

National Housing Trust Fund

Wisconsin Allocation Plan

June 17, 2016

WHEDA

Governor Scott Walker has designated the Wisconsin Housing & Economic Development Authority (WHEDA) to be the administrator of the National Housing Trust Fund (HTF) program in Wisconsin.

The HTF was created by the Housing & Economic Recovery Act of 2008, and was designed to provide additional resources to construct and rehabilitate housing for Extremely Low-Income (ELI) families across the nation. The first funding awards through the HTF will be made later this year – of the \$173.6 million available nationwide, \$3,004,558 has been allocated to the State of Wisconsin. It is expected that each state will receive an allocation of HTF funds annually.

Below is the proposed HTF Allocation Plan for the 2016 funding cycle. WHEDA reserves the right to make modifications to this proposal as new guidance is provided by the U.S Department of Housing and Urban Development (HUD). Additionally, should HUD change the allocation of HTF funds to Wisconsin the State reserves the right to proportionately modify the plan.

A. HTF Funding Priorities*

Will the State distribute HTF funds through grants to subgrantees?

- WHEDA does not intend to distribute HTF funds to subgrantees

Will the State distribute funds by selecting applications submitted by eligible recipients?

- WHEDA intends to distribute funds by selecting applications submitted by eligible recipients
- Eligibility requirements for applicants
 - Nonprofit or for-profit entities
 - Housing Authorities
 - Tribal Housing Authorities
- Criteria that will be used to select applications and the relative importance of these criteria

 - Properties located in the Transform Milwaukee Area
 - Properties located in a High Need Area as defined in the WHEDA Qualified Allocation Plan for the Low Income Housing Tax Credit program which can be found at <https://www.wheda.com/LIHTC/Allocating/>
 - Properties located in an area meeting the Rural Set-Aside definition for the Low Income Housing Tax Credit program:

C. Performance Goals and Benchmarks

- In the 2016 cycle, WHEDA intends to provide HTF resources to create or rehabilitate 100 rental units for households at or below 30% of County Median Income*
- The income determination may be updated at a later date upon further HUD guidance.
- WHEDA will perform monitoring or require regular reporting to ensure program compliance

D. Maximum per-unit subsidy limit for housing assisted with HTF

WHEDA will utilize the per-unit subsidy limits for the HOME program for the HTF program

E. Rehabilitation Standards

For those properties using HTF resources for rehabilitation of existing housing, applicants must submit a Capital Needs Assessment (CNA) to document that the proposed rehab meets HUDs Uniform Physical Condition Standards (UPCS) and to bring all systems up to a reasonable useful life. If the useful life is not commensurate with the project's affordability period, the budget must show appropriate reserves for their replacement when needed.

The CNA must address immediate health and safety issues, the condition of major systems (such as structural support, roofing, and plumbing), and the presence of lead-based paint.

HTF recipients will be required to comply with, but not limited to Section 504 of the Rehabilitation Act, the Americans with Disabilities Act and the Fair Housing Act, state statutes, administrative and local building codes. In addition to federal requirements, the projects and programs must comply with the State's Environmental Barriers Act and the Wisconsin Accessibility Code.

Newly-constructed properties must minimally contain the following features:

1. Lever-style handles on all interior doors
2. Bath/kitchen faucets being replaced or initially installed must be single-lever type
3. Non-skid tub/shower pattern covering 75% of tub/shower floor
4. All walls within 36" of toilet and in tub/shower area shall have 3/4" plywood behind drywall to provide sufficient support for grab bars or other assist devices
5. Bathtub/shower stalls with offset controls
6. Low-profile thresholds – 1/4" maximum vertical height or 1/2" maximum beveled at 1:2 are required between ALL interior common areas and in all dwelling unit openings when floor transition height differs

WHEDA will not permit the permanent displacement of residents in properties receiving HTF resources. Temporary relocation of existing residents must comply with the Uniform Relocation Act

F. Resale and Recapture Guidelines for First-Time Homebuyers

WHEDA does not intend to use 2016 funding cycle resources for homebuyer activities

G. HTF Affordable Homeownership Limits

WHEDA does not intend to use 2016 funding cycle resources for homebuyer activities

 - As many applications will likely utilize 4% LIHTCs, the RFP response requirements may be constructed as an addendum to the 4% LIHTC application for those developments
 - WHEDA will require evidence that the HTF resources are required for financial feasibility
 - HTF awards are expected to be structured as subordinate loans to be re-paid from available cash flow. Interest rates on the loans will be at a below-market rate approximating the Applicable Federal Rate for the LIHTC program.
 - All application materials, policy documents, implementation materials will be found online at <https://www.wheda.com/Developers/National-Housing-Trust-Fund/>
