair Housing studies and market analysis as well as public comments gathered throughout the Con Plan development process. HOME funds are dedicated in its totality to the enhancement and creation of rental assistance, the rehabilitation and creation of rental units and homeownership.

NHTF: The Housing Trust Fund allocation will be made part of the GOAL Program for the provision of Decent Housing by targeting the production of rental units.

CDBG: Economic Development: The goals of the Alaska Community Development Block Grant Program (CDBG) are to provide financial resources to Alaskan communities for public facilities and planning activities to address issues detrimental to the health and safety of local residents and to reduce the costs of essential community services. The program may also fund Special Economic Development activities which result in the creation of jobs for low and moderate income persons.

AP-30 Methods of Distribution – 91.320(d)&(k)

Introduction:

HOME Investment Partnerships Program (HOME)

State program addressed by the Method of Distribution.

The Home Investment Partnerships Program (HOME) was created by the National Housing Affordability Act of 1990. The statutory purposes of this Act are:

Expanding the supply of safe, decent, energy-efficient housing for low income families; Strengthening the abilities of state, local and non-profit agencies to design and implement strategies for affordable housing; and Creating and strengthening partnerships to produce and manage affordable housing.

The State of Alaska’s HOME allocation for SFY2020 is anticipated to be \$3,005,732. Additionally, AHFC will provide \$751,433 in state matching funds to contribute to the federal matching requirements under the HOME program; subject to legislative authorization.

AHFC (AHFC) is responsible for the administration of the State’s formula HOME allocation. As a separate Participating Jurisdiction, the Municipality of Anchorage receives its own formula allocation of HOME funds. Anchorage is the only Alaska community receiving separate HOME funds. No State HOME funds will be used within the Municipality of Anchorage.

Priorities for the use of HOME funds are established in the Consolidated Housing and Community Development Plan (HCD). The following programs activities are funded with FFY 2019 HOME appropriations. These activities include: Rental Development, Homeownership Development, Community Housing Development Organization (CHDO) Development Activities, Rental and Homeownership Housing Development, Tenant Based Rental Assistance, Operating Expense Assistance for CHDOs, and Homebuyer Assistance Programs.

All HOME Program activities work towards the statutory goal of the 2016-2020 HCD Plan to provide decent housing, create suitable living environments, and expand economic opportunities for Alaskans with incomes at or below eighty percent (80%) of the median income. The seven general principles from this five-year HCD Plan guide the direction and implementation of HOME Program activities. Priorities and Objectives for the coming program year are summarized in the Appendix C table and are detailed in the program descriptions that follow. Additional program achievements from SFY2018 are included in Appendix C as a measure of how the State is meeting its stated goals as outlined under the Five Year Consolidated Plan (2016-2020).

Criteria that will be used to select applications and the relative importance of these criteria.

Applicants for HOME funds now use an online application system that affords them an equal opportunity to submit within the same timeframe regardless of their remote location or transportation challenges. Most agencies applying for HOME funds are returning grantees seeking funding to continue their services into the next program year. Past performance in achieving service projections and unit construction constitutes a significant portion of the ranking factors each year.

If the applicant is not a returning grantee, they must provide a narrative explanation for 1) how they developed their service projections, 2) what they will do to monitor and report on housing creation, and 3) the applicant's experience and capability to construct or create affordable housing for low income families and meet all of the regulatory and administrative requirements. With the exception of the narrative answers, AHFC has converted to an objective scoring system.

How resources will be allocated among funding categories.

Resources are allocated competitively by need and by local area population among funding categories. The Home Opportunity Program is the only HOME component where a percentage of the total grant is allocated among census or large geographical areas.

Threshold Factors

- For all HOME activities: Applicants are required to possess, or partner with entities that have, experience with the HOME program for the activity being proposed (i.e. rental development).
- For Rental Development activities: Applicants are required to possess, or partner with entities that have, experience operating properties encumbered by HOME Program use restrictions.

Grant size limits and outcome measures expected as a result of the method of distribution

Grant Size Limits for HOME Program – outcome measures in sub-bullets

- Home Ownership Opportunity Program (HOP) – up to \$30,000 per homeowner
 - Outcomes are geographic areas served by program funds
- Homeownership Development Program (HDP) – up to \$40,000 per unit
 - Units funded within close proximity to public services and facilities
- Rental Development (RD) – none
 - Units funded and income targeting level

Emergency Solutions Grant (ESG)

State program addressed by the Method of Distribution.

All Emergency Solutions Grants (ESG) program activities work towards providing safe, secure housing for Alaska’s homeless and those at risk of homelessness. This is accomplished by providing operating support to emergency shelters and funding programs designed to prevent homelessness and/or rapidly re-house homeless persons. The estimated amount the State will receive in SFY2020 is \$250,712. ESG funds will be awarded on a competitive basis to units of local government and non-profit organizations.

Criteria that will be used to select applications and the relative importance of these criteria

The ESG regulations now restrict the use of funds for emergency shelter or street outreach activities to “the greater of 60 percent of the recipient’s fiscal year grant; the amount of Fiscal Year 2010 grant funds committed” for emergency shelter or street outreach activities. The remaining 40 percent of the annual allocation must be used for homeless prevention, rapid re-housing, or HMIS activities. To qualify for ESG assistance, program participants must meet the expanded definitions of “homeless” or “at risk of homelessness” described in 24 CFR 2.

Program participants in the “at-risk of homelessness” category must also have incomes below 30% of area median income to qualify for ESG assistance. In addition to documenting client eligibility, agencies providing rental assistance are required to inspect all units to document compliance with HUD’s habitability standards and to execute a written rental assistance payment agreement with the landlord.

Process for awarding funds to state recipients and how the state will make its allocation available to units of general local government, and non-profit organizations, including community and faith-based organizations.

ESG funds will be awarded on a competitive basis to units of local government and non-profit organizations. Funding for emergency shelter activities will not exceed the greater of 60% of the State’s annual award or the shelter baseline established in 2010 as required under the HEARTH Act. The remainder of available funds will be used for Homeless Prevention and Rapid Re-Housing activities. Applications are received annually, in response to a Notice of Funding Availability (NOFA). Each application must pass a threshold review to be considered for funding. Applications meeting the threshold criteria will be competitively scored using the rating criteria established in the NOFA.

How resources will be allocated among funding categories.

The ESG regulations restrict the use of funds for emergency shelter or street outreach activities to “the greater of 60 percent of the recipient’s fiscal year grant; the amount of Fiscal Year 2010 grant funds committed” for emergency shelter or street outreach activities. The remaining 40 percent of the annual allocation must be used for homeless prevention, rapid re-housing, or HMIS activities.

Threshold factors and grant size limits.

Applicants for ESG funding use an online application system that affords them an equal opportunity to submit within the same timeframe regardless of their remote location or transportation challenges. Most agencies applying for ESG funding are returning grantees seeking funding to continue their services into the next program year. Following the lead of the CoC process, past performance in achieving service projections and housing stability constitutes a significant portion of the ranking factors each year. If the applicant is not a returning grantee, they must provide a narrative explanation for 1) how they developed their service projections, 2) what they will do to monitor and report on housing retention, and 3) the applicant’s experience and capability to serve homeless persons and meet all of the regulatory and administrative requirements.

Another ranking factor is relationship of their proposed activities to achieving the goals of state & local homeless plans. Other ranking factors include local progress toward a centralized or coordinated assessment process, the extent to which efforts are made to link program participants

to mainstream resources, policies and procedures for prioritizing the delivery of homeless services and the degree to which each budget line item requested is thoroughly explained. Bonus points for small, rural communities is also part of the rating criteria.

Outcome measures expected as a result of the method of distribution?

1,500 unduplicated persons through ES-operations

10HH/25PP: homeless households/persons moving to permanent housing through –Homeless Assistance

10HH/25PP: households/persons stabilized with rent/utility through Homeless Prevention

20HH/50pp: households/persons receiving case management through RRH/HP Case Management

Community Development Block Grant (CDBG)

Description of the state CDBG program.

The goals of the Alaska Community Development Block Grant Program (CDBG) are to provide financial resources to Alaskan communities for public facilities and planning activities, which address issues detrimental to the health and safety of local residents, and to reduce the costs of essential community services. The program may also fund Special Economic Development activities which result in the creation of jobs for low and moderate income persons.

CDBG competitive grants are single-purpose project grants; maximum of \$850,000 per community. There are three basic funding categories: community development, planning and Special Economic Development.

CDBG programs utilize the resources of the Community Development Block Grant program funded by the U.S. Department of Housing and Urban Development (HUD).

Any Alaskan municipal government (except Anchorage) is eligible to apply for the grants. Non-profits may apply as co-applicants for these pass-through funds. In a typical year, applications are distributed to municipalities in late fall, and awards are made the following spring. Federal regulations require 51 percent of the persons who benefit from a funded project must be low and moderate income persons as defined by HUD.

Criteria that will be used to select applications and the relative importance of these criteria

Project Description & Selection/Citizen Participation Plan (15%), Project Plan & Readiness (25%), Project Impact (25%), Budget/Match/In-Kind (25%), Administrative Capabilities (10%)

If only summary criteria were described, how can potential applicants access application manuals or other state publications describing the application criteria? (CDBG Only)

Each application cycle DCCED sends a letter to every municipality in the state, including those over 51% low- to moderate-income informing them of the application deadline and how to access the application manual and application materials. This information is also available on the DCCED website. Hard copies may be requested from DCCED and electronic copies can be accessed online.

How resources will be allocated among funding categories N/A

Threshold factors and grant size limits.

Grants are limited to \$850,000 or less. Threshold factors include, but are not limited to: establishing a benefit to low- to moderate-income persons, meeting the federal requirements for public participation, application by eligible municipality, providing all requested application materials, and substantially completing prior CDBG-funded projects.

Recaptured funds are unspent funds which DCCED recovers from grantees when it is clear that an approved activity is no longer viable, or that the recapture will not preclude local ability to complete the approved activities, or when the activities have not been completed and funds remain in the grant agreement.

Recaptured funds will either be reallocated to existing grantees who demonstrate a need for additional funds (not exceeding a grant cap of \$850,000) or be reallocated to applicants between award cycles when it is demonstrated to the satisfaction of the Department that an immediate and pressing need exists and it is in the best interests of the program and applicant to award funds immediately.

Reallocated funds will be reported by year of annual grant.

Outcome measures expected as a result of the method of distribution

The State of Alaska expects CDBG projects to benefit approximately 700 low- to moderate-income individuals statewide.

National Housing Trust Fund (NHTF)

State program addressed by the Method of Distribution.

The National Housing Trust Fund (NHTF) addresses the State's Greater Opportunities for Affordable Living (GOAL) program. The GOAL Program provides grants, federal tax credits, and zero-interest federal loans to developers and project sponsors who build affordable rental housing for low- to moderate-income families and seniors.

Criteria that will be used to select applications and the relative importance of these criteria.

NHTF awards are given through a competitive allocation process. The State's latest Qualified Allocation Plan/Rating and Award Criteria and the National Housing Trust Fund Allocation Plan explain this process in detail. These plans are available at www.ahfc.us.

Special Purpose GOAL Rounds may be funded occasionally. In these cases, additional rating factors may apply. For a more complete description of the application rating and ranking criteria, please visit the GOAL Program section at www.ahfc.us.

How resources will be allocated among funding categories.

AHFC's policy is to encourage the responsible development of housing for seniors, lower income persons and families through the allocation of GOAL program funds. **A separate policy and procedures manual for the GOAL program is available from AHFC** (see www.ahfc.us). Additionally, AHFC's policy is to minimize any adverse impact on existing residents of buildings that will be acquired or rehabilitated with GOAL program funds. Where relocation of existing residents will occur as the result of GOAL program funding, a relocation assistance plan will be required from all applicants.

In determining the appropriate amount of GOAL program funds to be awarded, AHFC will consider the sources and availability of other funds, the reasonableness of development and operating costs, anticipated project operating revenue, and the expected proceeds from the sale of LIHTCs (if applicable).

Threshold Factors

Please see a complete description of Threshold Requirements to be considered for GOAL Program funding at: www.ahfc.us.

Grant size limits and outcome measures expected as a result of the method of distribution

Per Unit Limits - NHTF awards will be limited to the applicable project cost standards plus 20%. Funding limits will apply to the specific units funded through the NHTF award. Refinancing Limits – NHTF awards may not be used to refinance existing debt. NHTF awards may be used to fund renovations in projects with a debt restructure, but the NHTF dollars may not be used to restructure and/or refinance the debt itself.

AP-35 Projects

Introduction:

Table 5 – Project Information

1	Project Name	Rental Housing Development
	Target Area	Balance of State
	Goals Supported	Availability and Accessibility of Decent Housing
	Needs Addressed	Renter Small Related extremely low and low income Renter Small Related Medium Income Renter Large extremely low and low income Renter Large medium income Renter Elderly Extremely low and Low Income Renter All Other Types Elderly -Special Needs Homeless Special Needs
	Funding	HOME: \$1,500,000 and NHTF: \$2,450,000
	Description	AHFC continues to emphasize rehabilitation and preservation of existing affordable housing in the rating criteria for the LIHTC, HOME and SCHDF programs. As a result, more affordable housing rental units have been renovated and several federally subsidized rental projects have remained in the affordable housing stock. Yet, throughout the state, there are still serious shortages of affordable, decent housing for low-income Alaskans. Constraints of financial feasibility impede the development of affordable housing, in both rural and urban communities. Critical to the implementation of the strategies contained in this Plan is a dedicated source of funds to leverage other funding sources for the development of new affordable housing opportunities, as well as the acquisition and rehabilitation of existing structures.

	Target Date	June 30, 2020
	Estimate the number and type of families that will benefit from the proposed activities	<p>This program meets the HUD objective of providing decent housing with improved or new affordability. The following outcomes are estimations that will be used to measure the progress of this program:</p> <ul style="list-style-type: none"> · It is estimated that eight (8) units will be HOME assisted. · It is estimated that eight (8) units will be AHFC HOME set asides. · It is estimated that none of those units will be made available to the elderly. <p>It is estimated that two (2) of those units will be made accessible.</p>
	Location Description	Balance of State
	Planned Activities	Pending competitive awards rounds
2	Project Name	Homeownership Development Program
	Target Area	Balance of State
	Goals Supported	Affordability of Decent Housing
	Needs Addressed	<p>Creating affordable housing for LMI* families through assistance with the cost of development.</p> <p>*Low- to Moderate-Income</p>
	Funding	HOME: \$500,000
	Description	<p>The project sponsor is responsible for identifying homebuyer assistance resources that may be necessary for low-income homebuyers to purchase the home for the proposed sales price. Units assisted with homeownership development funds under this program are not eligible for buy down assistance under the Home Opportunity Program (HOP) but are eligible to receive down payment and closing cost assistance.</p>
	Target Date	June 30, 2020
	Estimate the number and type of families that will benefit from the proposed activities	<p>This program meets the HUD objective of providing decent housing with improved affordability. The following outcomes are estimations that will be used to measure the progress of this program:</p> <p>It is estimated that fifteen (15) units will be developed.</p> <p>It is estimated that fifteen (15) units will meet the Alaska equivalent of the Energy Star standard.</p>
	Location Description	Balance of State
	Planned Activities	Self-Help Homeownership Development

3	Project Name	Home Opportunity Program
	Target Area	Balance of State
	Goals Supported	Provide Decent Housing
	Needs Addressed	Creating affordable housing for LMI families through down payment assistance
	Funding	HOME: \$920,000
	Description	In the State of Alaska the greatest obstacles to achieving homeownership is generally an inability to qualify for conventional financing at the loan amount necessary to purchase homes; accumulate savings sufficient to satisfy down-payment and closing cost requirements. A total of \$920,000 SFY2020 HOME funds are reserved to provide down-payment, closing costs and buy down assistance to lower income homebuyers. The Home Opportunity Program (HOP) will be administered by non-profit corporations and/or public agencies that have been competitively awarded funds by AHFC. A Notice of Funding Availability (NOFA) or a Request for Qualification (RFQ) will be announced. Interested agencies are invited to respond by the published deadline and proposals are evaluated by AHFC. Prospective borrowers will be required to complete an orientation to homeownership through AHFC's innovative HOME CHOICE workshop offerings, or an equivalent program offered by private lenders and other qualified entities. Eligible borrowers must have annual incomes at or below 80 percent of the area median, as determined by HUD, adjusted for household size. Additionally, they must exhibit the ability to meet the on-going responsibilities of homeownership, including the repayment of the primary mortgage loan. The HOP program will primarily utilize the recapture model. The resale model is only allowable when HOP funds are being used in conjunction with other HOME projects that have received prior approval from AHFC to utilize the resale model.
	Target Date	June 30, 2020

	Estimate the number and type of families that will benefit from the proposed activities	<p>This program meets the HUD objective of providing decent affordable housing with improved availability. The following outcomes are estimations that will be used to measure the progress of this program:</p> <p>It is estimated that forty (40) homebuyers will receive assistance. It is estimated that twenty (20) will be first-time homebuyers. It is estimated that twenty (20) homebuyers will receive down payment or closing cost assistance. It is estimated that thirty (30) homebuyers will receive buy downs. There are several factors that will influence these outcomes such as: market conditions, interest rates, changes in lending criteria and the income of households who apply.</p>
	Location Description	Statewide
	Planned Activities	Homebuyer Assistance
4	Project Name	Tenant-Based Rental Assistance
	Target Area	Balance of State
	Goals Supported	Affordability of Decent Housing
	Needs Addressed	Renter extremely low and low income Renter Medium Income Renter All Other Types
	Funding	HOME: \$660,000
	Description	AHFC has identified the need to provide Tenant Based Rental Assistance (TBRA) to eligible households that are at or below 60% of the median area income. Preference is given to special needs and at-risk populations as articulated in the Five Year (SFY2016 through 2020) Consolidated Housing and Community Development Plan. In SFY2020, HOME funding for TBRA will be allocated in the amount of \$660,000. AHFC has partnered with State of Alaska Department of Corrections and Office of Children’s Services to target special needs and at-risk populations who will be transitioning from State supervision or programs into permanent housing. In addition, AHFC may select sub-recipients through a NOFA or RFQ process to assist with the administration of TBRA. TBRA is essential to meeting the unmet needs of special needs and at-risk populations by providing opportunities for those seeking individual living options in normal residential settings or in need of subsidized rental housing; TBRA will help narrow the gap in benefits and services received.

	Target Date	June 30, 2020
	Estimate the number and type of families that will benefit from the proposed activities	It is estimated that roughly eighty (80) households will be assisted during the reporting period.
	Location Description	Statewide
	Planned Activities	<p>TBRA is an essential part of AHFC’s housing strategy and market conditions make TBRA a viable option; rental unit availability data indicates that there is an ample supply of units to make TBRA a viable housing strategy.</p> <p>TBRA Vouchers may not be used within the Municipality of Anchorage. The TBRA service area will include communities that are served by the AHFC Public Housing Division, outside of Anchorage. There are a number of factors that will influence this outcome such as the length of the assistance provided to each household and the time it takes to perfect the TBRA delivery system. If households are renewed or require additional months of assistance than initially planned for, the number of households served may be reduced. In addition, outcomes may not be realized until future plan years as AHFC perfects the TBRA delivery system and forges partnerships necessary to implement TBRA.</p>
5	Project Name	CHDO* Operating Expense Assistance (OEA)
	Target Area	Balance of State
	Goals Supported	Community Development
	Needs Addressed	Production of New Homeownership Units, Production or Rehabilitation of Rental Units
	Funding	HOME: \$150,000
	Description	<p>CHDO Program Funds are set aside for Community Housing Development Organizations to own, develop or sponsor HOME assisted units through the RHD* program, subject to the limitations of 24 CFR 92.300.</p> <p>*Rental Housing Development (RHD)</p>
	Target Date	June 30, 2020
	Estimate the number and type of CHDOs* that will benefit from the proposed activities	<p>This program will assist up to three (3) CHDOs</p> <p>*Community Development Organization (CHDO)</p>

	Location Description	Statewide
6	Project Name	Community Development
	Target Area	Balance of State
	Goals Supported	Community Development
	Needs Addressed	Public Improvement Public Facilities Public Services
	Funding	CDBG: \$3,017,702
	Target Area	Balance of State
	Description	The CDBG program will provide financial assistance for public facilities and planning activities which address issues detrimental to the health and safety of local residents and to reduce the costs of essential community services. The program may also fund Special Economic Development activities which result in the creation of jobs for low and moderate income persons.
	Target Date	June 30, 2020
	Estimate the number and type of families that will benefit from the proposed activities	5-6 municipalities with approximately 100 households.
	Location Description	Balance of State

The reasons for allocation priorities and obstacles to addressing underserved needs

The main three obstacles that complicate the process of addressing needs in the State of Alaska are cost, the lack of capacity, and resources.

Most applicants find it very challenging to identify funding sources to fill the gap between HOME funds and other grants and the actual cost of projects. The cost of construction in rural Alaska is much higher than in urban areas and the cost of construction in the urban areas of Alaska is much higher than in other states.

The building season in Alaska is shorter than in most states and it shortens more dramatically the farther north the project. Costs are driven higher where materials must be flown or barged to the project site. In order to obtain experience and develop the qualifications necessary to create the efficiencies that keep project costs within budget, workers and organizations in rural areas face

challenges not always evident in urban Alaska. Training, modern technologies, and other resources may not be readily available in small communities. Local organizations or communities and regional Housing Authorities continue to work diligently, and successfully, to identify and bridge these gaps.

Another obstacle is the growing number of labor-intensive requirements to administer the ESG program, especially the Homeless Prevention and Rapid Re-Housing components. Many homeless service providers around the state are small, faith-based operations with only one or two paid staff and a corps of volunteers. The complexity of qualifying and assisting ESG program participants requires significant capacity building efforts.

AP-40 Section 108 Loan Guarantee – 91.320(k)(1)(ii)

Will the state help non-entitlement units of general local government to apply for Section 108 loan funds?

The State has no plans to make available Section 108 Loan Guarantees through CDBG.

Available Grant Amounts

N/A

Acceptance process of applications

N/A

AP-45 Community Revitalization Strategies – 91.320(k)(1)(ii)

Will the state allow units of general local government to carry out community revitalization strategies?

No

State’s Process and Criteria for approving local government revitalization strategies

N/A

AP-50 Geographic Distribution – 91.320(f)

Description of the geographic areas of the state (including areas of low-income and minority concentration) where assistance will be directed

The State does not target specific geographic areas in the Consolidated Plan. The allocation criteria of several competitive programs have a priority that awards points to projects located in small communities, as defined by AHFC. A small community is a community of 6,500 or less that is not

connected by road or rail to Anchorage or Fairbanks. Or, a community of 1,600 or less that is connected by road or rail to Anchorage or Fairbanks and is located at least 50 statute miles outside of Anchorage or 25 statute miles outside of Fairbanks. In this definition, “connected by road” does not include a connection by the Alaska Marine Highway System or roads outside the boundary of the State of Alaska.

Rationale for the priorities for allocating investments geographically

Because funds are distributed through a competitive process, the State cannot predict who will apply or how funds will be distributed geographically. The State does, however, emphasize funding for rural community needs, especially as they relate to low- and moderate-income (LMI) population.

Alaska’s wide range of housing and community development conditions makes the use of guiding principles the most practical and effective approach of targeting scarce HCD resources. The State developed the seven guiding principles from HCD public hearings; consultation with federal, state and local entities; involvement with housing and community development in both the private and public sectors over the past five years; and an analysis of the Consolidated Annual Performance Evaluation Reports (CAPERs) for state fiscal years 2015, 2016, 2017, and 2018. Data gathered in the development of this five year plan support the seven guiding principles above.

AP-55 Affordable Housing – 24 CFR 91.320(g)

Introduction: AHFC continues to emphasize rehabilitation and preservation of existing affordable housing resources in the rating criteria for the LIHTC, HOME, and SCHDF programs. As a result, more affordable housing rental units have been renovated and several federally subsidized rental projects have remained in the affordable housing stock. Yet, throughout the state, there are still serious shortages of affordable, decent housing for low-income Alaskans. Constraints of financial feasibility impede the development of affordable housing, in both rural and urban communities. Critical to the implementation of the strategies contained in this Plan is a dedicated source of funds to leverage other funding sources for the development of new affordable housing opportunities, as well as the acquisition and rehabilitation of existing structures.

Table 6 - One Year Goals for Affordable Housing by Support Requirement

One Year Goals for the Number of Households to be Supported	
Homeless	13
Non-Homeless	100
Special-Needs	30
Total	143

Table 7 - One Year Goals for Affordable Housing by Support Type

One Year Goals for the Number of Households Supported Through	
Rental Assistance	80
The Production of New Units	8
Rehab of Existing Units	15
Acquisition of Existing Units	40
Total	143

Discussion:

Our rental and homeownership development programs facilitate the new construction and/or rehabilitation of affordable units throughout the State. While our programs collectively achieve a significant geographic distribution of resources, the majority of these are units created through the LIHTC program.

Using historical production data and assumptions for leverage funding, the numbers reported in tables 6 and 7 represent conservative performance targets for the Balance of State.

Through the GOAL and/or the SNHG program, AHFC announces the availability of HOME funds for rental development. The SNHG program allocates capital development funds to develop rental housing projects that will serve special needs, and often low-income households. In SFY2020, HOME rental development funds may also be awarded through the SNHG award process, in addition to the GOAL process, if AHFC deems that it is in the best interest of the HOME program to do so. The State plans to include most of the NHTF annual allocation to the GOAL program for further development of rental housing for the Extremely Low Income population of the State.

Community Housing Development Organizations (CHDOs) Development Activities

The National Housing Affordability Act placed a high priority on using community-based non-profit organizations to develop affordable housing. A set-aside of 15 percent of each Participating Jurisdiction’s HOME funds was mandated for the exclusive use of CHDOs. The standards for certification as a CHDO were established by federal regulation. Only certified CHDOs will be eligible to access the set-aside of CHDO funds for the development of affordable housing. This program meets the HUD objective of providing decent housing with improved affordability.

CHDO set-aside funds are a sub-set of HOME funds reserved for the development of affordable housing. In the State of Alaska HOME Program, these funds may be used for allowable HOME activities outlined in the Rental Development Activities, through the GOAL and SNHG programs

described above, subject to the limitations of 24 CFR 92.300. If an eligible CHDO is awarded HDP funding, those funds may be designated as CHDO set-aside or CHDO reserve funds. To participate in the CHDO set-aside, an organization must complete the following steps:

- a. Complete and submit an annual application to AHFC for certification as a CHDO with the appropriate supporting documentation;
- b. Receive certification from AHFC, after compliance with CHDO criteria about legal status, board structure and composition and demonstrated capacity;
- c. Submit a GOAL, SNHG, or HDP program proposal for evaluation. Proposals will be solicited through a NOFA process.

Operating Expense Assistance Program for CHDOs

HUD gives the option to states of providing a limited amount of operating support funds to CHDOs actively expanding affordable housing opportunities with HOME funds. A maximum of five percent (5%) of the state's annual HOME allocation may be used for this purpose.

A total of \$150,000 in SFY2020 HOME funds may be used for the Operating Expense Assistance Program for CHDOs. If these funds are not used for CHDO operating support they will be used for rental housing development or other eligible HOME activities.

AP-60 Public Housing - 24 CFR 91.320(j)

Introduction:

AHFC produces an annual Moving to Work Plan and an annual Moving to Work Report. These are available for review on AHFC's website: <https://www.ahfc.us/publichousing/resources/mtw-plans-and-reports/> as well as HUD's Moving to Work website:

https://www.hud.gov/program_offices/public_indian_housing/programs/ph/mtw

Actions planned during the next year to address the needs to public housing

See AHFC's Moving to Work Plan and Annual Moving to Work Report at:
<https://www.ahfc.us/publichousing/resources/mtw-plans-and-reports/>

Actions to encourage public housing residents to become more involved in management and participate in homeownership

AHFC promotes resident involvement in Public Housing activities through both a Resident Advisory Board (RAB) and Resident Councils. The purpose of AHFC's Resident Advisory Board (RAB) is to

provide advice and comment to AHFC on proposed operations, the annual Moving to Work Plan, proposed construction activities, and other items of interest to AHFC's public housing and housing choice voucher clients. The RAB is composed of 11 members from AHFC's Public Housing (PH), Section 8 New Multifamily Housing (S8N), and Housing Choice Voucher (HCV) programs. AHFC conducted four quarterly meetings with RAB members in 2018. Minutes and comments received during meetings are reported to AHFC's Board of Directors.

AHFC maintains a staff person designated to assist in the formation, development, and educational needs of a Resident Council and offer technical assistance to volunteers. Members are encouraged to conduct regular meetings, discuss resident concerns, and provide feedback to AHFC management on any issues affecting residents in the apartment communities.

AHFC has a homeownership program for monthly payments of HAP toward homeownership. AHFC also has a current activity in its Moving to Work Plan to develop a down payment program for homeownership to replace the monthly HAP program.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance.

AHFC is a statewide Public Housing Authority and is designated as a High Performing Agency by HUD.

AP-65 Homeless and Other Special Needs Activities – 91.320(h)

Introduction

Alaska Housing Finance Corporation will administer federal and state resources throughout the Alaska Continuum of Care as appropriate to meet the specific needs of each community as identified through community plans and data gathered from the annual Point-In-Time Count of homeless persons, Housing Inventory Chart, and Alaska Homeless Management Information System. Funding considerations include maintaining current homeless facilities, supporting homeless prevention services, providing homeless outreach, and activities to assist homeless persons' transition to permanent housing and independent living.

Allocations to the State of Alaska from the National Housing Trust Fund will indirectly help alleviate the latent shortage of rental units. These units will be available to project sponsors around the State that receive rental assistance funds to place vulnerable individuals in housing.

The jurisdictions one-year goals and actions for reducing and ending homelessness including:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

Alaska Housing Finance Corporation will continue to assist local homeless coalitions and the Alaska Coalition on Housing and Homelessness to conduct outreach activities to homeless persons through the annual Point-In-Time Count and events such as Project Homeless Connect. In addition, the state will continue to coordinate with Alaska 2-1-1 to ensure that persons in need are connected to appropriate services. Goal: Increase utilization of the Alaska Housing Locator and 2-1-1 system for housing resources. Indicators: Annual 2-1-1 report to AK Council on the Homeless & Annual Housing Locator Report. Alaska implemented a statewide coordinated entry system in fall of 2018 to support homeless and at-risk of homeless families and individuals. All individuals and families complete the same screening assessment, which assists in determining which housing intervention is the best fit.

Addressing the emergency shelter and transitional housing needs of homeless persons

The State will use a combination of federal and state resources to ensure that no homeless persons are forced to sleep in places not meant for human habitation. Alaska will use the maximum amount of ESG funds allowable to help shelters meet their operating costs. Funding to adequately staff and operate emergency shelters (ES) and transitional housing (TH) facilities will also remain a high priority for the State's Basic Homeless Assistance Program (BHAP). Goal: ES-Reduction in the number of unsheltered homeless count; ES/TH-no net loss of beds where utilization remains 75% or higher. Indicators: ES-# of Unsheltered persons in Point-In-Time count; ES/TH-# of beds vs. utilization rate in Homeless Inventory Chart.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The State will use a combination of federal and state resources to rapidly re-house and stabilize homeless persons, especially chronically homeless individuals & families, families with children, veterans and their families and unaccompanied youth. ESG-funded medium-term rental assistance, VA Supportive Housing (VASH) vouchers for homeless veterans, state-funded permanent housing placement programs and properties funded under the Special Needs Housing Grant (SNHG) Program are just some of the examples of resources that will be utilized to shorten the period of time that individuals and families experience homelessness. Goal: ES- maintain average length of

stay at 2 months or less; TH-80% exiting TH for permanent housing. Indicators: ES-HMIS report; TH-Annual Performance Reports drawn from HMIS of TH providers.

AHFC has collaborated with the State of Alaska Department of Corrections and Office of Children's Services to target special needs and at-risk populations who will be transitioning from State supervision or programs into permanent housing. TBRA is essential to meeting the unmet needs of special needs and at-risk populations by providing opportunities for those seeking individual living options in normal residential settings or in need of subsidized rental housing; TBRA will help narrow the gap in benefits and services received.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

Subject to State Legislative appropriation, Alaska Housing Finance Corporation will continue to provide funding through the Basic Homeless Assistance Program (BHAP) that provides direct financial assistance with rent, mortgage, and utility arrearages for low-income individuals and families threatened by homelessness.

AHFC will continue to implement the TBRA program that assists persons discharged from publicly funded institutions and systems of care. AHFC will continue to support the Department of Correction's review of and strengthening policies that require housing plans prior to discharge. Resources targeting persons leaving state custody such as HOME TBRA vouchers and assisted living facilities will be utilized and new resources such as the HUD 811 PRA program will be developed for this purpose. Goal: Reduction in the percentage of persons entering homeless facilities from public institutions or systems of care. Indicator: AHAR reports drawn from HMIS.

The State will incentivize agencies that apply for funding by awarding significant points to those that endeavor to ensure that homeless persons are receiving assistance from public and private agencies that address housing, health, social services, employment, education or youth needs. The State will also coordinate through the Alaska Council on the Homeless and the Alaska Coalition on Housing & Homelessness activities and programs that more effectively connect homeless persons to those support connections. Goal: 30% of persons in Transitional Housing (TH) / Permanent Supportive Housing (PSH) programs employed at end of program year and 65% of persons in TH/PSH receiving non-cash (mainstream) supports at end of program year. Indicator: Annual Performance Reports drawn from HMIS of TH/PSH providers.

Nursing Facilities

In its efforts to help elderly persons and individuals with disabilities transition from nursing facilities back into the community, AHFC would like to include to its list of partnerships, future work with The Governor’s Council on Disabilities and Special Education and the Division of Senior and Disability Services’ (SDS) Nursing Facility Transition Fund. As stated on the SDS’s website, at <http://dhss.alaska.gov/dsds/Pages/nursing/default.aspx>, “The funds from the Nursing Facility Transition Program can be used to help an elderly person or individual with a disability transition from a nursing facility back into the community. We can provide one-time funds for:

1. Home or environmental modifications;
2. Travel/room/board to bring caregivers in from a rural community to receive training;
3. Trial trips to home or an assisted living home;
4. Payment for an appropriate worker for skill level needed;
5. Security deposits;
6. One-time initial cleaning of home;
7. Basic furnishings necessary to set up a livable home;
8. Transportation to the new home.
9. Other needed items or services may be approved by Program Coordinators.”

AP-75 Barriers to affordable housing – 91.320(i)

Introduction:

Actions planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

Development costs and stagnant incomes are the two biggest barriers to affordable housing across the State. In response, HOME Investment Partnership funding has been focused on rental development and homeownership assistance to reduce the cost of buying or renting a home. Rental assistance through the HOME program has also been used to support the most vulnerable populations. Children aging out of foster care and newly released prisoners’ abilities to generate income and find housing are hampered by criminal histories. HUD’s \$3 million allocation to the State of Alaska from the NHTF will be used as part of the GOAL Program and will augment the State’s efforts to reduce the cost burden and increase the availability of affordable housing for the Extremely Low-Income population of the State.

Please see section AP-85 for a description of the Teacher, Health Professional, and Public Safety Housing Grant Program.

AP-85 Other Actions – 91.320(j)

Introduction:

Other activities to be undertaken during SFY2020 including actions to promote the development and maintenance of affordable housing, including the use of public housing resources and the development of public housing resident initiatives.

Actions planned to address obstacles to meeting underserved needs

The three most significant obstacles to meeting needs addressed by the CDBG program are (1) a short construction season, (2) high cost of construction in remote communities, and (3) lack of administrative capability in rural communities. Obstacle (1) is being addressed by an accelerated application selection process that will make grant funding available for many projects one construction season earlier than in past years. Obstacle (2) is addressed by encouraging communities to access multiple funding sources through required matching funds and encouraging cost-saving measures when possible. Obstacle (3) is addressed by tightening threshold requirements to ensure only those communities with the highest administrative capabilities are considered for funding, continuing to develop accessible training materials, and holding management workshops for communities awarded CDBG funding.

Actions planned to foster and maintain affordable housing:

Teacher, Health Professional, and Public Safety Housing Grant Program (THHP)

The availability of housing for public service professionals is a challenge for our rural communities. Housing has been cited as a major challenge when recruiting and retaining these professionals. Attracting and maintaining qualified teachers, health professionals, and public safety officials in rural Alaska is a priority for the State of Alaska. To achieve this, housing for these professionals must be available, affordable, and of a quality that encourages these professionals to settle in these remote communities. Under the THHP, funding is available for the acquisition, rehabilitation, and/or new construction of dedicated housing for eligible professionals in rural Alaska.

In SFY 2019, AHFC received a total of 10 applications requesting over \$4.34 million in funding. AHFC awarded \$2.84 million in THHP funds to seven projects for the new construction of 13 units and rehabilitation of 3 units.

Project	Applicant	AHFC Funding Recommendation
Ouzinkie Teacher/Health Professional/VPSO Housing - Rehabilitation	Kodiak Area Native Association	\$99,538
Dillingham Health Professionals – New Housing	Bristol Bay Area Health Corporation	\$500,000
Metarvik Teacher – New Housing	Lower Kuskokwim School District	\$500,000
Metarvik Teacher/Health Professional/VPSO - New Housing	Newtok Village Council	\$500,000
Yakutat Teacher/Health Professional/VPSO - New Housing	Yakutat Tlingit Tribe	\$500,000
Kivalina Teacher Housing - Rehabilitation	Northwest Arctic Borough School District	\$472,710
Ruby Teacher - New Housing	Yukon Koyukuk School District	\$270,000
	TOTAL	\$2,842,248

AHFC will solicit applications for the SFY 2020 THHP Application Round in the spring of 2019. Applicants will submit their proposals to AHFC through a web-based application. Subject to Legislative Appropriation, AHFC will announce the SFY 2020 THHP Awards in the fall/winter of 2019.

Since program inception in SFY 2004, the Teacher, Health Professional, and Public Safety Grant Program has funded the construction or rehabilitation of 470 housing units, totaling \$151 million in total production.

Actions planned to reduce lead-based paint hazards

The CON Plan supports actions to evaluate and reduce lead-based paint hazards. The Interagency Steering Committee for the Consolidated Plan will continue to work with the Alaska Division of Public Health, Section of Epidemiology to monitor the blood lead levels in tested Alaskan children.

All covered projects under the NHTF, HOME, CDBG, HOPWA, Public Housing and Section 8 programs will be administered to conform to the applicable lead based paint regulations. Rehabilitation of housing constructed pre-1978 using HUD housing assistance programs covered by the lead based

paint rule (Subpart of the Rule Within 24 CFR Part 35), will follow the applicable HUD procedures, reporting and record keeping standards outlined.

Section 1018 of the Residential Lead-Based Paint Hazard reduction Act of 1992 requires that sellers, landlords and agents warn homebuyers and tenants of lead-based paint and lead-based paint hazards in pre-1978 housing. A prospective home purchaser or prospective tenant must receive the following information prior to becoming obligated under any contract to lease or purchase a property covered by this Act:

An EPA approved information pamphlet on identifying and controlling lead-based paint hazards.

Any records or reports on lead-based paint, which are available to the seller or landlord. An attachment to the contract or lease which includes a Lead Warning Statement and confirms that the seller or landlord has complied with all of the notification requirements.

Sellers must provide homeowners a 10-day period to conduct a paint inspection or risk assessment for lead-based paint or lead-based paint hazards. Parties may mutually agree, in writing, to lengthen or shorten the time period for inspection. Homebuyers may waive this inspection. Sellers are not required by law to allow homebuyers to void their contract based on the results of the lead based paint evaluation.

Beginning in April 2010 and according to EPA-issued new rule, contractors performing renovation, repair and painting projects that disturb lead-based paint in homes, child care facilities and schools built before 1978 must be certified and must follow specific work practices to prevent lead contamination.

Although the testing done so far does not point to a great lead-based paint hazard in Alaska, an estimated 15% to 20% of all of the housing stock in the state may contain lead based paint. The State concurs with the U.S. Environmental Protection Agency that increased education about the potential health risks from exposure to lead based is an important step in reducing health related problems involving lead poisoning. AHFC will continue to seek alliances with other agencies invested in the pursuit of eradicating the potential for Lead-Based Paint in the state's housing stock. These agencies might include the Environmental Conservation Agency (EPA), the Alaska Center for Disease Control (ACDC), and the Department of Health and Social Services (HSS).

Actions planned to reduce the number of poverty-level families

AHFC entered into a Moving To Work Agreement (MTW Agreement) with the US Department of Housing and Urban Development (HUD). MTW is a demonstration program authorized by Congress

that gives AHFC the flexibility to waive certain statutes and HUD regulations to test approaches for providing housing assistance. A waiver of statutory or regulatory language must address at least one of three goals:

Reduces cost and achieves greater cost effectiveness in Federal expenditures; Gives incentives to families with children whose heads of household are either working, seeking work, or are participating in job training, educational or other programs that assist in obtaining employment and becoming economically self-sufficient; and, increases housing choices for low-income families.

For a comprehensive review of MTW programs nationwide, please visit the HUD website at: https://portal.hud.gov/hudportal/HUD?src=/program_offices/public_indian_housing/programs/p/h/mtw

Please also visit the AHFC website to view the full text of the 2019 Moving to Work Program Annual Plan at: <https://www.ahfc.us/publichousing/resources/mtw-plans-and-reports>

Actions planned to develop institutional structure

Across Alaska, organizational capacity for the effective delivery of housing and community development programs is very unevenly distributed. Many communities, particularly in rural areas, lack the organizational capacity to effectively implement projects using the multitude of housing and community development programs available. The involvement of several agencies and a variety of funding programs in a single project usually complicates the development process, and places additional demands on the project sponsor.

Limited state-funded technical assistance will also be offered to HOME and CHDO grantees and other non-profit housing providers, including those serving Alaska's homeless and special needs populations. Training and technical assistance opportunities, due to the loss of local HUD CPD-TA dollars, will be limited. A menu of opportunities will be offered, which will include direct technical assistance, topic-based Alaska Training Events, as well as scholarship opportunities to attend local, regional or national training events.

AHFC plans to host one or more Alaska Training Events each year and offer scholarships to approved trainings and conferences for eligible attendees. Participants are required to document the objectives that will be achieved through attendance at a specific training activity. Activities will be available to other providers and/or the general public on a space-available basis on topics such as Fair Housing/Section 504 that affect a broad spectrum of Alaskan providers. AHFC will also plan training events in coordination with training activities hosted by other groups, such as HUD or the homeless coalition, to maximize training resources and training availability.

AHFC will hold application workshops and grant management workshops based on need as identified through the respective programs. The workshops may cover application processes and technical criteria such as design, energy efficiency, environmental review, Davis-Bacon, fair housing, section 504, and other HUD or AHFC requirements. AHFC may also elect to host grant management training for new or less regular grantees. In addition, AHFC may provide manuals, technical assistance, and templates to develop institutional structure.

The State of Alaska will hold a series of application workshops and management workshops for awarded grantees each year. The workshops will cover specific environmental review, civil rights, Davis-Bacon and other CDBG program requirements. Limited state-funded technical assistance may be offered to municipality personnel, which may include scholarship opportunities for attendance at regularly scheduled application and grant management workshops. In addition the state will provide manuals and technical assistance.

Actions planned to enhance coordination between public and private housing and social service agencies.

The State of Alaska hosts its own trainings by contracting with housing professionals and leveraging a wealth of in-house knowledge and experience. AHFC participates in all Project Homeless Connect events and supports the Alaska Coalition on Housing and Homelessness, which integrates members from private and public agencies

AP-90 Program Specific Requirements – 91.320(k)(1,2,3)

Introduction:

Community Development Block Grant Program (CDBG)

Reference 24 CFR 91.320(k)(1)

The State will consider funding only those projects that meet the first national objective. The overall mission of the State’s CDBG program is to enhance the quality of life for LMI persons, particularly in rural Alaska. The CDBG program fulfills this mission by emphasizing the following objectives during the selection process:

- Potential for long-term positive impact and increase in community self-sufficiency
- Reduction of clear and imminent threats, and conditions detrimental to the health and safety of local residents
- Construction and improvement of public facilities and the reduction of maintenance and operation costs

- Development and use of design, engineering, architectural, or feasibility plans as appropriate
- Economic development – including business development, job creation, planning, and special projects
- Evidence of strong local support, i.e., inclusion in a local community, economic, or capital improvement plan
- Use of local resources in combination with CDBG funding

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed	\$0.00
2. The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee's strategic plan	\$0.00
3. The amount of surplus funds from urban renewal settlements	\$0.00
4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan	\$0.00
5. The amount of income from float-funded activities	\$0.00
Total Program Income:	\$0.00

Other CDBG Requirements

1. The amount of urgent need activities: \$0

HOME Investment Partnership Program (HOME)

Reference 24 CFR 91.320(k)(2)

1. **A description of other forms of investment being used beyond those identified in Section 92.205 is as follows:** No other forms of investments will be used by the HOME program
2. **A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:**

- a. Resale Model

The HDP resale model requires that when a homeowner sells their home, he or she sells it for a restricted price to a low income household (80% below the median income). HDP funds up to \$40,000 may be provided in assistance. HOP funds can only be used for down payment and closing cost assistance in a project assisted with HDP funds. Interest buy downs are not an eligible cost.

- b. Recapture Model

Under the recapture model the first \$10,000 in direct assistance is provided as a forgivable loan. Direct assistance is defined as the difference between the market value and sales price of the home in addition to any HOME assistance. For every year the homeowner continues to own the home and make it his or her primary residence, the loan will be forgiven by a maximum of \$2,000, or twenty percent (20%) of the loan, whichever is less. Any remaining HDP assistance provided will be secured against the home as a loan with zero percent (0%) interest, repayable at the time the homebuyer no longer owns the property. If the homeowner fails to meet the primary residency requirement during the affordability period, the full amount of assistance is due and owing. The recapture provisions will be triggered by a sale prior to the completion of the affordability period. The amount subject to recapture is the total amount of direct assistance less the prorated amount of the first \$10,000 forgiven per the terms described above plus any amounts that are not forgiven.

- c. In the case of a sale (voluntary or otherwise) the maximum amount of funds subject to recapture is limited to whatever net proceeds (if any) are available. The homeowner must show that the appraised value of the home is not sufficient to pay off the HOME loan(s) in addition to any other lien in superior position, and standard and customary seller's closing costs. Net proceeds are calculated by the sales price less any non-HOME loans or repayments less closing costs.

3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:

Please see Appendix F for a more complete description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds according to 24 CFR 92.254(a)(4).

4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:

AHFC has no plans to refinance existing debt for SFY2020 for the Balance of State.

Emergency Solutions Grant (ESG) Reference 91.320(k)(3)

Written standards for providing ESG assistance

The Emergency Solutions Grant (ESG) program operates under the Interim Rule issued December 5, 2011. In addition to administrative activities, ESG funds may be used for five program components: street outreach, emergency shelter, homeless prevention, rapid re-housing assistance and HMIS.

The ESG regulations restrict the use of funds for emergency shelter or street outreach activities to 60 percent of the recipient's fiscal year grant. The remaining 40 percent of the annual allocation must be used for homeless prevention, rapid re-housing, or HMIS activities.

To qualify for ESG assistance, program participants must meet the definitions of "homeless" or "at risk of homelessness" described in 24 CFR 2. Program participants in the "at-risk of homelessness" category must also have incomes below 30% of area median income to qualify for ESG assistance. In addition to documenting client eligibility, agencies providing rental assistance are required to inspect all units to document compliance with HUD's habitability standards and to execute a written rental assistance payment agreement with the landlord.

Written Standards

In recognition of the large geographic area covered in the Alaska CoC geography and the varying needs and conditions of local communities, Alaska is adopting the provision outlined in 24 CFR 576.400(e)(2)(i)(B) that enables states to require each sub-recipient to establish their own written

standards for providing ESG assistance and apply them consistently within the sub-recipient's program. This approach is consistent with the guiding principles of the Alaska HCD Plan, which supports the use of local strategies for determining unmet needs and targeting of resources. All requirements for written standards and policies will be incorporated in the grant agreement issued to the sub-recipient, including the following:

- a) Standard policies and procedures for evaluating individuals and families' eligibility for assistance under Emergency Solutions Grant (ESG).
- b) Policies and procedures for coordination among emergency shelter providers, essential service providers, homeless prevention and rapid re-housing assistance providers, other homeless assistance providers and mainstream service and housing providers.
- c) The sub-recipient will incorporate into their ESG policies and procedures, by reference, existing cooperative agreements they have in place with the local Public Housing agency, the Indian Housing Agency, the domestic violence shelter, the Dept. of Public Assistance (TANF), and the community behavioral health center.
- d) Policies and procedures, consistent with CoC-adopted guidelines, for determining and prioritizing which eligible families and individuals will receive homeless prevention assistance and which eligible families and individuals will receive rapid re-housing assistance.
- e) Standards, consistent with CoC-adopted guidelines, for determining the share of rent and utility costs that each program participant must pay, if any, while receiving homeless prevention or rapid re-housing assistance.
- f) Standards for determining how long a particular program participant will be provided with rental assistance and whether and how the amount of that assistance will be adjusted over time. Due to the amount of funding available to Alaska, assistance is likely to be limited to no more than 12 months. Adjustments to rental assistance in the event of changes in income will be addressed in a manner similar to the local housing authority for consistency and preparation of the program participant to transfer to a longer term program should the opportunity arise.
- g) Standards for determining the type, amount, and duration of housing stabilization and/or relocation services to provide a program participant, including the limits, if any, on the homeless prevention or rapid re-housing assistance that each program participant may receive, such as the maximum amount of assistance; or the maximum number of times the program participant may receive assistance.

Due to funding limitations, the only housing stabilization service anticipated is case management. The sub-recipient will revise their written policies to incorporate the requirement for program participants to meet with their case manager at least monthly while receiving ESG assistance.

If the Continuum of Care has established centralized or coordinated assessment system that meets HUD requirements, describe that centralized or coordinated assessment system.

Through extensive coordination with State partners, active engagement with community leaders, and guidance from HUD technical assistance advisors, the CoC has adopted policies and procedures to govern the coordinated entry process. The CoC continues to engage with all partners to fully implement a coordinated entry system within the large, diverse geography of the Alaska Balance of State.

Process for making sub-awards and describe how the ESG allocation available to private nonprofit organizations (including community and faith-based organizations).

ESG funds will be awarded on a competitive basis to units of local government and non-profit organizations. Applications are received annually, in response to a Notice of Funding Availability (NOFA).

Applicants for ESG funding now use an online application system that affords them an equal opportunity to submit within the same timeframe regardless of their remote location or transportation challenges. Most agencies applying for ESG funding are returning grantees seeking funding to continue their services into the next program year. Following the lead of the CoC process, past performance in achieving service projections and housing stability constitutes a significant portion of the ranking factors each year. If the applicant is not a returning grantee, they must provide a narrative explanation for 1) how they developed their service projections, 2) what they will do to monitor and report on housing retention, and 3) the applicant's experience and capability to serve homeless persons and meet all of the regulatory and administrative requirements.

Another ranking factor is relationship of their proposed activities to achieving the goals of state & local homeless plans. Other ranking factors include local progress toward a centralized or coordinated assessment system, incorporation of the Opening Doors Federal Homeless plan, the extent to which efforts are made to link program participants to mainstream resources, policies and procedures for prioritizing the delivery of homeless services and the degree to which each budget line item requested is thoroughly explained. Bonus points for small, rural communities are also part of the rating criteria. Points are also deducted for repeated findings for the same infraction.

With the exception of the narrative answers, AHFC has converted to an objective scoring system. Applications from agencies that did not receive funding in the prior year will be forwarded to a Project Evaluation Committee (PEC) to assign points to any subjective (narrative) sections of the application. The PEC will primarily be recruited from members of the CoC Decision Making Group that do not have a conflict of interest.

Due to the small amount of ESG funds that are allocated to Alaska each year and the documented high need among shelters for operating assistance, the State will award the maximum amount of its allocation for that purpose. The remaining amount will be awarded to projects that proposed a financially feasible medium-term rental assistance program to prevent homelessness or rapidly re-house those who have been displaced.

Homeless participation requirement (not applicable to states)

Performance standards for evaluating ESG.

Consistent with HUD/CoC performance measures and Alaska's Plan to End Long Term Homelessness, the following standards will be used to evaluate ESG activities (and source to determine performance):

Emergency Shelters: Utilization rate of at least 65% (Source: AHAR)

Rapid Re-Housing: 6+ months housing stability rate at least 82% (Source: HMIS/Provider reports)

Homeless Prevention: 90-day housing retention rate of at least 80% (Source: Provider reports).

APPENDIX A

HOME Unexpended Funds by Fiscal Year As of February 20, 2019

APPENDIX B

Alaska's Plan to End Long-term Homelessness

Alaska's Plan to End Long Term Homelessness 2018 Progress Report

The Alaska Council on the Homeless adopted *Alaska's Plan to End Long Term Homelessness* (Plan) in October 2015. The Plan is designed as a framework for communities to utilize in their local planning efforts around issues of homelessness. It is organized around five priorities; housing development, supportive services, education, engagement and policy, and data. Within each priority are recommended strategies for communities and state agencies to guide progress in addressing a specific priority.

This progress report covers the Plan from July 1, 2017 – June 30, 2018 with accomplishments reported by communities and state agencies, including the Department of Health and Social Services (DHSS), Department of Education and Early Development (DEED), Alaska Housing Finance Corporation (AHFC), and the Alaska Mental Health Trust Authority (AMHTA).

Priority 1: Housing Development: *Every Alaskan should have access to an affordable, accommodating, and safe place to call home.*

Strategy: Expand Housing Options (Construction/Rehab/Rental Assistance)

- AHFC's Greater Opportunities for Affordable Living (GOAL) program provided funding to construct 160 rental units for low-income Alaskans. Of those units, 30 percent were set-aside for homeless or disabled Alaskans.
- Valley Residential Services (VRS) is expanding affordable housing in Mat-Su Valley through GOAL funding. Vista Rose opened 36 new units of affordable senior housing in September. VRS also broke ground on Whispering Winds, which will provide an additional 42 units of senior housing when completed.
- AHFC provided 80 Sponsor-Based Rental Assistance HUD vouchers to serve vulnerable populations in Anchorage.
- AHFC combined several funding sources to provide a Special Purpose GOAL Round to develop Permanent Supported Housing programs in Alaska. Projects were selected in Mat-Su and Juneau and will begin construction in 2019 and 2020.

Strategy: Increase Pool of Operating Support to Preserve Existing Housing Stock

- AMHTA and AHFC provided operating support to assist 293 households in permanent housing across the state through the Special Needs Housing Grant Program.
- Mat-Su Health Foundation provided \$100,000 in funding through Valley Charities to support programs serving homeless and at-risk adults in Mat-Su.

Strategy: Increase Number of Units Available to Priority Populations

- The Returning Home Program, a partnership between AHFC and DOC, supports 96 families per month through rental assistance for returning citizens released from incarceration.

- Moving Home, a partnership between DHSS and AHFC, provided rental assistance for 150 families per month transitioning into housing from homelessness or institutional settings.
- AHFC and DHSS Office of Children's Services provided rental assistance to 20 youth, aged 18-24, per month transitioning out of foster care.
- AHFC's Empowering Choice Housing Program which provides rental assistance to families displaced due to domestic violence and sexual assault supported 185 families per month.
- Veteran's Affairs Supportive Housing (VASH) program, administered by AHFC and the Veteran's Administration supplied 286 rental assistance vouchers for veterans experiencing homelessness per month.
- Anchorage finalized the Youth Homelessness Demonstration Project with grantees increasing host home options for LGBTQ youth (Choosing our Roots and NeighborWorks Alaska), 8 permanent supporting housing beds for young adults (Volunteers of America), increasing capacity for 40-50 rapid rehousing beds for youth and youth adults (Covenant House) and increasing related permanency navigation services (Covenant House).
- Path to Independence is a partnership between Weidner Apartment Homes and Cook Inlet Housing Authority to provide 40 housing units for families experiencing homelessness. The program requires work-able adults to seek employment or vocational training.

Additional Accomplishments

- Fairbanks North Star Borough (FSNB) and Eielson Air Force Base are preparing for two squadrons of F35s that includes 1,474 families expected to arrive over the next two years. A task force has been created to address construction of up to 532 new units in a community with harsh winter conditions and without uniform building codes.
- My Place is a Rapid Re-Housing program resulting from a collaboration between Alaska Mental Health Trust Authority (AMHTA), City of Fairbanks, Fairbanks Housing & Homeless Coalition, and eight local agencies. The project is housed at Fairbanks Rescue Mission and is expected to support 40 families through coordinated entry.
- Juneau's Forget-me-Not Manor opened October of 2017, providing 32 beds of supported housing for those with alcohol abuse challenges. Fundraising for Phase II is under way and would provide an additional 32 rooms.
- The City and Borough of Juneau supported a Cold Weather Emergency Shelter from December 1, 2017 to April 15, 2018. The shelter was run by Glory Hall and AWARE, and provided 30 beds on nights when temperatures fell below freezing.
- Southeast Alaska Independent Living (SAIL) received \$15,000 from the Juneau Community Foundation to upgrade a residence in Juneau Village so that elders with hearing loss, vision loss and mobility impacts could age in place.

- Juneau Community Foundation HOPE funds were used to prevent homelessness for 90 households; 61 received prevention assistance, 29 received placement assistance.
- No Limits supports citizens returning from DOC custody in Fairbanks. In FY18, No Limits increased street outreach/prison in-reach and supportive services through federal grant funding and received SFY19 Continuum of Care funding to develop the Home Free Permanent Supportive Housing (PSH) program. Additionally, No Limits has recently enacted sober living at Prosperity House to assist tenants struggling with addiction.
- Love In the Name of Christ (Love INC) launched Loving Families, a housing solution for families experiencing homelessness in Fairbanks, late last year. The program connects families with housing, financial, and spiritual support. Families in the program stay in participating churches for one week at a time with the goal of securing permanent housing within 90 days of enrollment. All five families were successfully housed in under 90 days through the help of 484 volunteers providing over 7,234 volunteer hours. The families completed 462.5 hours of case management and 246.5 hours of education.

Priority 2: Supportive Services: Individuals and families experiencing or at-risk of homelessness should have access to all eligible services and supports.

Strategy: Increase Funding and Sources of Supportive Services in Underserved Areas

- AMHTA, DOC and AHFC administer the Discharge Incentive Grant Program that provides housing placement and services support to individuals re-entering the community.
- Juneau Alliance for Mental Health (JAMHI) received an AMHTA grant for \$100,000 to improve participation in Medicaid-funded services and improved response to clients in crisis.
- Juneau's medical respite provided temporary housing for clients unable to recover in a shelter environment. The program had a budget of \$3,000 last year, which will increase to \$10,000 through additional funding from Bartlett Regional Hospital.
- JAMHI operated a health care clinic for case management, behavioral health, and primary care services in coordination with Juneau Housing First Collaborative which operates Forget Me Not Manor providing 32 permanent housing units for chronically homeless individuals. Additional funds from the Juneau Community Foundation supports the program.
- Alaska Family Services in Mat-Su has obtained funding to provide case management and behavioral health services to our low-income individuals and families who may also be experiencing domestic violence.
- Mat-Su Health Foundation is funding a full-time case manager to work with returning citizens through the Mat-Su Reentry Coalition, a program supported by the Mat-Su Coalition on Homeless and Housing.

Strategy: Increase Income and Employment Opportunities for Persons in Transition

- Breadline Inc.'s Stone's Throw is a 12-week, two-tier training program supported by AMHTA, Rasmuson Foundation, Tanana Chiefs Conference, Department of Labor, Division of Vocational Rehabilitation and Adult Learning Programs of Alaska. Stone's Throw serves people experiencing homelessness and near homelessness.
- The City and Borough of Juneau is committing \$9,000 to a contract administered by the Glory Hole that assists with sidewalk and street clean-up.
- Mat-Su Coalition on Homelessness and Housing has partnered with Mat-Su Job Center to provide a trained staff person to work with homeless individuals referred by coalition partners.

Strategy: Increase Outreach Services

- Juneau Community Foundation granted \$72,000 for homeless navigator programs at Zach Gordon Youth and Saint Vincent de Paul.
- Municipality of Anchorage established a Mobile Intervention Team, housed within the Police and Fire department, to provide services and outreach to high vulnerability clients in Anchorage. MIT conducts camp outreach and operates Anchorage's coordinated entry.

Strategy: Maintain and/or Expand Emergency Lodging Options as Needed

- AHFC and the AMHTA supported 17 emergency shelters statewide through the Basic Homeless Assistance Program.
- Juneau established a 28-bed seasonal low-barrier cold weather shelter, which opened December 1, 2017 and closed April 15, 2018. 158 individuals were served across 715 bed nights.
- Anchorage's Emergency Cold Weather Shelter program continued to provide shelter for up to 24 families per night from October to May through the support of 9 churches and numerous volunteers. The shelter program resumed in October of 2018.

Additional Accomplishments

- Fairbanks Rescue Mission provides outreach at homeless encampments weekly. The Fairbanks Native Association (FNA) Street Outreach & Advocacy Program (SOAP), Fairbanks Youth Advocates (FYA), Bright Futures, and the school district all have youth outreach services.
- Angels In Motion (AIM) is a group of community members that engage people experiencing homelessness in downtown Fairbanks. AIM has built considerable rapport with many people struggling with housing barriers and has partnered with Fairbanks Housing & Homeless Coalition (FHHC) to connect people with resources.
- The AMHTA provided funding for a culinary training program in Fairbanks and Anchorage modeled after the Catalyst Kitchen which is a social enterprise model working to provide training and employment opportunities for chronically homeless individuals.

- The AMHTA provided funding to the YWCA to develop and provide an ongoing economic literacy program to educate individuals on budgeting and support them to better understand their personal financial circumstances.
- The AMHTA provided funding to Anchorage Community Mental Health Services to develop and implement their supported employment vocational program for transitional aged youth and adults.
- The AMHTA and the Division of Vocational Rehab have partnered to provide startup funds to more than 10 agencies across the state to provide pre-employment services to ensure individuals have the skills and resources needed to seek and become employed.
- New partnerships were created in Anchorage to provide emergency shelter beds for youth and single adults during the winter months when existing shelters were at capacity.
- MY House, Knik House, and Pacific Northwest Adult and Teen Challenge have added emergency housing beds to their programs in the Mat-Su Valley.
- The AMHTA supported efforts to increase the number of certified benefits counselors throughout the state and developed an interactive website, DB101, so individuals can generate a customized benefits analysis.

Priority 3: Education, Engagement, and Policy: *Community and statewide education, engagement, and policy efforts among stakeholders and interested parties is central to addressing issues of homelessness.*

Strategy: Landlord Engagement, Education, and Support

- The Municipality of Anchorage, Anchorage Coalition to End Homelessness, and the United Way of Anchorage, launched Anchorage's first landlord liaison program designed to engage and educate landlords to increase the available pool of rental units for all agencies in Anchorage.
- The AMHTA provided financial support for Alaska Legal Services to deliver Fair Housing Advocacy and Education throughout Alaska.
- The Mat-Su Coalition on Housing and Homelessness hosted a Landlord Appreciation Luncheon to thank landlords and property managers who partner with the coalition to support homeless and special needs populations.
- The Salvation Army, Restore Inc., Interior Alaska Center for Non-Violent Living, and a number of local veteran's services are actively engaging and recruiting landlords to participate in voucher driven housing programs in Fairbanks.

Strategy: Encourage Housing Policy at the Local Level

- The City and Borough of Juneau Assembly included \$45,000 in the FY2019 budget to fund consultant studies on the most efficient delivery of behavioral health care and

addiction services. Another \$45,000 is anticipated in the FY2020 budget. These studies are designed to improved success for scattered site supported housing.

- The AMHTA continues to support Municipality of Anchorage, City of Fairbanks and City and Borough of Juneau Homeless Coordinator Positions within the Mayor's office to lead efforts to reduce homelessness. A new Rural Housing Coordinator position is being developed to support communities across the state.
- The Municipality of Anchorage has invested in the Mobile Intervention Team and hired a Chief Housing Officer in addition to a Housing and Homeless Coordinator. The muni is partnering with AMHTA, Rasmuson Foundation and other partners in the Anchorage Homeless Community Leadership Council to develop the Anchored Home plan to address housing shortages across multiple populations.

Strategy: Support Local Housing Organizations to Coordinate Planning Services and Reporting

- The AMHTA and AHFC support the Alaska Coalition on Housing and Homelessness Executive Director Position to provide statewide education, engagement, and policy efforts on issues of housing and homelessness.
- The DHSS and the AMHTA support the Anchorage Coalition to End Homelessness Director Position to further community efforts to address issues of homelessness.
- In January of 2018, the Alaska Coalition on Housing and Homelessness adopted policies for a statewide coordinated entry system that began actively referring clients in fall of 2018. The system provides a uniform evaluation tool that prioritizes the most vulnerable of residents and refers them to housing resources both within their community and in other areas of the state.

Priority 4: Prevention: *Prevention support is essential to mitigating episodes of homelessness.*

Strategy: Eliminate Discharge to Homeless Shelters and the Streets from State Institutions

- The Brother Francis Shelter in Anchorage continues to operate a respite care program for clients newly discharged from medical treatment which provides space for clients to recuperate from acute physical ailments or injury on a short-term basis. The program opened in April of 2017 and the 80 percent of the pilot program participants did not return to homelessness after entering the program.
- Emergency shelters in Fairbanks are developing programs to eliminate discharge from the shelters into episodes of homelessness. The Fairbanks Rescue Mission has the My Place RRH program and the Joshua Community, a sober living housing project. IACNVL has a Transitional Housing (TH) program, two Permanent Supportive Housing (PSH) programs, and is developing a third PSH. The Door has been exploring youth specific TH and RRH programs.
- Juneau's Tlingit & Haida Regional Council is proposing modification of their downtown Harbor Hotel into reentrant housing open to all men without sex offenses. The proposal is to house 12-15 individuals in a sober living environment.

- The Mat-Su Homeless Assistance Program leveraged state and federal grant funds to help 1,885 clients remain in housing or find new housing during FY18. Of these 50% were having difficulty due to lack of employment or low income, 27% were dealing with health or safety issues, and 16% were facing loss of a roommate or spouse.
- The funds assisted 333 with partial rent payments, 285 with utility payment assistance (this helped avoid shut-offs and evictions), and 25 were helped with paying for transitional housing rent.
- Seven agencies: Alaska Family Services, Blood-N-Fire Ministries, Daybreak, Inc, Family Promise Mat-Su, MY House, Salvation Army of Mat-Su, and Valley Charities, Inc share the responsibility of serving clients with the HAP grant funds. They offer many services along with homeless prevention.
- Gastineau Human Services established a 10-bed residence for men participating in long-term treatment of substance use disorders and co-occurring mental illness in 2017. This program was expanded at the end of FY2018 to offer two sober-living apartments for individuals who have completed long-term treatment but are unable to secure housing in the community that is supportive of their continued recovery.

Strategy: Improve Outreach and Linkages to Housing Resources and Services

- The AMHTA in partnership with the DOC provided support for Re-Entry Coalitions in Fairbanks, Mat-Su, Anchorage, and Juneau to develop and implement a gap analysis and needs assessment to create a comprehensive plan for reducing recidivism and ensuring service supports are available.
- DOC updated their inmate database to include a homeless screen, which will help identify and track individuals in need of housing and will increase the coordination of care services prior to release into the community.

Strategy: Maintain Centralized Pool of Prevention Resources

- Over 1,800 households were provided prevention assistance by 24 organizations statewide through AHFC's Basic Homeless Assistance Program in partnership with the AMHTA.
- The Juneau Coalition on Housing and Homelessness, in coordination with partner agencies, maintains a centralized pool of prevention resources from state and local funding sources.
- Brother Francis Shelter in Kodiak serves as the centralized location for prevention resources for their community with approximately 96% of Kodiak's prevention resources administered through that organization.

Additional Accomplishments

- Annually, communities throughout the state conduct a Project Homeless Connect event which connects persons experiencing homelessness or at-risk of homelessness with service providers.

- The DHSS supported the CHOICES Assertive Community Action (ACT) team in Anchorage to provide multi-disciplinary support for 44 homeless adults with serious mental illness and/or co-occurring serious mental illness and substance use disorders.
- The DHSS supported RurAL CAP's Intensive Case Management Program which provides outreach, case management, and other supports for homeless individuals experiencing serious substance disorders. Twenty-one individuals have formally been enrolled in services and an additional 29 individuals have received outreach services through this program.
- Providence Health and Services has partnered with the Municipality of Anchorage, United Way, and the Anchorage Coalition to End Homelessness to provide support for coordinated entry transition coordinators, a case manager, and outreach support.
- The Seward Peninsula Housing Coalition is a newly developing housing coalition that brings together local non-profits, the regional housing authority, and local tribes to collaboratively address housing issues in the region.
- In December 2017, the Fairbanks Housing & Homeless Coalition (FHHC) hosted the Fairbanks Symposium on Homelessness. The symposium connected over 200 local stakeholders, local government, state/federal agencies, funders, and leading national experts to discuss the need and ability of the community to create an RRH program. The symposium was the catalyst that led to ten organizations collaborating on and establishing the My Place RRH program.

: Data: Timely and accurate data is essential to making housing and homeless policy decisions.

Strategy: Expand Homeless Service Provider HMIS Coverage

- Statewide HMIS participation has more than doubled since 2015 and maintains an "A" grade for data completeness. AKCH2 is working with the Alaska Council on Domestic Violence and Sexual Assault to transition DV providers to the Domestic Violence Information System (DVIMS), a VAWA compliant database equivalent to the HMIS system.

Strategy: Develop Strategies for Gathering Homeless Data from Organizations Not Connected to HMIS

- The DEED gathers information from school districts throughout the state to generate a yearly report on homeless children and youth.
- The Alaska Coalition on Housing and Homelessness, Anchorage Coalition to End Homelessness, and AHFC continue to gather homeless data from organizations not connected to the system through the annual Point-in-Time Count and Housing Inventory Chart.
- The Alaska Coalition on Housing and Homelessness is working with Association of Alaska Housing Authorities (AAHA) to increase tribal participation in the annual Point in

Time count. In addition, AKCH2 Board is reviewing changes in shelter and homelessness definitions to capture rural Alaska's severe overcrowding crisis.

Strategy: Coordinate Community Prevention Services

- Community prevention services are coordinated in some communities through AHFC's Basic Homeless Assistance Program.
- United Way, with support from AHFC, operates 211 and 211.org as a statewide service to link community members with immediate resources such as cold-weather shelters, or homeless prevention supports such as utility assistance. 211 is also an entry point for clients to access the coordinated entry system for the purposes of assessment and referral.

APPENDIX E

Public Comments

According to the State's Citizen Participation Plan, and as part of the outreach effort to promote citizen participation in the Annual Action Plan planning process, Alaska Housing Finance Corporation (AHFC) held two public hearings, and solicited comments from citizens throughout the state.

On March 1, 2019, AHFC released the draft of AAP for SFY 2020 to gain public input into the development of this Plan. It was published on the AHFC website and remained available for public comment until close of business on April 3, 2019.

AHFC conducted public hearings on March 6 and March 20, 2019 at the AHFC main office in Anchorage, Alaska. Prior to each of the hearings, electronic notifications were sent to 1,168 recipients and published in the newspaper.

During the public hearings, AHFC provided an overview of the consolidated planning process and the programs it covers; a description of the current HOME, ESG, NHTF, and CDBG programs. No comments were received at either of the hearings. The hearings were teleconferenced statewide and were transcribed. Their transcripts are attached to this AAP in Appendix D.

Below is a short summary of all written comments received during the public comment period and AHFC's reply to them. Copies of original comments are attached to this Appendix E.

Summary of comments from the Alaska Institute for Justice (AIJ):

AHFC received written comments from AIJ, and, in response to their request, on April 29, 2019, AHFC staff conducted a meeting with Ms. Robin Bronen, J.D., Ph.D., AIJ Executive Director, and Kate Glover, AIJ Government Relations Specialist. The main points discussed in the written comments and in the meeting were focused on the housing needs of environmentally threatened communities and included, but were not limited to the following aspects.

AIJ asked AHFC to amend the Draft Annual Action Plan to:

- I. Recognize housing for low and moderate income residents of environmentally-threatened communities as a priority in the *Draft Annual Action Plan*.
- II. Commit AHFC's expertise and funding to assist environmentally threatened communities. AIJ requested that AHFC commit in the Annual Action Plan to:
 1. develop a plan for environmentally-threatened communities to finance affordable housing for community relocations; and
 2. specifically allocate funding for the purpose of relocating threatened homes and constructing new homes for relocating communities.
- III. Remove policy barriers to the development of housing in environmentally threatened communities.

Further, AIJ emphasized specific points:

- I. Overcrowding in rural communities is a facet of homelessness and it is recognized by AHFC¹.
- II. 31 Alaska Native villages are imminently threatened by flooding and erosion². At least 12 of them were considering relocating entirely or in part. It is necessary to recognize their housing needs on State and Federal level and in this Plan.
- III. AIJ requests that AHFC specifically recognizes, as one of the “points” discussed on page 5 of the *Draft Annual Action Plan*, the lack of affordable and available housing to those at risk of homelessness in environmentally threatened communities.
- IV. The existing housing framework is not sufficient because it requires communities to piecemeal funding to build one-two homes at a time.
- V. AHFC shall add goals, targets, and outcome indicators that require the construction of a specific number of homes for environmentally threatened communities.
- IV. AHFC shall help to identify and advocate for resolving AHFC and non-AHFC created barriers like:
 1. the requirement for proposed housing to be placed in close proximity to public services and facilities, which is difficult to achieve for those just starting their relocation.
 2. some grants available through FEMA and the USDA include time frames that are difficult to meet in rural Alaska;
 3. providing funding to “only those communities with the highest administrative capabilities” creates limitations. AHFC should provide outreach and meaningful training to those communities effected by this barrier.
- V. AIJ has knowledge and experience working with environmentally threatened communities and would be glad to assist AHFC in working with these communities.

Conclusion:

“AIJ requests that AHFC amends its *Draft Annual Action Plan* to recognize this housing crisis, set out a priority focused on assisting these communities in their efforts to relocate homes or construct new ones, and allocate funding, technical assistance, and training to assist these communities”³.

AHFC Response to the comments from the Alaska Institute for Justice (AIJ):

AHFC thanks AIJ for their participation and thoughtful comments, following which, AHFC included recognition of housing needs of the environmentally threatened communities on page 5 of this Plan.

Through the THHP program along, AHFC funded housing developments in 17 environmentally threatened communities during the time from 2003 to present⁴.

¹ AHFC, *Rural Overcrowding: A Different View of Homelessness* (Nov. 15, 2018), available at <https://www.ahfc.us/newsroom/news/news-archive-2018/rural-overcrowding-different-view-homelessness>.

² GAO Report No. 09-551, *Alaska Native Villages: Limited Progress Has Been Made on Relocating Villages Threatened by Flooding and Erosion* at 12, available at <https://www.gao.gov/new.items/d09551.pdf>

³See attached letter from AIJ titled *Re: Comments: Consolidated Housing and Community Development Plan for the State of Alaska: “DRAFT” Annual Action Plan, State Fiscal Year 2020 (Federal Fiscal Year 2019)*, April 3, 2019, page 5

⁴Complete information and a map of THHP funded projects are available at <https://www.ahfc.us/homelessness/development-grants/thhp> and https://www.ahfc.us/application/files/9115/5061/8899/thhp_project_summary_021919.pdf

AHFC will push forward with efforts to assist housing needs of environmentally threatened communities through the utilization of existing and the exploring of new programs, all subject to legislative approvals and appropriations.

As a part of this effort, AHFC will consider giving additional scoring points for housing proposals in environmentally threatened communities and assist with outreach and educational efforts. Additionally, AHFC will share with FEMA and USDA information about unique seasonal barriers to meeting required timelines in our rural communities.

Summary of written comments from the Anchorage Coalition to End Homelessness (ACEH):

AHFC has long shown commitment and support for homeless services over the years and ACEH asks that AHFC continue to dedicate consistent resources to this critical work.

The budget shows a \$4.95 million cut from programs that help prevent homelessness (Home Energy Rebates and Weatherization Assistance), removal of over \$8 million from FY19 to FY20 in direct homeless services (HAP and SNHG).

The elimination of HAP and SNHG funded programs would result in more unsheltered homelessness, food insecurity, and a surge in the utilization of expensive emergency services. The proposed budget threatens the HUD Continuum of Care match required to bring in federal HUD dollars statewide. The AHFC match supports the only paid employee for the Alaska Coalition on Housing and Homelessness, Homeless Management Information System (HMIS), partial financing of the two critical positions within ACEH, and 27 programs across the State.

The proposed cuts will ultimately result in state and municipal governments incurring greater costs through the elimination of prevention and early intervention services.

AHFC Response to Comments from the Anchorage Coalition to End Homelessness:

AHFC thanks the Anchorage Coalition to End Homelessness for their participation and comments. AHFC will continue to support homeless programs and services to the extent the budget determined by legislature allows. AHFC's dedicated Homeless Program Manager works on finding solutions to complex problems related to homelessness.

ASSURANCES - CONSTRUCTION PROGRAMS

OMB Number: 4040-0009
 Expiration Date: 02/28/2022

Public reporting burden for this collection of information is estimated to average 15 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0042), Washington, DC 20503.

PLEASE DO NOT RETURN YOUR COMPLETED FORM TO THE OFFICE OF MANAGEMENT AND BUDGET. SEND IT TO THE ADDRESS PROVIDED BY THE SPONSORING AGENCY.

NOTE: Certain of these assurances may not be applicable to your project or program. If you have questions, please contact the Awarding Agency. Further, certain Federal assistance awarding agencies may require applicants to certify to additional assurances. If such is the case, you will be notified.

As the duly authorized representative of the applicant, I certify that the applicant:

1. Has the legal authority to apply for Federal assistance, and the institutional, managerial and financial capability (including funds sufficient to pay the non-Federal share of project costs) to ensure proper planning, management and completion of project described in this application.
2. Will give the awarding agency, the Comptroller General of the United States and, if appropriate, the State, the right to examine all records, books, papers, or documents related to the assistance; and will establish a proper accounting system in accordance with generally accepted accounting standards or agency directives.
3. Will not dispose of, modify the use of, or change the terms of the real property title or other interest in the site and facilities without permission and instructions from the awarding agency. Will record the Federal awarding agency directives and will include a covenant in the title of real property acquired in whole or in part with Federal assistance funds to assure non-discrimination during the useful life of the project.
4. Will comply with the requirements of the assistance awarding agency with regard to the drafting, review and approval of construction plans and specifications.
5. Will provide and maintain competent and adequate engineering supervision at the construction site to ensure that the complete work conforms with the approved plans and specifications and will furnish progressive reports and such other information as may be required by the assistance awarding agency or State.
6. Will initiate and complete the work within the applicable time frame after receipt of approval of the awarding agency.
7. Will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain.
8. Will comply with the Intergovernmental Personnel Act of 1970 (42 U.S.C. §§4728-4763) relating to prescribed standards of merit systems for programs funded under one of the 19 statutes or regulations specified in Appendix A of OPM's Standards for a Merit System of Personnel Administration (5 C.F.R. 900, Subpart F).
9. Will comply with the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. §§4801 et seq.) which prohibits the use of lead-based paint in construction or rehabilitation of residence structures.
10. Will comply with all Federal statutes relating to non-discrimination. These include but are not limited to: (a) Title VI of the Civil Rights Act of 1964 (P.L. 88-352) which prohibits discrimination on the basis of race, color or national origin; (b) Title IX of the Education Amendments of 1972, as amended (20 U.S.C. §§1681 1683, and 1685-1686), which prohibits discrimination on the basis of sex; (c) Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. §794), which prohibits discrimination on the basis of handicaps; (d) the Age Discrimination Act of 1975, as amended (42 U.S.C. §§6101-6107), which prohibits discrimination on the basis of age; (e) the Drug Abuse Office and Treatment Act of 1972 (P.L. 92-255), as amended relating to nondiscrimination on the basis of drug abuse; (f) the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act of 1970 (P.L. 91-616), as amended, relating to nondiscrimination on the basis of alcohol abuse or alcoholism; (g) §§523 and 527 of the Public Health Service Act of 1912 (42 U.S.C. §§290 dd-3 and 290 ee 3), as amended, relating to confidentiality of alcohol and drug abuse patient records; (h) Title VIII of the Civil Rights Act of 1968 (42 U.S.C. §§3601 et seq.), as amended, relating to nondiscrimination in the sale, rental or financing of housing; (i) any other nondiscrimination provisions in the specific statute(s) under which application for Federal assistance is being made; and (j) the requirements of any other nondiscrimination statute(s) which may apply to the application.

11. Will comply, or has already complied, with the requirements of Titles II and III of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (P.L. 91-646) which provide for fair and equitable treatment of persons displaced or whose property is acquired as a result of Federal and federally-assisted programs. These requirements apply to all interests in real property acquired for project purposes regardless of Federal participation in purchases.
12. Will comply with the provisions of the Hatch Act (5 U.S.C. §§1501-1508 and 7324-7328) which limit the political activities of employees whose principal employment activities are funded in whole or in part with Federal funds.
13. Will comply, as applicable, with the provisions of the Davis-Bacon Act (40 U.S.C. §§276a to 276a-7), the Copeland Act (40 U.S.C. §276c and 18 U.S.C. §874), and the Contract Work Hours and Safety Standards Act (40 U.S.C. §§327-333) regarding labor standards for federally-assisted construction subagreements.
14. Will comply with flood insurance purchase requirements of Section 102(a) of the Flood Disaster Protection Act of 1973 (P.L. 93-234) which requires recipients in a special flood hazard area to participate in the program and to purchase flood insurance if the total cost of insurable construction and acquisition is \$10,000 or more.
15. Will comply with environmental standards which may be prescribed pursuant to the following: (a) institution of environmental quality control measures under the National Environmental Policy Act of 1969 (P.L. 91-190) and Executive Order (EO) 11514; (b) notification of violating facilities pursuant to EO 11738; (c) protection of wetlands pursuant to EO 11990; (d) evaluation of flood hazards in floodplains in accordance with EO 11988; (e) assurance of project consistency with the approved State management program developed under the Coastal Zone Management Act of 1972 (16 U.S.C. §§1451 et seq.); (f) conformity of Federal actions to State (Clean Air) implementation Plans under Section 176(c) of the Clean Air Act of 1955, as amended (42 U.S.C. §§7401 et seq.); (g) protection of underground sources of drinking water under the Safe Drinking Water Act of 1974, as amended (P.L. 93-523); and, (h) protection of endangered species under the Endangered Species Act of 1973, as amended (P.L. 93-205).
16. Will comply with the Wild and Scenic Rivers Act of 1968 (16 U.S.C. §§1271 et seq.) related to protecting components or potential components of the national wild and scenic rivers system.
17. Will assist the awarding agency in assuring compliance with Section 106 of the National Historic Preservation Act of 1966, as amended (16 U.S.C. §470), EO 11593 (identification and protection of historic properties), and the Archaeological and Historic Preservation Act of 1974 (16 U.S.C. §§469a-1 et seq).
18. Will cause to be performed the required financial and compliance audits in accordance with the Single Audit Act Amendments of 1996 and OMB Circular No. A-133, "Audits of States, Local Governments, and Non-Profit Organizations."
19. Will comply with all applicable requirements of all other Federal laws, executive orders, regulations, and policies governing this program.
20. Will comply with the requirements of Section 106(g) of the Trafficking Victims Protection Act (TVPA) of 2000, as amended (22 U.S.C. 7104) which prohibits grant award recipients or a sub-recipient from (1) Engaging in severe forms of trafficking in persons during the period of time that the award is in effect (2) Procuring a commercial sex act during the period of time that the award is in effect or (3) Using forced labor in the performance of the award or subawards under the award.

SIGNATURE OF AUTHORIZED CERTIFYING OFFICIAL 	TITLE Executive Director
APPLICANT ORGANIZATION State of Alaska/Alaska Housing Finance Corporation	DATE SUBMITTED May 17, 2019

STATE CERTIFICATIONS

In accordance with the applicable statutes and the regulations governing the consolidated plan regulations, the State certifies that:

Affirmatively Further Fair Housing -- The State will affirmatively further fair housing, which means it will conduct an analysis of impediments to fair housing choice within the state, take appropriate actions to overcome the effects of any impediments identified through that analysis, and maintain records reflecting that analysis and actions in this regard.

Anti-displacement and Relocation Plan -- It will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, and implementing regulations at 49 CFR 24; and it has in effect and is following a residential anti-displacement and relocation assistance plan required under section 104(d) of the Housing and Community Development Act of 1974, as amended, in connection with any activity assisted with funding under the CDBG or HOME programs.

Anti-Lobbying -- To the best of the State's knowledge and belief:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;
2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; and
3. It will require that the language of paragraphs 1 and 2 of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts

under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

Authority of State -- The submission of the consolidated plan is authorized under State law and the State possesses the legal authority to carry out the programs under the consolidated plan for which it is seeking funding, in accordance with applicable HUD regulations.

Consistency with plan -- The housing activities to be undertaken with CDBG, HOME, ESG, and HOPWA funds are consistent with the strategic plan.

Section 3 -- It will comply with section 3 of the Housing and Urban Development Act of 1968, and implementing regulations at 24 CFR Part 135.

Specific HOME Certifications

The State certifies that:

Tenant Based Rental Assistance -- If it intends to provide tenant-based rental assistance:

The use of HOME funds for tenant-based rental assistance is an essential element of the State's consolidated plan.

Eligible Activities and Costs -- It is using and will use HOME funds for eligible activities and costs, as described in 24 CFR § 92.205 through §92.209 and that it is not using and will not use HOME funds for prohibited activities, as described in §92.214.

Appropriate Financial Assistance -- Before committing any funds to a project, the State or its recipients will evaluate the project in accordance with the guidelines that it adopts for this purpose and will not invest any more HOME funds in combination with other Federal assistance than is necessary to provide affordable housing;

Title

ESG Certifications

Each State that seeks funding under the Emergency Solutions Grants Program must provide the following certifications:

Matching Funds – The State will obtain any matching amounts required under 24 CFR 576.201 in a manner so that its subrecipients that are least capable of providing matching amounts receive the benefit of the exception under 24 CFR 576.201(a)(2).

Discharge Policy – The State will establish and implement, to the maximum extent practicable and where appropriate, policies and protocols for the discharge of persons from publicly funded institutions or systems of care (such as health care facilities, mental health facilities, foster care or other youth facilities, or correction programs and institutions) in order to prevent this discharge from immediately resulting in homelessness for these persons.

Confidentiality – The State will develop and implement procedures to ensure the confidentiality of records pertaining to any individual provided family violence prevention or treatment services under any project assisted under the ESG program, including protection against the release of the address or location of any family violence shelter project, except with the written authorization of the person responsible for the operation of that shelter.

The State will ensure that its subrecipients comply with the following criteria:

Major rehabilitation/conversion – If an emergency shelter's rehabilitation costs exceed 75 percent of the value of the building before rehabilitation, the building will be maintained as a shelter for homeless individuals and families for a minimum of 10 years after the date the building is first occupied by a homeless individual or family after the completed rehabilitation. If the cost to convert a building into an emergency shelter exceeds 75 percent of the value of the building after conversion, the building will be maintained as a shelter for homeless individuals and families for a minimum of 10 years after the date the building is first occupied by a homeless individual or family after the completed conversion. In all other cases where ESG funds are used for renovation, the building will be maintained as a shelter for homeless individuals and families for a minimum of 3 years after the date the building is first occupied by a homeless individual or family after the completed renovation.

Essential Services and Operating Costs – If ESG funds are used for shelter operations or essential services related to street outreach or emergency shelter, the subrecipient will provide services or shelter to homeless individuals and families for the period during which the ESG assistance is provided, without regard to a particular site or structure, so long the applicant serves the same type of persons (e.g., families with children, unaccompanied youth, veterans, disabled individuals, or victims of domestic violence) or persons in the same geographic area.

Renovation – Any renovation carried out with ESG assistance shall be sufficient to ensure that the building involved is safe and sanitary.

Supportive Services – The subrecipient will assist homeless individuals in obtaining permanent housing, appropriate supportive services (including medical and mental health treatment, counseling, supervision, and other services essential for achieving independent living), and other Federal State, local, and private assistance available for such individuals.

Homeless Persons Involvement – To the maximum extent practicable, the subrecipient will involve, through employment, volunteer services, or otherwise, homeless individuals and families in constructing, renovating, maintaining, and operating facilities, in providing services assisted under the ESG program, and in providing services for occupants of facilities assisted ESG.

Consolidated Plan – All activities the subrecipient undertakes with assistance under ESG are consistent with the State’s current HUD-approved consolidated plan.

Title

APPENDIX TO CERTIFICATIONS

INSTRUCTIONS CONCERNING LOBBYING REQUIREMENTS:

A. Lobbying Certification

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

APPENDIX F

Below is a description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds according to 24 CFR 92.254(a)(4) are as follows. The application for funding gives applicants the option to choose between the two methods at the time of application for funding.

HOME Resale Model

The resale model requires that when a homeowner sells their home, he or she sells it for a restricted price to a low income household (80% below the median income). HOME funds up to \$40,000 may be provided in assistance. HOP funds can only be used for down payment and closing cost assistance in a project assisted with HOME funds. Interest buy downs are not an eligible cost.

When using the resale method, the original HOME-assisted buyer must receive a fair return on investment if the property is sold during the period of affordability. A fair return on investment is calculated as shown in Resale Methodology demonstrated below.

Capital improvements are permanent structural improvements or restoration of some aspect of the property that will either enhance the property's overall value or increases its useful life. Capital improvements have to last for more than one year and add value to the home, prolong its life, or adapt it to new uses. The improvements must still be evident when the home is being sold. Repairs and maintenance items are not considered capital improvements. Repairs return something to its original condition and are done to maintain a home's good condition without adding value or prolonging its life (e.g., painting, fixing sagging gutters).

Capital improvements that are no longer a part of the home or that have reached their useful life will not be included when determining the fair return on investment.

The value of capital improvements will be based on the actual costs of improvements as demonstrated by the homeowner's receipts.

It is important to note that if the house depreciates in value, the original homebuyer may not receive a return on his or her investment because the home sold for less or the same price as the original purchase price. In addition, a homeowner's return on investment is limited by the amount of the market appreciation.

Housing under the resale provision must remain affordable to a reasonable range of low-income homebuyers. Low-income households between 30 to 80 percent of area median incomes are considered to be within the reasonable range of borrowers that should be targeted for the subsequent purchase of units utilizing the resale method. A household's monthly PITI payments must be at least 23% of the borrower's monthly income as qualified by the primary Lender and in no circumstances exceed 40%. If funding is available and the homebuyer is eligible, HOP assistance may be used to assist the subsequent low-income borrower.

For purposes of the HOME program, acceptable HOME projects using the resale option must include the following features:

1. HOME restrictions must remain in place for the minimum period affordability. The resale affordability period will be determined by amount of direct development assistance provided under the HOME in addition to any HOP assistance provided to the original homebuyer. The affordability period is based on the amount of assistance and is as follows:

Less than \$15,000	5 years
\$15,000 to \$40,000	10 years
More than \$40,000	15 years

For example, a unit may receive \$40,000 in HOME development subsidy and \$10,000 in down payment assistance from the HOP program. The total HOME assistance is \$50,000 and the affordability period is 15 years. All subsequent homebuyers for 15 years will need to be eighty percent (80%) below the median income.

2. An assistance agreement with the original homebuyer and all subsequent homebuyers must be established based on the affordability period.
3. In the event that the original homebuyer sells the home and the subsequent homebuyer receives HOP assistance the resale period restarts, based on the amount of new HOP assistance received. For example, the original homebuyer received \$50,000 in HOME assistance (development subsidy + down payment assistance) and the affordability period was 15 years. The homebuyer sold the home after owning it for 5 years and the new homebuyer received \$10,000 in HOP assistance. The affordability period would restart at time of sale and would now be 5 years.
4. A sample ground lease for the property must be approved by AHFC before any assistance will be approved. The lease must specify the grantees first right of refusal, the homeowner's maximum share of appreciation, resale formula, and other restrictions required by 24 CFR Part 92.
5. The resale formula may allow the homeowner to realize a maximum of 50 percent of the home's (market) appreciation. Increased home value due to the homeowner's capital investment in the home may be retained in full by the homeowner.
6. The remaining (market) appreciation (at least 50 percent) must be factored into the resale formula to reduce the home's subsequent sales price, making the home increasingly more affordable over the lease period.
7. The grantee must agree to exercise a first right of refusal in any subsequent sales of the home.

8. The grantee must agree to verify incomes of the original homebuyer and any subsequent homebuyers, and provide documentation of income verification to AHFC during the affordability period.

RESALE FORMULA

The Maximum Sales Price is the maximum amount the homeowner may receive when selling the property to a low-income household. The Maximum Sales Price shall be the lesser of the current appraised value at the time of sale or the price determined by the following formula:

Homeowner's Purchase Price [see step (a)]
 \$ _____
 Plus Appreciation Due to Homeowner Capital Improvements
 + _____
 Plus Homeowner's Share of Pro-Rated Market Appreciation
 [see step (e)]
 + _____
 Equals Maximum Sales Price:
 \$ _____

- (a) Determining Homeowner's Purchase Price: Homeowner and Grantee agree that the Homeowner's Purchase Price is calculated as follows:

Total Initial Sales Price:
 \$ _____
 Less any grant or subsidy assistance provided to Homeowner
 to assist in the purchase of the home
 \$ _____
 Equals Homeowner's Purchase Price:
 \$ _____

The Initial Sales Price for any subsequent owner shall be the sales price of the property at the time of that owner's purchase. The Homeowner's Purchase Price shall be recalculated using the formula above at the time of that owner's purchase, and may be recorded as an amendment to this agreement at the time of that subsequent sale.

- (b) Determining Market Appreciation: At the time of sale by Homeowner the Market Appreciation is calculated as follows:

Current Appraised Value	
\$ _____	
Less Initial Appraised Value [see step (c)]	-

Less Appreciation Due to Homeowner Capital Improvements	-

Equals the Market Appreciation

\$ _____

(c) Determining Initial Appraised Value: Homeowner and Grantee agree that at the time Homeowner purchased the property, the Initial Appraised Value of the property was \$[Input Initial Appraised Value]. The initial appraised value for any subsequent owner shall be the appraised value of the property at the time of that owner's purchase, and such amount may be recorded as an amendment to this agreement at the time of that subsequent sale.

(d) Prorating the Homeowner's Investment as part of Market Appreciation

To preserve the public subsidy that helped to make possible this affordable homeownership opportunity, it is necessary to determine the ratio of public subsidy and private investment that contributed to the Market Appreciation. The ratio is calculated by comparing Homeowner's Purchase Price to the Initial Appraised Value. Appreciation is then prorated by this ratio. Following is a step-by-step approach for calculating Prorated Appreciation.

Homeowner's Purchase Price [see step (a)]
\$ _____
Divided by Initial Appraised Value [see step (c)]
/ _____
Times Market Appreciation [see step (b)]
x _____
Equals Prorated Appreciation
\$ _____

(e) Determining Homeowner's Share of Prorated Market Appreciation:

The Homeowner's Share of Appreciation shall be determined by multiplying the Market Appreciation by the 50% (fifty percent). Following is a step-by-step approach for calculating Homeowner's Share of Appreciation:

Prorated Appreciation [see step (d)]
\$ _____
Multiplied by the Shared Appreciation Factor
x _____ .50
Equals Homeowner's Share of Prorated Market Appreciation
(if amount is negative, enter 0)
x _____

F. HOME Recapture Model

Under the recapture model the first \$10,000 in direct assistance is provided as a forgivable loan. Direct assistance is defined as the difference between the market value and sales price of the home in addition to any HOME assistance. For every year the homeowner continues to own the home and make it his or her primary residence, the loan will be forgiven by a maximum of \$2,000, or twenty percent (20%) of the loan, whichever is less.

Any remaining HOME assistance provided will be secured against the home as a loan with zero percent (0%) interest, repayable at the time the homebuyer no longer owns the property. If the homeowner fails to meet the primary residency requirement during the affordability period, the full amount of assistance is due and owing.

The recapture provisions will be triggered by a sale prior to the completion of the affordability period. The amount subject to recapture is the total amount of direct assistance less the prorated amount of the first \$10,000 forgiven per the terms described above plus any amounts that are not forgiven.

In the case of a sale (voluntary or otherwise) the maximum amount of funds subject to recapture is limited to whatever net proceeds (if any) are available. The homeowner must show that the appraised value of the home is not sufficient to pay off the HOME loan(s) in addition to any other lien in superior position, and standard and customary seller's closing costs. Net proceeds are calculated by the sales price less any non-HOME loans or repayments less closing costs.

STATE CERTIFICATIONS

In accordance with the applicable statutes and the regulations governing the consolidated plan regulations, the State certifies that:

Affirmatively Further Fair Housing -- The State will affirmatively further fair housing.

Uniform Relocation Act and Anti-displacement and Relocation Plan -- It will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, (42 U.S.C. 4601-4655) and implementing regulations at 49 CFR Part 24. It has in effect and is following a residential anti-displacement and relocation assistance plan required under 24 CFR Part 42 in connection with any activity assisted with funding under the Community Development Block Grant or HOME programs.

Anti-Lobbying --To the best of the State's knowledge and belief:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;
2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; and
3. It will require that the language of paragraphs 1 and 2 of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

Authority of State -- The submission of the consolidated plan is authorized under State law and the State possesses the legal authority to carry out the programs under the consolidated plan for which it is seeking funding, in accordance with applicable HUD regulations.

Consistency with plan -- The housing activities to be undertaken with Community Development Block Grant, HOME, Emergency Solutions Grant, and Housing Opportunities for Persons With AIDS funds are consistent with the strategic plan in the State's consolidated plan.

Section 3 -- It will comply with section 3 of the Housing and Urban Development Act of 1968 (12 U.S.C. 1701u) and implementing regulations at 24 CFR Part 135.

Specific Community Development Block Grant Certifications

The State certifies that:

Citizen Participation -- It is following a detailed citizen participation plan that satisfies the requirements of 24 CFR §91.115 and each unit of general local government that receives assistance from the State is following a detailed citizen participation plan that satisfies the requirements of 24 CFR §570.486.

Consultation with Local Governments --

1. It has consulted with affected units of local government in the nonentitlement area of the State in determining the method of distribution of funding;
2. It engages in or will engage in planning for community development activities;
3. It provides or will provide technical assistance to units of local government in connection with community development programs; and
4. It will not refuse to distribute funds to any unit of general local government on the basis of the particular eligible activity selected by the unit of general local government to meet its community development needs, except that a State is not prevented from establishing priorities in distributing funding on the basis of the activities selected.

Local Needs Identification – It will require each unit of general local government to be funded to identify its community development and housing needs, including the needs of low-income and moderate-income families, and the activities to be undertaken to meet these needs.

Community Development Plan -- Its consolidated plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that have been developed in accordance with the primary objective of the CDBG program (i.e., the development of viable urban communities, by providing decent housing and expanding economic opportunities, primarily for persons of low and moderate income) and requirements of 24 CFR Parts 91 and 570.

Use of Funds -- It has complied with the following criteria:

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low and moderate income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include activities which the grantee certifies are designed to meet other community development needs having particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available.
2. Overall Benefit. In the aggregate, not less than 70 percent of the CDBG funds, including Section 108 guaranteed loans, received by the State during the following fiscal year(s) 2019-2020 [a period designated by the State of one, two, or three specific consecutive fiscal year(s)] will be used for activities that benefit persons of low and moderate income.

3. Special Assessments. It will not attempt to recover any capital costs of public improvements assisted with CDBG Funds, including Section 108 loan guaranteed funds, by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

In addition, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force -- It will require units of general local government that receive CDBG funds to certify that they have adopted and are enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction.

Compliance with Anti-discrimination laws -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d) and the Fair Housing Act (42 U.S.C. 3601-3619) and implementing regulations.

Compliance with Laws -- It will comply with applicable laws.

APPENDIX H

Emergency Solutions Grant (ESG)

Reference 91.320(k)(3)

Written standards for providing ESG assistance

The Emergency Solutions Grant (ESG) program operates under the Interim Rule issued December 5, 2011. In addition to administrative activities, ESG funds may be used for five program components: street outreach, emergency shelter, homeless prevention, rapid re-housing assistance and Homeless Management Information Systems (HMIS).

The ESG regulations restrict the use of funds for emergency shelter or street outreach activities up to 60 percent of the recipient's fiscal year grant. The remaining 40 percent of the annual allocation must be used for homeless prevention, rapid re-housing, or HMIS activities.

To qualify for ESG assistance, program participants must meet the definitions of "homeless" or "at risk of homelessness" described in 24 CFR 576.2. Program participants in the "at-risk of homelessness" category must also have incomes below 30% of area median income to qualify for ESG assistance. In addition to documenting client eligibility, agencies providing rental assistance are now required to inspect all units to document compliance with HUD's habitability standards and to execute a written rental assistance payment agreement with the landlord.

Written Standards

In recognition of the large geographic area covered in the Alaska CoC geography and the varying needs and conditions of local communities, Alaska is adopting the provision outlined in 24 CFR 576.400(e)(2)(i)(B) that enables states to require each sub-recipient to establish their own written standards for providing ESG assistance and apply them consistently within the sub-recipient's program. This approach is consistent with the guiding principles of the Alaska HCD Plan which supports the use of local strategies for determining unmet needs and targeting of resources. All requirements for written standards and policies will be incorporated in the grant agreement issued to the sub-recipient, including the following:

- a) Standard policies and procedures for evaluating individuals' and families' eligibility for assistance under Emergency Solutions Grant (ESG).
- b) Standards for targeting and providing essential services related to street outreach;

- c) Policies and procedures for admission, diversion, referral and discharge by emergency shelters including standards regarding length of stay, if any, and safeguards to meet the safety and shelter needs of special populations;
 - i. such as victims of domestic violence, dating violence, sexual assault, and stalking; and
 - ii. individuals and families who have the highest barriers to housing and are likely to be homeless the longest.
- d) Policies and procedures for assessing, prioritizing, and reassessing individuals' and families' needs for essential services related to emergency shelter.
- e) Policies and procedures for coordination among emergency shelter providers, essential service providers, homeless prevention and rapid re-housing assistance providers, other homeless assistance providers and mainstream service and housing providers.
- f) The sub-recipient will incorporate into their ESG policies and procedures, by reference, existing cooperative agreements they have in place with the local Public Housing agency, the Indian Housing Agency, the domestic violence shelter, the Dept. of Public Assistance (TANF), and the community behavioral health center.
- g) Policies and procedures, consistent with CoC-adopted guidelines for participation in coordinated entry, including determining and prioritizing which eligible families and individuals will receive homeless prevention assistance and which eligible families and individuals will receive rapid re-housing assistance.
- h) Standards, consistent with CoC-adopted guidelines, for determining the share of rent and utility costs that each program participant must pay, if any, while receiving homeless prevention or rapid re-housing assistance.
- i) Standards for determining how long a particular program participant will be provided with rental assistance and whether and how the amount of that assistance will be adjusted over time. Due to the amount of funding available to Alaska, assistance is likely to be limited to no more than 12 months. Adjustments to rental assistance in the event of changes in income will be addressed in a manner similar to the local housing authority for consistency and preparation of the program participant to transfer to a longer-term program should the opportunity arise.
- j) Standards for determining the type, amount, and duration of housing stabilization and/or relocation services to provide a program participant, including the limits, if any, on the homeless prevention or rapid re-housing assistance that each program participant may receive, such as the maximum amount of assistance; or the maximum number of times the program participant may receive assistance.

Due to funding limitations, the only housing stabilization service anticipated is case management. The sub-recipient will revise their written policies to incorporate the requirement for program participants to meet with their case manager at least monthly while receiving ESG assistance.

If the Continuum of Care has established centralized or coordinated assessment system that meets HUD requirements, describe that centralized or coordinated assessment system.

The BoS CoC, identified geographically as the entire state of Alaska, excluding the Anchorage municipality operates a singular coordinated entry system (CES) and also collaborates with the Anchorage system through a shared HMIS database. In order to reach individuals who are least likely to apply for homelessness assistance, the balance of state implemented a telephonic assessment protocol which allows any individual to call an access point and be assessed using the common assessment tool (VI-SPDAT). United Way's 2-1-1 phone line also makes referrals to the CES. Clients indicate which community they would prefer services as many Alaskans reside in communities with little to no homeless intervention agencies. All year-round and seasonal shelters participate in the BoS CES and assess individuals using the common assessment tool and make referrals to the CES. The CoC also advertises the CES via the internet (webpage/emails/social media), radio, television, and with flyers posted in known locations where vulnerable individuals gather.

The BoS CES prioritizes housing referrals for the most vulnerable individuals based on VI-SPDAT, chronic homeless status, and length of time homeless for all housing intervention types. Local designated lead agencies manage referrals from the CES to quickly access the community prioritization list when beds become available. If a client refuses a referral, the CES case conferencing team meets to plan a successful housing path for the individual. The CoC CES Committee monitors successful referral rates and the length of time individuals remain on the list to identify where additional resources are needed and where system improvements can be made.

Process for making sub-awards and describe how the ESG allocation available to private nonprofit organizations (including community and faith-based organizations).

Applicants for ESG funding now use an online application system that affords them an equal opportunity to submit within the same timeframe regardless of their remote location or transportation challenges. Agencies applying for ESG funding are most likely returning grantees seeking funding to continue their services into the next program year. Following the lead of the CoC process, past performance in achieving service projections and housing stability constitutes a significant portion of the ranking factors each year. If the applicant is not a returning grantee, they must provide a narrative explanation for 1) how they developed their service projections, 2) what they will do to monitor and report on housing retention, and 3) the applicant's experience and capability to serve homeless persons and meet all of the regulatory and administrative requirements.

Applicants must align their proposed activities with the goals of state & local homeless plans. The program narrative includes questions about participation in the coordinated entry and assessment process, incorporation of the Opening Doors Federal Homeless plan, linking program participants to mainstream resources, policies and procedures for prioritizing the delivery of homeless services that incorporate best practices and detailed budget narratives.

Due to the small amount of ESG funds that are allocated to Alaska each year and the documented high need among shelters for operating assistance, the State will award the maximum amount of its allocation for that purpose. The remaining amount will be awarded to projects that proposed a financially feasible medium-term rental assistance program to prevent homelessness or rapidly re-house those who have been displaced.

If the jurisdiction is unable to meet the homeless participation requirement in 24 CFR 576.405(a), the jurisdiction must specify its plan for reaching out to and consulting with homeless or formerly homeless individuals in considering policies and funding decisions regarding facilities and services funded under ESG.

Homeless participation requirement (not applicable to states)

Performance standards for evaluating ESG.

Consistent with HUD/CoC performance measures and Alaska's 10-Year Plan to End Long Term Homelessness, the following standards will be used to evaluate ESG activities (and source to determine performance):

Emergency Shelters: Utilization rate of at least 65% (Source: AHAR)

Rapid Re-Housing: 6+ months housing stability rate at least 82% (Source: HMIS/Provider reports)

Homeless Prevention: 90-day housing retention rate of at least 80% (Source: Provider reports).
